

THE GUIDE TO
MATCHING GRANTS

“I can’t describe how much we appreciate what you have made here. Our children will grow up remembering the good deeds of Rotarians.”

— COMMUNITY LEADER STANIS BAI, ULAMONA, PAPUA NEW GUINEA, EXPRESSING GRATITUDE FOR A CLEAN WATER SYSTEM INSTALLED BY AUSTRALIAN AND JAPANESE ROTARIANS, AIDED BY A ROTARY FOUNDATION MATCHING GRANT

GLOSSARY OF COMMONLY-USED TERMS

BENEFICIARY: THE RECIPIENT OF GOODS OR SERVICES

COOPERATING ORGANIZATION: AN ORGANIZATION THAT IS DIRECTLY INVOLVED IN THE IMPLEMENTATION OF A GRANT PROJECT IN PARTNERSHIP WITH A ROTARY CLUB OR DISTRICT, OFFERING TECHNICAL EXPERTISE, PROJECT COORDINATION, AND/OR TRAINING.

DDF: DISTRICT DESIGNATED FUND

DGSC: DISTRICT GRANTS SUBCOMMITTEE CHAIR

DRFC: DISTRICT ROTARY FOUNDATION COMMITTEE

HOST PARTNER: THE ROTARY CLUB OR DISTRICT IN THE PROJECT COUNTRY

INTERNATIONAL PARTNER: THE ROTARY CLUB OR DISTRICT OUTSIDE THE PROJECT COUNTRY

PRIMARY CONTACT: MEMBER OF HOST AND INTERNATIONAL CLUB OR DISTRICT WHO SERVES AS MAIN POINT OF CONTACT BETWEEN THE ROTARY FOUNDATION AND PROJECT PARTNERS

ROTARIAN COOPERATING ORGANIZATION: A COOPERATING ORGANIZATION IN WHICH ROTARIANS COMPRISE AT LEAST ONE-THIRD OF ITS BOARD OF DIRECTORS OR OTHER GOVERNING BODY, OR IN WHICH A ROTARIAN WHO IS DIRECTLY INVOLVED WITH THE GRANT PROJECT HOLDS A SENIOR MANAGEMENT POSITION

SUPPLIER: THE ENTITY PROVIDING GOODS OR SERVICES BEING PURCHASED WITH GRANT FUNDS

What are Matching Grants?

Matching Grants support the international humanitarian projects of Rotarians. Rotary clubs or districts in at least two countries (a partner outside of the project country and a partner within the project country) must work together to plan, implement, and complete the project. Matching Grants are designed to support relatively small, one-time-only humanitarian projects. Grants are awarded for a wide variety of projects such as the provision of water, medical care/equipment, combating diseases, projects to help the disabled, literacy and numeracy, and educational/occupational training. These wide variety of projects must involve active personal Rotarian participation in order to meet Matching Grant guidelines.

There are two categories of Matching Grants: Matching Grants and Competitive Matching Grants. Matching Grants are projects requesting an award of US\$5,000 to \$25,000 from The Rotary Foundation. Competitive Matching Grants are projects requesting awards of US\$25,001 to \$200,000. The award amount refers to the match requested from TRF, not the total project cost.

Funding for Matching Grants is based on submission of contributions by the Rotarian project partners. The Foundation will provide a US\$0.50 match for every \$1 cash contribution and \$1 match for every \$1 DDF (*SHARE*) contribution.

Matching Grant Process

The Matching Grant process involves the following steps.

Project Design

- Host partner identifies community needs. (See appendix B for information about community needs assessments.)
- Find international project partner. (See page 7 for suggestions on how to find a partner.)
- Project partners work together to design a project plan and budget.

Application

- Project partners submit a complete Matching Grant application to The Rotary Foundation.
- TRF acknowledges receipt of application and assigns it a number.
- Humanitarian Grants Program staff reviews application and contacts partners if additional information is needed.

- Project sponsors have six months from the time the Matching Grant application is reviewed to submit all missing information needed to complete the application.

Decision

- Humanitarian Grants Program staff forwards application to TRF Trustees for their review and decision.
- Project partners are informed of Trustees' decision. If the application is approved, the primary project contacts will receive an announcement letter, which gives instructions about the payment process.

Implementation

- Project partners need to fulfill payment requirements within six months of the Matching Grant's approval. This includes submission of agreement forms (legal documents), payee information noting where the Foundation should send payment, as well as other information requested in the approval notification letter. In addition to this information, cash contributions pledged to the project must either be received by TRF or confirmed to be in the project account.
- TRF releases grant funds.
- Project partners implement project.
- Project partners submit progress reports at least every 12 months until the project is completed.
- Project partners submit final report within two months of the project's completion.
- TRF closes the Matching Grant file.

Submitting complete applications and all other requested information in a timely manner will expedite the processing of your request. Your district grants subcommittee can help you with this process.

Matching Grants Business Cycle

The Trustees established the following business cycle to create a systematic means for Rotary clubs and districts as well as TRF staff to process Matching Grants applications, grant awards, and reports.

1 July – 31 March: Rotary clubs and/or districts submit applications*

1 August – 15 May: TRF approves applications

**Applications received after the 31 March deadline will not be processed. The sponsors may reapply the following Rotary year.*

Hint: Almost 50 percent of all Matching Grant applications are submitted in March. To avoid delays associated with this time period, clubs and districts are strongly encouraged to submit their applications early in the Rotary year. The most optimal months to submit a Matching Grant application are 1 October through 1 February.

Competitive Matching Grants Business Cycle*

Competitive Matching Grants are those requesting a match of US\$25,001 to \$200,000 from TRF. Competitive grant requests are reviewed twice a year at the October and April Trustees meetings.

Application deadline	Trustee decision
1 August	October/November Trustee meeting
15 December	March/April Trustee meeting

**See page 15 for competitive grant requirements.*

Eligibility Guidelines and Criteria

Matching Grants should help strengthen Rotary networks as clubs and districts from different nations work together to implement humanitarian projects. The chosen projects should always be initiated by a Rotary club in the project location, with the aim of providing sustainable development. The use of grant funds must

- Address a humanitarian condition that benefits a community in need
- Have significant Rotarian involvement and visible Rotary identification
- Benefit the recipient community as a whole
- Not directly benefit a Rotarian; an employee of a club, district, or other Rotary entity, or of Rotary International; or a spouse, lineal descendant (child or grandchild by blood or legally adopted child), a spouse of a lineal descendant, or an ancestor (parent or grandparent by blood) of any living Rotarian or Rotary employee
- Exclude any liability to TRF or Rotary International except for the amount of the grant
- Not be used for excessive support of any one beneficiary, cooperating organization, Rotarian cooperating organization, or project

The following table lists examples of items that are eligible and ineligible for funding through Matching Grants.

