What Is “Club Vision”?

Dynamic Management Tool

- Defines a shared commitment
- Provides long-term direction
- Creates a framework to establish goals and objectives
- Optimizes use of resources

Failing to plan = planning to fail

Why Is A Vision Needed?

- Tradition of annual cycles breaks continuity, consistency and consensus.
- Clubs end up “re-inventing the wheel” instead of moving forward.
- Vision keeps forward motion on critical issues.
- A Club with Vision “sees” the reality of today with the possibilities of tomorrow.

Start with the “End” in mind...
