

You are Invited to join the Littleton Rotary Club as a member of a *Work, Travel and Service Team* supporting **Common Hope in Guatemala**

February 25-March 3, 2024

Common Hope's comprehensive, holistic model addresses insufficiencies in education, health care, housing and family development that prevent children from attending and staying in school.

While in Guatemala, engage in various activities at the Common Hope project site and surrounding communities, including:

- Hands-on work in construction;
- Family visits with a Common Hope social worker in nearby villages;
- Volunteer experiences in different programs areas such as education, youth support, library, or daycare;
- Participation in a Day-in-the-Life experience in a family's home; and
- Cultural activity or tour on the weekend to enjoy the beauty and people of Guatemala