ELIGIBLE	INELIGIBLE
Revolving loans/microcredit	Establishment of a foundation, permanent trust, or long-term interest-bearing account
Short-term rent or lease of buildings	Purchase of land or buildings, rent for housing
Construction of infrastructure such as service roads, wells, reservoirs, dams, bridges, latrines, toilet blocks, water supplies, and other similar structures	Construction or renovation of any structure in which individuals live, work, or spend a significant amount of time. This includes buildings (schools, hospitals, homes), containers, mobile homes, or structures where individuals carry out any type of activity such as manufacturing, processing, maintenance, or storage, including provision of new services or upgrade of facilities
Purchase of equipment or appliances	Provision of plumbing or electrification inside buildings
Short-term and/or contracted labor for project implementation	Salaries for individuals working for another organization
Administrative expenses directly related to the implementation of the project	Operating or administrative expenses for another organization
Primary and secondary education, tuition, transportation	Postsecondary education activities, research, or personal or professional development
Domestic travel for beneficiaries and professional staff needed to implement the project	Domestic travel expenses for opening ceremonies or to gather information to report on a project
International travel for qualified Rotarians to implement a project. Eligible costs include airfare, travel insurance, immunizations, visas, lodging, food, and other ancillary expenses.	International travel for non-Rotarians. International travel for Rotarians who do not have a professional qualification needed to implement the project. Additionally, grant funds cannot be used for Rotarian travel to initiate, promote, or evaluate projects.
Detailed, itemized expenses	Contingencies, miscellaneous expenses
Assistance to land mine victims	Land mine removal
Publicity expenses such as newspaper fees or printing of posters, brochures, or fliers to inform the community of an available service	Rotary signage
Vaccines and immunizations, if the project is consistent with the criteria, procedures, and policies of the PolioPlus program and World Health Organization	Transportation of vaccines or immunizations by hand over national borders
New Rotary-sponsored projects not already in progress or completed	Projects already undertaken and awaiting reimbursement, projects in progress, existing projects, activities primarily sponsored by a non-Rotary organization, or projects already completed
Maternal and prenatal health and education	Purchase and distribution of birth control devices and ultrasound equipment for use in sex determination
Budgeted and itemized humanitarian goods	Unspecified or cash donations to beneficiaries or cooperating organizations
Humanitarian or service activities benefiting a community in need	Fundraising activities, expenses related to Rotary events such as district conferences or anniversary celebrations, or entertainment activities that do not include a humanitarian aspect
Secular, nonreligious activities that benefit a community in need	Projects that support purely religious functions at churches and other places of worship. Projects that include proselytizing or restrict aid based on the religious or political faith of the needy

Rotarian Involvement

Rotarians from both partner clubs or districts must be actively involved in the Matching Grant project and are responsible to TRF for the implementation of the project and for reporting on it. Rotarian activities in relation to the grant project must be reported to TRF. The required Rotarian activities are as follows:

Matching Grants (US\$5,000-\$25,000):

- Maintain communication and dialogue for the life of the project
- Establish a committee of at least three Rotarians for both host and international partners
- Jointly assess community needs and plan the project
- Provide a paragraph in the Matching Grant application outlining all nonfinancial participation
- Visit the project site as needed
- Manage grant funds and oversee the project

Competitive Matching Grants (US\$25,001-\$200,000):

All of the above and

- Provide a community needs assessment
- Provide information indicating how the project is viable and will be maintained
- Provide evidence of community involvement and ownership

The following are suggested additional activities for both partner Rotary clubs and districts:

- Design or assist in design of the project
- Manage the project on-site
- Provide technical expertise in implementation of the project
- Form a Rotary Community Corps that supports aspects of the project
- Provide volunteer service and train volunteers
- Donate or seek out donations of money, goods, and services to continue or expand the project
- Liaise with government agencies and customs officials
- Provide representation on central project committee with cooperating organizations or government agencies
- Promote the project to local media and at Rotary district and zone meetings
- Work with project community or share technology and expertise at project site
- Attend major project events and ceremonies
- Arrange shipping supplies, equipment, or materials to project country

Partner Contributions

The following information applies to all partner contributions:

- Matching Grant partner contributions are considered restricted giving to TRF and are not included in district contribution totals.
- Paul Harris Fellow (PHF) recognition credit will only be granted for sponsor contributions sent to TRF, an RI office, or RI fiscal agent; PHF recognition credit will not be granted for sponsor contributions sent directly to the project.
- Partner contributions above and beyond the amount specified in the Matching Grant Agreement and sent to TRF, RI's office(s), or its fiscal agent(s) will be credited as annual giving and will not be forwarded to the project. Such contributions will be included in district contribution totals.
- Contributions sent to TRF before Trustee approval of the Matching Grant may not be available for a specific grant.
- A significant portion of the contributions (at least 50 percent of total international sponsor contributions) must come from outside the project country.
- Cash contributions are matched at 0.5:1; *SHARE/DDF* contributions are matched at 1:1.
- TRF will only accept contributions for a Matching Grant submitted by Rotary clubs and districts that are contributed by Rotarians, clubs and districts, or raised as part of a fundraiser.
- Project budgets can be supplemented by funds from non-Rotary sources; however, TRF cannot match such funds nor should the funds be sent to TRF. TRF will only match funds contributed by Rotary clubs and districts. In addition, TRF will not match the value of any goods or services donated to the project.
- A minimum contribution of US\$100 (cash or DDF) is required from all host partners (either by the club or district in cash or DDF).
- If a Matching Grant project is cancelled after the project sponsors receive payment, all remaining grant funds must be returned to TRF. Returned funds will be credited to the World Fund. However, if returned funds exceed the award from TRF the additional funds will be pro-rated back to contributors according to the original funding breakdown.

QUICK TIP!!!

Financing your MG with only DDF is recommended. Submitting cash contributions to the Foundation can significantly slow down the payment process and the contributions only receive a 50 percent match (as opposed to a 100 percent match for DDF). Matching Grants that are completely funded by DDF are paid out significantly faster than grants that are fully or partially paid with cash contributions.

