

TERMS AND CONDITIONS FOR ROTARY FOUNDATION DISASTER RESPONSE GRANTS

Disaster response grants support relief and recovery efforts in areas that have been affected by natural disasters within the past six months. Grants of up to US\$25,000 are awarded by The Rotary Foundation to districts located in the affected area only. The funds can be used to provide basic items such as water, food, medicine, and clothing. Districts apply for the grants, manage the funds, and submit reports explaining how the funds were used. Clubs within the district can participate in implementing grant-funded activities.

The Rotary Foundation may modify these terms and conditions at any time to clarify them or to reflect policy changes. Changes made as of February 2025 include:

- Clarifying that grant funds cannot be used by or sent to another district (refer to section 3, Application Requirements)
- Explaining what happens to applications if funding is not available from the Disaster Response Fund, refer to section 3, Application Requirements)
- Adding information about returning grant funds to the Foundation (refer to section 7, Reporting Requirements)

You can find additional updates and resources at rotary.org/grants or ask for them from [Rotary grants staff](#).

- B. Cooperating organizations need to comply with all of the Foundation's reporting and auditing requirements and provide receipts and required proof of purchases.

- H. Final reports that document the disbursement of funds need to be submitted to the Foundation within six months after sponsors receive the payment, or within two months of the last grant money being disbursed. For grants paid to districts in Argentina and Brazil, receipts for all expenses must be submitted with reports.
- I. Districts need to report on the use of grant funds or return them to the Foundation if they aren't used. Refer to [Returning Grant Funds to The Rotary Foundation](#) for more information and instructions.
- J. If more than US\$1,000 of grant funds remain after all grant activities are completed, the Foundation needs to approve their use for additional eligible activities. If you cannot spend these funds as approved, you need to return them to The Rotary Foundation.
- K. If US\$1,000 or less of grant funds remain after all grant activities are completed, they may be used for activities that meet the disaster response grant eligibility requirements without preapproval from the Foundation. Remaining grant funds in any amount may not be spent on expenses that are not related to the disaster response grant.

3. India: All unused grant funds need to be returned.

8. CONFLICT OF INTEREST POLICY FOR GRANTS

- A. Ensuring integrity in Rotary Foundation grants requires that everyone involved avoid actual and perceived conflicts of interest.
- B. A conflict of interest occurs when someone is in a position to make or influence a decision about a grant that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.
- C. All actual or perceived conflicts of interest need to be disclosed to Rotary grants staff during the application process. If you're not sure whether a situation presents a conflict of interest, you should disclose it.
- D. The Rotary grants staff or the Trustees will determine whether a conflict of interest exists in a particular case. If they conclude that there is or has been a conflict of interest in a grant, the grants staff will recommend to the Trustees an appropriate remedy to protect the integrity of the grant process. Remedies may include removing a member from a grant committee, declining a grant application, canceling an approved grant, or suspending a particular member, club, district, or cooperating organization from participating in Rotary grants.
- E. Some people are not eligible for grants or to benefit from any Foundation grants. They include:
 1. Current Rotarians
 2. Employees of clubs, districts, other Rotary entities (as defined in section 1.040. of the [Rotary Code of Policies](#)), or Rotary International
 3. The spouses; children or grandchildren by blood, legal adoption, or marriage without adoption; the spouses of those children or grandchildren, or parents or grandparents by blood of people listed above; and employees of agencies, organizations, or institutions that partner with Rotary International or the Foundation
 4. Former Rotarians and people with the familial relationships to former Rotarians described above, for three years after their or their relative's membership ends
- F. Rotary members who serve on a club or district selection committee that is responsible for a grant-funded activity need to be completely transparent about their personal, family, or business relationships with any person or organization that would be affected by a potential Rotary grant. This includes, but is not limited to, any relationship with scholarship candidates, cooperating organizations, vendors, or other people or organizations that would benefit from the grant. Committee members need to notify the committee chair of any actual or perceived conflict of interest before the selection process begins, and the actual or potential conflict also needs to be disclosed in the grant application.
- G. Before a Rotary district, club, or member conducts business related to a grant-funded activity that involves a vendor being paid by a Rotary entity, a fair, transparent, and thorough request for proposals or a bidding process needs to be conducted to ensure that the best services are secured at a reasonable cost. Possible conflicts of interest may arise when a Rotary entity is considering business in which funds will be paid to a member, a provider of goods or services that is owned or managed by a member, an honorary member, or

the people listed above who are ineligible for Foundation grants.

