

Join us in working to end Human Trafficking!

Rotary Clubs of Minnesota are hosting a catalyst event to equip and mobilize our entire community to end human trafficking.

Human trafficking is modern day slavery. It enslaves millions of people. It is happening everywhere – all around the world and in our own communities.

Human trafficking can – and must - be stopped. It will take all of us to engage together in a coordinated and collaborative effort.

*As a key community leader,
we invite you to join us!*

Register
Now!

During this one-day Summit, we will:

- Learn about the state of human trafficking in Minnesota and what is needed to end it.
- Connect and collaborate with both local and national experts in the field.
- Participate in dynamic brainstorming and problem-solving sessions.
- Develop strategies to enhance existing efforts or create new ones.
- Identify ways Rotary clubs can support local efforts.

Join us to discover how *each of us* is uniquely positioned to help – and how, *together*, we can end human trafficking in Minnesota.

Cohorts:

Direct Service Providers

This session is designed for those already engaged in combating human trafficking in our community – as a nonprofit, agency, program, initiative, or other organization. Join this cohort for an in-depth conversation on the state of existing efforts, a strengths and gaps analysis, and ways to enhance collaboration to increase the impact of all.

Faith Communities

This session will highlight all the innovative ways that faith communities and their members can engage to make a difference. Join this cohort to explore ideas on how to enhance your existing programs, how to come alongside those already serving your community, or how to create something new to fill a gap.

Law Enforcement

This session is open only to law enforcement, judges, attorneys, legislators and agency representatives for a discussion on existing efforts, challenges, promising practices and strategies. This cohort will be facilitated by national law enforcement experts on human trafficking.

Educators

This session is designed to equip students, teachers, counselors and administrators. Join this cohort to learn about the resources, strategies, and solutions needed to effectively combat and prevent human trafficking within your schools.

Rotary Club Champions and Leaders

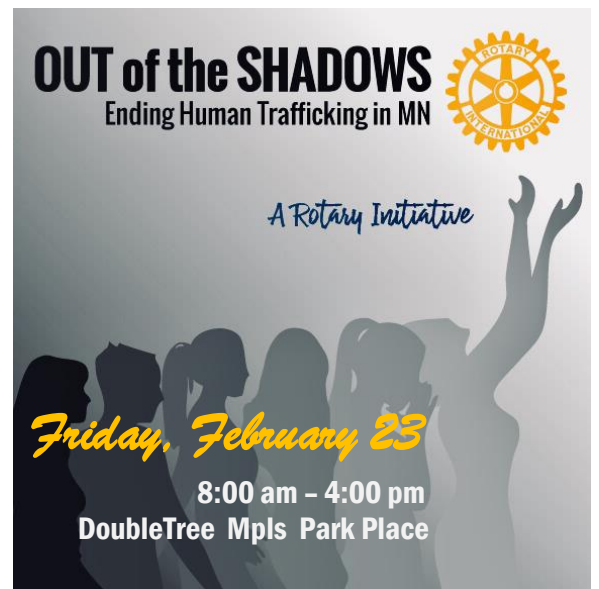

This afternoon session is designed just for Rotarians. Learn how human trafficking affects your communities and how you and your club can help support local programs and develop projects to engage club members in this initiative. (When registering, please select one of the other four cohorts to attend during the morning session to learn more about what's happening in your communities.)
