Once a year at the District Conference, Rotarians from all over the district come together to renew old acquaintances, share their stories and celebrate the satisfaction of providing Service Above Self.

This year we are taking the next step and asking clubs and local district businesses to join in our showcase to share with each other and the public, just what we do.

This is an effort to encourage all attendees to participate and contribute to the conference, if they wish. We all have a story to tell and we would love to hear your business story or your clubs' story.

Rotarians and businesses make up a varied and diverse cross section of the community. They are the infrastructure of the community and the services they provide and the products they produce....need to be Showcased. This is the District Rotary Business Showcase.

Every Club has a number of unique events they conduct to support their communities. Set up a display with banners and handouts and promote your clubs activities, and in the process, like Paul Harris (see below) you'll have fun and make new friends

Come along and see the Showcase or better yet, come and be in it. To reserve a site call the showcase chair, **Peter Sparks** on 6964 3818

The Rotary wheel is the logo and symbol of the long history of Rotary's close association with business and service providers, manufacturing and production.

The Showcase is a fine example of the continuation of the tradition.

Rotary sharing and fellowship are at the core of the origins of the organisation. Paul Harris envisioned bringing together professionals to capture in a club the same friendly spirit he had felt in the small towns of his youth. Paul would enjoy the Showcase.