- H. All grant transactions need to be reviewed to confirm that there is no conflict of interest with vendors or payment recipients, including, among others, partner nongovernmental organizations, providers of goods or services, insurance companies, shipping companies, and educational institutions. Vendors with conflicts of interest may be used if the vendor provides the best product or service at fair market cost, as evidenced by a sales quote or an offer obtained through a fair, transparent, and thorough bidding process.
- I. For more information on Rotary's Conflict of Interest Policy, please see section 30.040. of [The Rotary Foundation Code of Policies](#).

9. SPECIAL CONSIDERATIONS FOR INDIA

- A. In addition to the other terms and conditions, grants that are paid in full or in part to a district in India need to follow the payment and reporting procedures below to comply with Indian law and the Foreign Contribution Regulation Act (FCRA).
- B. For general information about FCRA, go to fcraonline.nic.in. An FCRA-registered district is responsible for furnishing an FC-4 return along with the financial statements to the Ministry of Home Affairs, New Delhi, in a timely manner.
- C. All grant payments will be sent to bank accounts opened specifically to receive funds in Indian rupees or to a district-controlled FCRA account. Grant funds will not be released to a bank account in India unless all general payment conditions listed below have been met. Either the staff needs to determine that enough funds are available from contributions made within India or the sponsors need to provide documentation showing that the bank account is registered under the FCRA. Otherwise, the payment will be placed in a queue and paid on a first-come, first-served basis only when more contributions (from within India) are made and enough funds are available. Grant sponsors need to ensure that funds received in an FCRA-registered bank account are not commingled with local funds. Funds won't be released until any payment contingencies have been met. Grant funds will be paid to the account provided by the grant sponsors.
- D. Progress reports on grant funds paid from Rotary Foundation (India) or the Rotary International South Asia office through 31 March are due by 31 May of the same year. Final reports are due two months after the project is completed. All progress reports need to meet all general reporting requirements as listed in section 7, Reporting Requirements. In addition, the grant sponsors need to:
 - 1. Submit a progress report electronically in the [Grant Center](#)
 - 2. Inform the South Asia office that the progress report has been filed
 - 3. Upload the utilization certificate if grant funds have been used, along with a statement of receipt and payment for the grant amount, certified by an independent chartered accountant (including that person's membership number and unique document identification number); the utilization certificate must say whether it was Rotary Foundation (India) or the South Asia office that paid the grant funds
 - 4. Upload the bank statement or passbook (or a photocopy certified by the bank manager or a chartered accountant)
 - 5. Upload all bills, invoices, and receipts in the [Grant Center](#)
- E. If for any reason the grant funds were not used, include an original bank statement or bank passbook (or a photocopy certified by the bank manager or a chartered accountant) indicating the date on which the grant

amount was credited and a statement explaining why the grant amount has not yet been used, even if it was received before March.

- F. Final reports need to meet all general reporting requirements listed in section 7, Reporting Requirements. In addition, the grant sponsors need to:
1. Submit a final report electronically in the [Grant Center](#)
 2. Inform the South Asia office that the final report has been submitted
 3. Upload the utilization certificate if grant funds have been used, along with a statement of receipt and payment for the grant amount, certified by an independent chartered accountant (including that person's membership number and unique document identification number); the utilization certificate must say whether it was Rotary Foundation (India) or the South Asia office that paid the grant funds
 4. Upload the bank statement or bank passbook (or a photocopy certified by the bank manager or a chartered accountant)
 5. Submit a bank reconciliation statement, if multiple grants were paid to a single Indian rupee or FCRA account
 6. Upload all bills, invoices, and receipts in the [Grant Center](#)
 7. Upload the undertaking that "all originals will be kept for a period of eight years and will be produced as and when required by Rotary Foundation (India) or the South Asia office" in the [Grant Center](#)
 8. Return all unused grant funds to the entity that paid the funds (Rotary Foundation (India) or the Rotary International South Asia office)
 9. Retain information about the people who benefited from the project, including photographs, newspaper clippings, and letters of appreciation, because it may be requested by Rotary Foundation (India) or the South Asia office

10. SPECIAL CONSIDERATIONS FOR THE PHILIPPINES

- A. In addition to the other terms and conditions, grants paid to a Rotary district or club in the Philippines require more documentation to comply with Philippine law.
- B. The Securities and Exchange Commission of the Philippines requires foundations to include supporting documents for all the projects that they have provided funding to when they file financial statements. You can find more information in Securities Regulation Code 68, as amended. To comply, grant sponsors need to get certification from any of these people or organizations in the area where they have jurisdiction:
1. Office of the Mayor, stamped with an office seal
 2. Head of the Department of Social Welfare and Development, stamped with an office seal
 3. Head of the Department of Health, stamped with an office seal
 4. Office of the Barangay Chairman, stamped with an office seal
