The gift annuity rates are calculated to provide **attractive payments to the donor** and/or other annuitant(s) and also to result in a **significant portion of the contribution remaining for The Rotary Foundation.**

The annuity payments are a percentage of the value of the original gift and are based on age. Please see below for sample rates available for a single-life annuity and call (847) 866-3100 for customized rates.

Age 60	4.4%
Age 70	5.1%

Your charitable gift annuity is a mutual relationship with The Rotary Foundation.

When you contribute cash or appreciated securities to fund an annuity, The Rotary Foundation agrees to pay an annual fixed amount for the lifetime(s) of up to two annuitants. Your personal legacy is solidified when The Rotary Foundation's Endowment Fund becomes the ultimate beneficiary of your generosity.

Perry and Lonalee Berkowitz of the Rotary Club of Vestal, NY, were proud of their \$10,000 Bequest Society commitment for The Rotary Foundation.

They had always wished, however, they could make a large gift during their lifetimes so the obligation would not fall to their son, who is the executor of their will.

After learning about charitable gift annuities, They decided to fulfill their bequest commitment in 2006, when they were both 64. In addition to the charitable tax deduction of \$3,299 they took the year of the gift, they will continue to receive annual payments of \$560 for their lifetimes.

“When we worked the numbers, it turns out that if we live long enough, **the payments should equal the amount we originally donated,**” Dr. Berkowitz said. “It was a no-brainer.”

Their combined income was high in the years just prior to their retirement, but Dr. and Mrs. Berkowitz rely on the quarterly payment as an additional income now that both are retired.

Dr. and Mrs. Berkowitz, who became Rotary Foundation Major Donors with their charitable gift annuity, enjoy knowing their gift will benefit the world for generations to come. “The money in the Endowment Fund saves lives and continues to do that every year,” Dr. Berkowitz said. **“You are not going to solve the world’s problems in one step. You have to keep at it. The Endowment Fund allows that to happen.”**