Reporting

Progress reports are required every 12 months from the date of payment during the project's implementation, detailing the project's progress. Final reports are due within two months of the project's completion.

New applications will not be processed if project partners have not provided complete progress or final reports for current Matching Grants. This will affect both the international and host partners' ability to process new grant applications. Before submitting a new application, both partners should ensure that they are up-to-date on reporting.

For grants of US\$25,001 or above, or where expressly requested, an annual independent financial assessment is required. (See appendix C for more information.)

For grants that involve revolving loans or microcredit, a Revolving Loan Report Supplement is required. (See appendix D for more information.)

Host Partner Open Grants Limit

All primary host partners (in the project country) of Matching Grants are limited to a maximum of five open Matching Grants (approved, funded, paid, or reported) at any one time. Primary international partners may have any number of open Matching Grants. Before submitting a new application, both partners should ensure that the host club has not reached its open grant limit.

Time Limits

TRF has established deadlines for the approval, payment, and implementation of Humanitarian Grants. Matching Grant applications must be complete and approved within six months of receipt at TRF. Payment requirements for approved Matching Grants must be completed within six months of approval of the grant. If a paid Matching Grant project is not implemented within 12 months, the grant may be cancelled.

Cooperating Organizations

A cooperating organization is an entity directly involved in the implementation of a grant project, offering technical expertise or project coordination. A Matching Grant involving a cooperating organization must meet the following conditions:

- The Rotary partner(s) must clearly demonstrate that the project is initiated, controlled, and conducted by the Rotary clubs or districts involved; Rotarians must participate in the project by giving their time, resources, and personal involvement to the project.
- A cooperating organization may work in partnership with Rotary clubs or districts on up to eight grants in one Rotary year.
- For all MGs that work with cooperating organizations the following information will need to be included with the application:
 - The host Rotary club or district must have knowledge of the cooperating organization and provide a letter of endorsement for the organization which states that the organization is reputable and responsible, and is registered and acts within the laws of the project country.
 - The cooperating organization must submit a letter stating that it agrees to participate and cooperate in any financial review of activities connected with the project.
 - If applicable, the cooperating organization must disclose the names of Rotarians on its board of directors and/or organizational governing body in addition to any senior management who are also Rotarian(s) and are directly involved with the grant project.

District Rotary Foundation Committee Roles and Responsibilities

The district Rotary Foundation committee (DRFC) is a group of experienced and dedicated Rotarians who assist the governor in educating, motivating, and inspiring Rotarians to participate in Foundation programs and fundraising activities in the district.

District Rotary Foundation Committee Chair

The DRFC chair serves as the district expert in all matters related to the Foundation and acts as the primary liaison between TRF and club Rotarians.

The DRFC chair has these Matching Grants responsibilities:

- Work with DRFC members to determine the distribution of the District Designated Fund, provide the authorizing signature for the use of DDF (in addition to the district governor), and maintain accurate records that reflect projects to which DDF has been allocated and grants approved
- Help facilitate the submission of timely and complete reports to TRF for all Matching Grants sponsored by clubs in the district
- Serve with the members of the grants subcommittee in a district stewardship and oversight capacity to promote compliance with Humanitarian Grants Program requirements and ensure that any concerns are immediately reported to TRF

District Grants Subcommittee

The district grants subcommittee is responsible for assisting clubs to develop ways to participate in international service projects. The subcommittee guides Rotary clubs and districts about which grant types can help them implement their project. The subcommittee serves as a local resource for Rotarians wishing to participate in TRF grants by explaining criteria and submission deadlines and helping clubs to cultivate successful projects.

District Grants Subcommittee Chair

The subcommittee chair's role is to guide and assist Rotary clubs through the humanitarian grant process — from application submission to project completion.

The district grants subcommittee chair has these Matching Grants responsibilities:

- Review all grant applications sponsored by member clubs and the district itself, and certify that all applications are complete and accurate before submission to TRF by signing the application
- Authorize district-sponsored Matching Grants
- Maintain records of grant activity within the district
- Work with DRFC members to determine the distribution of DDF
- Encourage the highest levels of stewardship and transparency for the accounting of Matching Grant funds. This includes working in cooperation with the DRFC to encourage and support the timely submission of reports to TRF from sponsors of all approved grants

Finding a Partner

Rotarians frequently ask if TRF can help their Rotary club or district find a partner for their project. While TRF does not currently have a program to match interested partners, it has several suggestions that will help your club find a partner on its own.

- Brief your district governor-elect (DGE) on project proposals. The DGE will be attending the International Assembly and will have an opportunity to speak with other DGEs about the possibility of working together on a project.
- Inform Rotarians from your district who plan to attend the RI Convention of potential projects for which your district or its clubs might be seeking partners. During the convention, your local Rotarians can discuss the possibilities for project collaboration with other convention participants.
- When your district has the opportunity to send a Group Study Exchange (GSE) team to another country, supply team members with information about a potential project for which your club or district is seeking an international partner. Team members can discuss the project with their host Rotarians. When your district hosts a GSE team, inform team members about potential projects so that when they return home, they can tell other Rotarians about them.
- You can find partners for service projects by registering the projects with ProjectLINK. This searchable database on the RI website lists Rotary club and district community service projects in need of funding, volunteers, donated goods, or partners for a Rotary Foundation Matching Grant, as well as completed projects that can be used as examples of best practices. To register a project, fill out a submission form at www.rotary.org/projectlink or request one from RI Programs staff (programs@rotary.org).
- You may also find partners for potential projects through business contacts or travel. When traveling abroad, Rotarians who attend make-up club meetings have a good opportunity to discuss their projects with Rotarians from other countries.
- Lastly, many districts have their own websites that assist in partnering clubs and districts together for the sole purpose of submitting Matching Grant applications or to provide humanitarian aid. You may wish to search the World Wide Web to see if any of these local sites may assist in finding a partner.

Rotarians often inquire about the ability of a particular Rotary club or district to participate in Matching Grants. If a club is overdue on reporting for a prior grant or has not paid its dues to Rotary International, it is ineligible to participate in Matching Grants. If you are interested in

knowing whether a potential partner is able to participate, you should contact that club directly. If that club is unsure about its eligibility status, it may contact TRF for clarification as well as the Contact Center (contact.center@rotary.org).

