

## AVAILABLE INTERNATIONAL PROJECT FOR ROTARY CLUBS

### TROJES, HONDURAS SCHOOL PROGRAM WATER TREATMENT, SANITATION AND HYGIENE PROJECT

#### Sponsors:

ROTARY CLUB OF CORPUS CHRISTI, TEXAS and  
PURE WATER FOR THE WORLD (Agua Puro para el Mundo)

Water and Sanitation is one of the 6 priority Focus Areas of Rotary. This Project provides clean water, sanitation, and proper hygiene education and techniques to 3 schools in the region of Trojes, Honduras. This will be accomplished by providing biosand filters, and separate gender latrines and hand washing stations to each school, giving hygiene and sanitation workshops, and training of community water boards, hygiene committees and community agents; all critical components to a successful and sustainable project.

The project will be structured to focus on capacity building of the community and school leaders and community agents to deal with challenges that will continue to arise in the future. It will focus on education in health and hygiene.

#### Project Results:

##### **Outputs:**

In 3 schools in the region of Trojes, Honduras:

- install 6 biosand filters
- construct 6 latrines and washing stations
- deliver workshops on hygiene and sanitation in each community/school for community adults
- provide water and sanitation and hygiene education at the schools for students
- provide de-parasite medicine for each beneficiary
- train water and hygiene committee members and community stewards

##### **Outcomes:**

- Safe, clean water, sanitation and good hygiene will all contribute to lower incidences of diarrheal disease which leads to improved & more productive lives
- Conditions for a sustainability are built into the project via:
  - Use of appropriate technology
  - Community ownership and participation
  - Building of expertise of local committees
  - User education and project follow-up
- Beneficiaries: 82 students plus teachers and families

#### Project Schedule: To be funded and completed during Rotary year 2012-13.

The Rotary Club of Corpus Christi, Texas, is looking for additional Rotary Clubs and/or individual Rotarians to join as Associate Club Sponsors (\$250 and above contribution) or Senior Associate Club Sponsors (\$1,000 and above contribution). All Sponsors will be provided an acknowledgment of participation and periodic reports. If requested, Associate Club Sponsors can receive a Club program on the Project (PowerPoint) and Senior Associate Sponsors can receive two Club programs on the Project (a “before” program describing the Project and an “after” program showing the results). Total Project cost is \$8,800. A fourth school will be added to the Project if sufficient additional funds are raised.
