OKAZARA SCHOOL RECEIVES BOOKS FROM ROTARIANS

ENCOURAGING READING CULTURE

In a bid to improve the reading culture and language fluency in rural schools, the Rotary Club of Arua Eco-city has donated 200 story and rhyme books to Okazara Primary School in Arivu sub-county, Arua district. The books were handed over to the school in the presence of the district chairperson over the weekend. Dr Concy Abalo, the basic education and literacy enhancement programme officer at the Rotary club said their intervention was aimed at encouraging the reading culture of the pupils. While handing over the books to the school administration, Alfred Okunzi, the Arua district chairperson, emphasised the need for pupils to consistently read the story books so as to improve their grasp of written English and encourage self-study. Robert Adiga captured moments at the event.
