

Scott Metcalf Award

Outstanding Club Project

Sponsored by Lakewood Foothills

**Water Bottle Refilling Stations
Boulder Doug Rutherford**

The Scott Metcalf Award was established by the *Lakewood Foothills Club*. It honors the memory of our Past District Governor, who depicted Rotary's motto "Service Above Self". The Award is presented for the best newly initiated service project in our district.

This year, the Boulder Rotary Club has been selected for their Reusable Water Bottle Refilling Station project chaired by Doug Rutherford.

Water filling station equipment has been placed in eight local schools impacting over 6,000 students, faculty and guests. They estimate that his project will save over 50,000 single use water bottles annually and the Rotary logo is displayed on each station.

Thank you Boulder Rotary for your Outstanding Club and Community Project!