Stewardship

The Trustees of The Rotary Foundation of Rotary International recognize that the funds received from Rotarians around the world are voluntary contributions reflecting their hard work and dedicated support. These Rotarians have entrusted The Rotary Foundation with their contributions with the faith and understanding that they will be used effectively and for the purposes for which they were given.

Therefore, the Trustees of The Rotary Foundation, acting in their capacity as stewards of these funds, stress the importance of proper fiscal management in any activities associated with the programs of The Rotary Foundation. The Trustees rely on the integrity of clubs and districts and will promptly investigate any irregularities coming to their attention and take whatever action may be appropriate.

Matching Grant awardees are expected to

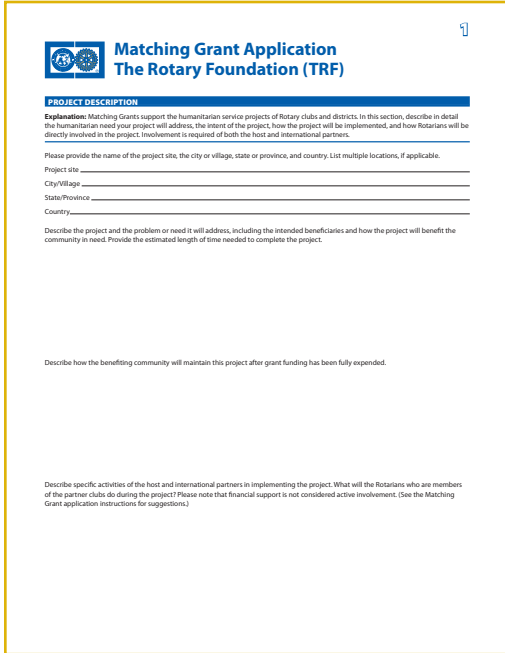

- Treat Rotary Foundation grant funds as a sacred trust to be constantly safeguarded from loss, misuse, or diversion and to be used only for the stated purpose that shall be strictly interpreted
- Exercise the highest attention to the prevention of even the appearance that Rotary Foundation funds are being used in an improper manner, whether such appearance may be in the eyes of Rotarians or the general public. Such attention is expected to go beyond that afforded to the use of private or corporate funds.
- Assure competent and thorough oversight of the project with clear delineation of responsibility
- Conduct all financial transactions and project activity relating to the grant at least at the level of standard business practice and always in consonance with the Declaration of Rotarians in Businesses and Professions and in the full spirit of The Four-Way Test
- Report immediately any irregularity in grant-related activity to The Rotary Foundation
- Implement projects as approved by the Trustees in their grant award. Any deviation from the agreed terms or changes in the implementation of the project must receive prior authorization from The Rotary Foundation.
- Arrange for performance reviews and/or independent financial assessments in accordance with current Trustees policy and guidelines
- Submit timely and detailed reports on both program and financial activities
- Be held accountable for appropriately addressing all concerns regarding project implementation for which notification has been sent

HOW TO COMPLETE A MATCHING GRANT APPLICATION

This chapter explains step by step how to complete each section of a Matching Grant Application, answers frequently asked questions, and provides helpful hints. The Matching Grant Application is only available for download on the RI website.

PROJECT DESCRIPTION

Explanation

Matching Grants support the humanitarian service projects of Rotary clubs and districts. In this section, you will describe in detail the humanitarian need your project will address, the intent of the project, and how the project will be implemented. You will also explain how Rotarians will be directly involved in the project. Active involvement is required of both the host and international partners. Please note that financial contributions to the project are not considered active involvement.

Answering the following questions will help you to clearly define your project:

1. What activities will take place?
2. Where will the project take place?
3. Who will benefit from the project?
4. How will the benefiting community maintain the project?
5. How will the Rotarians be involved in the project? What specific activities will they undertake?

FAQ

How do we know if we have chosen a good project?

Try to identify a project that meets a real need of the benefiting community and that will incorporate the skills and interests of a wide variety of your members. If the project that you select is a new activity for your club, start small and keep it manageable. You can use the initial experience to build toward more involved projects in the future. Make sure that the project is primarily initiated by the club in the project country as they are the experts of the needs in their local communities and make for the strongest projects.

Our club will be raising funds to support our project. Does this count as active participation?

While contributing funds to a project is very important, this does not meet the Trustee requirement of active Rotarian participation. Both the host and international partner clubs must be actively involved in the project through planning, implementation, communication, and reporting.

The Trustees expect us to communicate with our project partners, but they live on the other side of the world and speak another language. How can we realistically do this?

Partners can use technology to help them communicate efficiently. E-mailing or faxing reports regularly, making quarterly conference calls, and conducting site visits are excellent ways to keep your partners informed. It is also helpful to have someone on your project committee who speaks the language of your partner club/district.

Did you remember...

- To provide a complete idea of what you would like to accomplish?
- To identify a population in need?
- To make sure the project meets Matching Grant criteria?
- To allow sufficient time for processing the application?

HOST/INTERNATIONAL PARTNER

2

HOST PARTNER

Explanation: The host partner is the club or district in the project country. A committee of at least three Rotarians must be established to oversee the project. All three committee members must belong to the primary club identified below for club-sponsored projects or belong to clubs in the district for district-sponsored projects. The committee members must be committed for the duration of the grant process. Please provide the primary address for all committee members, as all Rotary information will be sent to this address. It is highly recommended that the primary contact have an e-mail address to expedite communication. The primary contact will receive all official communication from TRF by e-mail and should be prepared to disseminate this information to the other committee members.

3

INTERNATIONAL PARTNER

Explanation: The international partner is the club or district outside the project country. A committee of at least three Rotarians must be established to oversee the project. All three committee members must belong to the primary club identified below for club-sponsored projects or belong to clubs in the district for district-sponsored projects. The committee members must be committed for the duration of the grant process. Please provide the primary address for all committee members, as all Rotary information will be sent to this address. It is highly recommended that the primary contact have an e-mail address to expedite communication. The primary contact will receive all official communication from TRF by e-mail and should be prepared to disseminate this information to the other committee members.

Explanation

Matching Grants are sponsored by a primary club or district in the project country (host partner) and a primary club or district outside of the project country (international partner). Both the host and international partners must establish a committee of at least three Rotarians to oversee the project from start to finish, even if it crosses Rotary years. The committees commit to maintaining contact with the other partner, keeping all records, helping to ensure proper stewardship of the grant, and serving as a liaison to TRF.

