From our past RYLarians

"There is a magic about RYLA that words simply cannot describe. I would recommend the program not just to those looking to enter leadership positions, but to any young person with the energy, passion and drive to broaden their horizons."

"Loved every minute of it. The atmosphere was so positive and encouraging and I felt so comfortable to come out of my shell and put in 100%"

"Whatever expectations you think you have of RYLA right now, know that after you attend, they will be smashed! RYLA showed me that I can be a leader in so many ways, and impact so many people if I use the skills I have learned over this week to make positive change."

"It was brilliantly organised and made the most of the time we had. I couldn't thank the team, my mentor and my fellow RYLarians more. It was a week full of learning, bonding and fun!"
