

The Ron Prascher District 5450 Young Rotarian Club Award is presented to the Club that is considered to have been most successful in accomplishing meaningful service projects, developing leadership skills, and maintaining strong student participation during the school year. The award, established in 2002, was to honor Ron Prascher, whose hard work and dedication was instrumental in developing the Interact Clubs in District 5450. The Young Rotary Club recognized for this honor will be selected by the District Interact Committee based on an evaluation of the information submitted by District Young Rotary Clubs in accordance with the general information and their nomination information. A plaque commemorating this award will be presented to its recipient.

Why should your Interact Club apply? Consider a different perspective on why your Young Rotary Club should apply for this outstanding award. First, the service that you have accomplished during the year should be celebrated and shared with others. To be considered for this award, the completed general information, an outline, and description of Young Rotary Club projects/accomplishments, as described below, must be completed, and submitted by August 1.

No late nominations will be accepted.