All three committee members must belong to the primary Rotary club for club-sponsored projects or belong to clubs in the district for district-sponsored projects. It is highly recommended that the primary project contact (who receives all information from TRF) have access to e-mail.

FAQ

Do the project contacts and committee members have to be Rotarians?

Yes. The grant must be sponsored and implemented by Rotarians. Rotarians, not members of cooperating organizations, should maintain contact with TRF.

Why can't the staff of a cooperating organization be the main contact between the cosponsoring Rotary clubs?

TRF entrusts grant funds to Rotary clubs and districts; they are expected to be directly involved in project implementation and sending funds directly to the cooperating organization would likely result in the project being implemented without substantial Rotarian support.

What if the project contacts do not know each other?

The project contacts should make sure they have established a good working relationship before submitting an application. Remember that one of the goals of Matching Grants is to develop understanding and peace, which can only be accomplished through communication. Using e-mail or a Voice over Internet Protocol service is a very cost-effective and easy way to keep in constant contact with your partner. Meeting face to face at an international meeting or on business is another way to forge relationships that can assist in proper grant implementation and good communication.

Did you remember...

- To establish project committees in both the host and international countries of at least three members, all of whom belong to the primary club for club-sponsored projects or who are members of clubs in the district for district-sponsored projects?
- To include complete, up-to-date, and accurate addresses, phone and fax numbers (with country and city codes), and e-mail addresses for all members?

PROJECT PLANNING

6

PROJECT PLANNING

Explanation: Before an application is submitted to TRF, project partners should discuss various planning details. The questions below are a guide to aid project planning. Note that a Rotary club and/or district or Rotarian may not own anything purchased with grant funds.

Identify who will own equipment and maintain, operate, and secure items purchased with grant funds. (A Rotary club or Rotarian cannot own equipment.)

Will training in use and maintenance of technical equipment be provided? If so, who will provide training?

Is software necessary to operate any items? If so, has software been provided?

Indicate what arrangements have been made for customs clearance if items will be purchased and shipped from outside the project country.

Provision of plumbing and electrification to structures where people live or work cannot be purchased with grant funds and must be funded with other sources. Have the sponsor clubs and/or districts planned and agreed to fund plumbing or electrification for equipment and appliances in existing buildings (hospitals, schools, libraries, orphanages, etc.)?

Matching Grant funds can be used for international travel expenses of Rotarian volunteers who provide direct humanitarian service as part of a Matching Grant. Please note that you cannot utilize the Rotary International Travel Service (RITS) for arranging travel. If you are including international travel in your project budget, please include all travel fees and related expenses such as travel insurance, airfare, immunizations, visas, lodging, and food. Additionally, please attach to the application background information for each Rotarian traveler detailing higher qualifications and role in the project's implementation. Have you completed all of these requirements and included travel insurance for all travelers?

COMPETITIVE GRANTS

Explanation: Competitive grants are grants requesting US\$25,001 or above from TRF. Competitive grants are reviewed twice a year at the October and April Trustees' meetings. Please submit your application by 1 August for the October Trustees meeting and 15 December for the April meeting.

If your grant request is for US\$25,001 or above, a community needs assessment must be included. This assessment should demonstrate how the proposed project

- involves the benefiting community
- is viable and will be maintained by the benefiting community after grant funds have been expended

Please refer to The Guide to Matching Grants (144-EN) and the RW website (www.rotary.org) for additional information.

Explanation

Before an application is submitted to TRF, the project partners should discuss various planning details. The questions in this section are a guide to aid project planning. All applicable questions must be answered.

In this section, you will explain who will own all materials and equipment purchased with grant funds. Keep in mind that grant purchases cannot be owned by a Rotary club, district, or Rotarian. You must explain who will be taking care of the maintenance and operating costs of all items purchased with grant funds. You must indicate who will provide training in the use of technical equipment and whether software is needed to operate the equipment.

If the items will be purchased outside the country and shipped, you must indicate what arrangements have been made for customs clearance. If plumbing and electrification are needed, you should confirm that they will be funded by monies outside of grant funds. Lastly, if international travel is included in the budget, you must provide background information on the travelers.

OTHER PROJECT PLANNING DETAILS**Dehydrated food**

The partners of grants involving dehydrated food must confirm that there is adequate, potable water to successfully implement the project. Sponsors should also ensure that the food has significant nutritional content.

Water safety

In some areas of the world, water tables have become affected by arsenic. For that reason, grants involving water projects must provide confirmation that the water supply is not contaminated.

Construction and renovation funded outside of a grant

In some cases, the structure that will house items being purchased with grant funds is not completed. Grant payment will not be made until it is confirmed that the structure is finished. Photographic proof may be requested depending on the type and size of the project.

FAQ

Isn't it obvious who will own the materials and be responsible for maintaining the equipment to be purchased?

Not always. TRF must have your confirmation of who will own and maintain the equipment. If the budget includes surgeries or other intangible items, please note who the project beneficiaries will be.

We don't know who will be responsible for maintaining the equipment or how we are going to arrange for customs clearance. What do we write in this section?

Please do not submit your application until all the planning has been completed. Be sure to work closely with your partner, who may be able to help provide customs clearance.

Should travel expenses be included as part of the Matching Grant application?

Qualified/professional Rotarians can use grant funds to travel to the project site to provide services or expertise that are not available in the host community. You can include international travel and related expenses (airfare, vaccines, visas, lodging, food, etc.) in your application. These expenses are paid from the available World Fund budget for Matching Grants, so clubs and districts should use these funds only when necessary for the project's implementation. For more information, see the Matching Grant Travel Eligibly Information Guide at www.rotary.org.

Did you remember...

- To indicate who will own and maintain the materials and equipment listed in your budget?
- To arrange for customs clearance of any items to be shipped across international borders? Please make sure any in-country or custom clearance costs are included in your budget or that you have other resources available to cover those expenses.
- To ensure that plumbing and electrification will be funded outside of grant funds?
- To include professional background information for all Rotarian travelers and make necessary travel arrangements?

COMPETITIVE GRANTS

PROJECT PLANNING

Explanation: Before an application is submitted to TRF, project partners should discuss various planning details. The questions below are a guide to aid project planning. Note that a Rotary club and/or district or Rotarian may not own anything purchased with grant funds.

Identify who will own equipment and maintain, operate, and secure items purchased with grant funds. (A Rotary club or Rotarian cannot own equipment.)

Will training in use and maintenance of technical equipment be provided? If so, who will provide training?

