

# DG Discretionary Award

**Denver Rotary Club**  
**Jim Goddard President**

## **Governor's Discretionary Award** **The Rotary Club of Denver - Club 31**

Responding to my goal, that clubs significantly improve their Every Rotarian Every Year (EREY) percentage, The Denver Rotary Club developed a challenge involving the Rotary Club of San Diego. The winning club would have the highest EREY percentage by kickoff of the Chargers/Broncos game on October 31, 2014.

Not only did the Chargers loose but the Rotary Club of San Diego was trounced. The EREY percentage for the Denver Rotary club rose to 60% from last year's 14%. For their imagination and commitment to increasing our District's annual fund donations, it is my pleasure to present this Governor's Discretionary Award to Club 31, The Rotary Club of Denver, President James Goddard.