Is software necessary to operate any items? If so, has software been provided?

Indicate what arrangements have been made for customs clearance if items will be purchased and shipped from outside the project country.

Provision of plumbing and electrification to structures where people live or work cannot be purchased with grant funds and must be funded with other sources. Have the sponsor clubs and/or districts planned and agreed to fund plumbing or electrification for equipment and appliances in existing buildings (hospitals, schools, libraries, orphanages, etc.)?

Matching Grant funds can be used for international travel expenses of Rotarian volunteers who provide direct humanitarian service as part of a Matching Grant. Please note that you cannot utilize the Rotary International Travel Service (RITS) for arranging travel. If you are including international travel in your project budget, please include all travel fees and related expenses such as travel insurance, airfare, immunizations, visas, lodging, and food. Additionally, please attach to the application background information for each Rotarian traveler detailing his/her qualifications and role in the project's implementation. Have you completed all of these requirements and included travel insurance for all travelers?

COMPETITIVE GRANTS

Explanation: Competitive grants are grants requesting US\$25,001 or above from TRF. Competitive grants are reviewed twice a year at the October and April Trustees' meetings. Please submit your application by 1 August for the October Trustees meeting and 15 December for the April meeting.

If your grant request is for US\$25,001 or above, a community needs assessment must be included. This assessment should demonstrate how the proposed project

- Involves the benefiting community
- Is viable and will be maintained by the benefiting community after grant funds have been expended

Please refer to The Guide to Matching Grants (144 EN) and the RI website (www.rotary.org) for additional information.

Explanation

Competitive grant requests are for US\$25,001 or above from TRF. (The \$25,001 limit refers to the award from TRF, not the total project cost.) Competitive grants are reviewed twice a year, at the October and April Trustees meetings.

Due to the larger project size, these applications require additional preplanning and have increased requirements, including a community needs assessment. A needs assessment allows the club or district to identify a community's most pressing needs and to evaluate whether current efforts are successful or need to be modified. This assessment should also demonstrate how the proposed project

1. Involves the benefiting community, including ownership of the project
2. Is viable and will be maintained by the benefiting community after grant funds have been expended

See appendix B for more information about community needs assessments.

FAQ

How does a club or district undertake a needs assessment?

General factors to consider in an assessment include:

- Strengths and assets of the community
- Short-term and long-term needs of the community
- Services offered by governmental or community organizations
- Opportunities
- Challenges
- Available resources (financial and people)

Did you remember...

- To provide a community needs assessment for a grant request of US\$25,001 or above?

AUTHORIZATIONS

7

AUTHORIZATIONS

Explanation: Authorizations ensure that both partners are aware of, and interested in, pursuing the described project. By signing below, the current club presidents for club-sponsored projects and current district grants subcommittee chairs for district-sponsored projects, as well as the committee members, agree to the criteria listed and affirm their support of the project.

All Rotary clubs, districts, and Rotarians involved in this project are responsible to The Rotary Foundation (TRF) for the conduct of the project and its subsequent reporting. The signatures of all involved parties confirm that they understand and accept responsibility for the project. Parties may either sign this page or submit a separate letter of commitment.

By signing below, we agree to the following:

- All information contained in this application is, to the best of our knowledge, true and accurate, and we intend to implement the project as presented in this application.
- The club and/or district agrees to undertake this project as an activity of the club and/or district.
- We ensure all cash contributions (as detailed in Project Financing) will be forwarded to TRF or directly to the project account after trustee approval of the grant.
- RI and TRF may use information contained in this application to promote the project by various means such as The Rotarian, the RI International Convention, Rotary Ideas Magazine, etc.
- The partners agree to share information on best practices when asked, and TRF may provide partners' contact information to other Rotarians who may wish advice on implementing similar projects.
- The entire responsibility of TRF is expressly limited to the dollar amounts approved based on the application's budget. Additional costs due to changes in budget items, airfare, currency devaluations, etc., are the responsibility of sponsors or outside sources.
- To the best of my knowledge and belief, except as disclosed herewith, neither I nor any person with whom I have or had a personal or business relationship is engaged, or intends to engage, in benefiting from TRF grant funds or has any interest that may represent a potential competing or conflicting interest. A conflict of interest is defined as a situation in which a Rotarian, in relationship to an outside organization, is in a position to influence the spending of TRF grant funds, or influence decisions in ways that could lead directly or indirectly to financial gain for the Rotarian, a business colleague, or his or her family, or give improper advantage to others to the detriment of TRF. (NOTE: Any and all exceptions must be explained in an attached statement.)

If international travel is included as part of the budget, please check the box at the left to indicate that the host club or district has extended a travel invitation, fully supports and approves Rotarian travelers, and verifies that international travel to the club and/or district is needed to implement the project.

Explanation

Authorizations ensure that both partners are aware of and interested in pursuing the described project. By providing their authorization in this section, the officers and committee members agree to the criteria listed and affirm their support of the project. Club presidents provide the authorization for club-sponsored projects. District grants subcommittee chairs provide the authorization for district-sponsored projects. Authorizing signatures may be submitted electronically (scanned signatures), via fax, or in hard copy.

If international travel is included in the application, the host club or district must confirm that it has extended a travel invitation, fully supports and approves Rotarian travelers, and verifies that international travel to the club or district is needed to implement the project.

Keep in mind that any applications received at TRF with missing signatures will not be processed.

FAQ

Our project partner lives 8,000 miles away. Are we supposed to sign the same piece of paper?

No. Signatures may be submitted on separate pages and faxed or e-mailed from different parts of the world and do not have to be on the same form. It is recommended that one person collect the signature pages and submits them all together with the application to The Rotary Foundation to ensure that all authorizations are available to complete the application prior to submission.

Did you remember...

- To obtain the club president's authorization for a club-sponsored project?
- To obtain the district grants subcommittee chair's authorization for a district-sponsored project?
- To obtain the authorizations of all three committee members for both the host and international partners?
- To obtain international travel confirmations, if applicable?

COOPERATING ORGANIZATION

8

COOPERATING ORGANIZATION

Explanation: A cooperating organization is an entity directly involved in the implementation of a grant project, offering technical expertise and/or project coordination. A beneficiary entity is the recipient of goods or services and is not considered a cooperating organization. A cooperating organization is considered to be a Rotarian cooperating organization when one-third or more of its Board of Directors and/or governing body is comprised of Rotarians and/or senior management who are also Rotarians directly involved with the grant project.

If this project involves a cooperating organization (neither a Rotary club nor the beneficiary of the project), provide the following:

Name of organization _____
 Street address _____
 City, State/Province _____ Postal code _____ Country _____
 Office phone _____ Fax _____
 E-mail _____ Web address _____

In addition to the above, the following must be attached:

- A letter of endorsement signed by the host club president confirming that the cooperating organization is reputable and acts within the laws of the project country
- A signed letter of participation from the cooperating organization that specifically states:
 - Its responsibilities and how it will interact with Rotarians to implement the grant project
 - The organization's agreement to cooperate in any financial review of the project
 - The names of Rotarians on its Board of Directors and/or organizational governing body in addition to any senior management who are also Rotarians and are directly involved with the grant project, if applicable

FINAL REPORT

Explanation: Although both partners are responsible for completing progress and final reports, the Trustees require that one partner take primary responsibility for submitting the final report to TRF. It is recommended that the club or district receiving the funds should take primary responsibility.

"By signing below, our club or district accepts primary reporting responsibility."

Print name _____ Signature _____
 Rotary club _____ District _____

DISTRICT GRANTS SUBCOMMITTEE CHAIR CERTIFICATION

Explanation: The Trustees require that the district grants subcommittee chair (DGSC) from either the host or international sponsor district certify the application as complete. If the application is not complete or eligible, it will not be processed and the partners will be notified accordingly.

"On behalf of the committee, I hereby certify that to the best of my knowledge and ability this grant application is complete, meets all TRF guidelines, and is eligible for funding."

Print name of DGSC _____ Signature _____
 District _____ Date _____

Explanation

If your Rotary club or district is working with another development or *cooperating organization* on the project, you will let us know in this section. A *cooperating organization* is directly involved in the implementation of the project, offering technical expertise and/or project coordination. A *Rotarian cooperating organization* is an entity in which one-third or more of its board of directors and/or governing body is comprised of Rotarians and/or senior management who are also Rotarian(s) directly involved with the grant project. A *beneficiary* is the recipient of goods or services and is not considered a cooperating organization. A *supplier* is the provider of goods or services.

The following must be included with the application for each cooperating organization participating in the project:

- A signed letter of participation from the cooperating organization that specifically states:
 - Its responsibilities and how it will interact with Rotarians to implement the grant project
 - Its agreement to cooperate in any financial review of the project
 - The names of all Rotarians, if it's a Rotarian cooperating organization
- A letter of endorsement signed by the host club president confirming that the cooperating organization is reputable and works within that country's laws

FAQ

What is the difference between a beneficiary, a cooperating organization, and a supplier?

A beneficiary is the recipient of the goods and/or services a project provides (for example, a local school or hospital that receives equipment and supplies). A cooperating organization helps Rotarians implement the project by providing technical expertise and staff (for example, a medical relief organization that assists Rotarians in providing medical services and supplies to a refugee camp). A supplier is the entity providing goods or services being purchased with grant funds.

Can our club or district let the cooperating organization run the entire project?

No. A Matching Grant project is a Rotary project above all else. The cooperating organization is there to help you, not run the entire project for you. The project beneficiaries and local community should also understand that this is a Rotary-sponsored effort.

We have a written memorandum of agreement with the cooperating organization. Will that fulfill the letter of participation requirement?

Yes. In fact, a memorandum of agreement is preferable; as long as it covers the points required in the letter and is signed by a member of the cooperating organization.

The organization participating in the project implementation is a religious based organization. Do we need to submit additional information from them?

Yes. If the cooperating organization or beneficiary organization is religious based, they must submit a letter where they indicate that they provide their services to the individual beneficiaries regardless of their religion or beliefs and that there will be no proselytizing.

Did you remember...

- To provide a letter from the cooperating organization indicating how it will work with the Rotary clubs to implement the project and its agreement to participate in a financial review?
- To provide a letter from the Rotary club or district in the project country endorsing the cooperating organization?

FINAL REPORT

8

COOPERATING ORGANIZATION

Explanation: A cooperating organization is an entity directly involved in the implementation of a grant project, offering technical expertise and/or project coordination. A beneficiary entity is the recipient of goods or services and is not considered a cooperating organization. A cooperating organization is considered to be a Rotarian cooperating organization when one-third or more of its Board of Directors and/or governing body is comprised of Rotarians and/or senior management who are also Rotarians directly involved with the grant project.

If this project involves a cooperating organization (neither a Rotary club nor the beneficiary of the project), provide the following:

Name of organization _____
 Street address _____
 City, State/Province _____ Postal code _____ Country _____
 Office phone _____ Fax _____
 E-mail _____ Web address _____

In addition to the above, the following must be attached:

- A letter of endorsement signed by the host club president confirming that the cooperating organization is reputable and acts within the laws of the project country
- A signed letter of participation from the cooperating organization that specifically states:
 - Its responsibilities and how it will interact with Rotarians to implement the grant project
 - The organization's agreement to cooperate in any financial review of the project
 - The names of Rotarians on its Board of Directors and/or organizational governing body in addition to any senior management who are also Rotarians and are directly involved with the grant project, if applicable

FINAL REPORT

Explanation: Although both partners are responsible for completing progress and final reports, the Trustees require that one partner take primary responsibility for submitting the final report to TRF. It is recommended that the club or district receiving the funds should take primary responsibility.

"By signing below, our club or district accepts primary reporting responsibility."

Print name _____ Signature _____
 Rotary club _____ District _____

DISTRICT GRANTS SUBCOMMITTEE CHAIR CERTIFICATION

Explanation: The Trustees require that the district grants subcommittee chair (DGSC) from either the host or international sponsor district certify the application as complete. If the application is not complete or eligible, it will not be processed and the partners will be notified accordingly.

"On behalf of the committee, I hereby certify that to the best of my knowledge and ability this grant application is complete, meets all TRF guidelines, and is eligible for funding."

Print name of DGSC _____ Signature _____
 District _____ Date _____

Explanation

Although both partners are responsible for completing progress and final reports, the Trustees ask that one partner take primary responsibility for submitting the final report to TRF as noted on the MG application. This section is intended to help the partners decide which one will take the lead in submitting reports prior to the project's implementation and ensures that the matter was discussed before submitting the application. It is recommended that the club or district receiving the funds take primary reporting responsibility.

FAQ

Our host partner has agreed to submit the final report. Does this mean that we, the international partner, do not have to be involved in completing the report?

No. A condition of the Matching Grant award is the agreement from both partners that they will report to TRF on the success of their project. The input of both partners is needed to provide a complete report.

Does our project need an independent financial assessment?

Project partners requesting competitive Matching Grants (US\$25,001 or above) are required to submit an independent financial assessment upon completion of the project. TRF also reserves the right to request an independent financial assessment for any approved grant. (See appendix C for more information about independent financial assessments.)

Did you remember...

- To select which partner will take primary reporting responsibility?
- To indicate that partner on the application and provide an authorization signature?

DISTRICT GRANTS SUBCOMMITTEE CHAIR CERTIFICATION

8

COOPERATING ORGANIZATION

Explanation: A cooperating organization is an entity directly involved in the implementation of a grant project, offering technical expertise and/or project coordination. A beneficiary entity is the recipient of goods or services and is not considered a cooperating organization. A cooperating organization is considered to be a Rotarian cooperating organization when one third or more of its Board of Directors and/or governing body is comprised of Rotarians and/or senior management who are also Rotarians directly involved with the grant project.

If this project involves a cooperating organization (neither a Rotary club nor the beneficiary of the project), provide the following:

Name of organization _____
 Street address _____
 City, State/Province _____ Postal code _____ Country _____
 Office phone _____ Fax _____
 E-mail _____ Web address _____

In addition to the above, the following must be attached:

- A letter of endorsement signed by the host club president confirming that the cooperating organization is reputable and acts within the laws of the project country
- A signed letter of participation from the cooperating organization that specifically states:
 - Its responsibilities and how it will interact with Rotarians to implement the grant project
 - The organization's agreement to cooperate in any financial review of the project
 - The names of Rotarians on its Board of Directors and/or organizational governing body in addition to any senior management who are also Rotarians and are directly involved with the grant project, if applicable

FINAL REPORT

Explanation: Although both partners are responsible for completing progress and final reports, the Trustees require that one partner take primary responsibility for submitting the final report to TRF. It is recommended that the club or district receiving the funds should take primary responsibility.

"By signing below, our club or district accepts primary reporting responsibility."

Print name _____ Signature _____
 Rotary club _____ District _____

DISTRICT GRANTS SUBCOMMITTEE CHAIR CERTIFICATION

Explanation: The Trustees require that the district grants subcommittee chair (DGSC) from either the host or international sponsor district certify the application as complete. If the application is not complete or eligible, it will not be processed and the partners will be notified accordingly.

"On behalf of the committee, I hereby certify that to the best of my knowledge and ability this grant application is complete, meets all TRF guidelines, and is eligible for funding"

Print name of DGSC _____ Signature _____
 District _____ Date _____

Explanation

The Trustees require that the district grants subcommittee chair from either the host or international sponsor district certifies the application as complete. If the application does not meet very basic grant criteria it will not be processed and the partners will be notified accordingly.

FAQ

Does the district grants subcommittee have the authority to approve our grant?

No. The official approval of all TRF grants resides with the Trustees. District leadership is there to guide the application process and certify that the applications are complete to the best of their knowledge.

Why is the district grants subcommittee required to review our application before it is submitted to TRF?

The Trustees expect that the district grants subcommittee will serve as a local resource to clubs and districts, helping them to ensure that their applications are accurate and complete. Their certification assists with more complete applications and a shorter processing time by TRF in approving the application.

Did you remember...

- To have the district grants subcommittee from either the host or international partner certify the application as complete?

COMPLETION CHECKLIST

COMPLETION CHECKLIST

Before submitting your Matching Grant application, please take a moment to review this checklist. If you have any questions or concerns, please contact the Humanitarian Grant Coordinator for the project location.

- Does the project meet all grant policies and guidelines (see The Guide to Matching Grants [144-EN] or the RI Web site at www.rotary.org)?
- Does the project description clearly state how the project will assist those in need?
- Are the activities of the host and international partners clearly explained? Will the Rotarians be actively involved in the project?
- Have both the host and international partners created committees to oversee the project? Are these individuals correctly listed on the application with their complete contact information?
- Is a detailed, itemized budget included in the application?
- Are all partner contributions listed in the application, noting which contributions will be cash and which will be DD?
- Have the TRF chair and the district governor provided their signatures authorizing the use of District Designated Funds?
- Have the club presidents or district grants subcommittee chairs from the host and international partner provided their authorizing signatures?
- Have all six committee members provided their authorizing signatures?
- If a cooperating organization is involved, are the following letters included with the application:
 - Letter from the organization specifically stating its responsibilities, how it will interact with Rotarians, and agreeing to cooperate in any financial review of the project
 - Letter of endorsement from the host partner confirming that the cooperating organization is reputable and works within the laws of that country
- If the project involves a revolving loan or microcredit, is the Revolving Loan Fund Supplement and Credit Group Plan included?
- If the grant request is US\$25,001 or more, is a community needs assessment attached?
- Has the district grants subcommittee chair from either the host or international partner certified the application as complete and eligible?
- Is there a minimum of nine authorizing signatures included in the application?
- Have the partners made copies of all documents for their files prior to submitting them to TRF?

Complete applications should be sent to:

Humanitarian Grants Program
The Rotary Foundation
One Rotary Center
1560 Sherman Avenue
Evanston, IL 60201-3698 USA
Fax: 847-866-9759
E-mail: contactcenter@rotary.org

144-EN--4000

Explanation

The completion checklist is a tool to help ensure that your application is complete. Before submitting your application, please review the checklist and ensure that all items have been fulfilled.

FAQ

Is the checklist required?

No, but it is a useful guide. If something is not checked off, that is a good indication that some information is missing.

We don't have all the information needed to complete the application, but I want to send it to TRF anyway to "get it in the pipeline." Is this a good idea?

No. Incomplete applications will not be processed and will delay the possible approval of your application. It is best to wait until you have all needed information in order to submit a complete application to TRF. The application checklist and your district grants subcommittee will help you to determine if your application is complete.

Did you remember...

- To fulfill all items in the completion checklist?

WHAT HAPPENS AFTER A GRANT IS AWARDED?

Once your grant application has been approved by the Trustees, you may begin implementing your project. You may choose to start the project with your own funds or when funds are received from TRF. Upon approval of your Matching Grant, you will receive an information package via e-mail or post. This package contains the following information: Matching Grant Announcement Letter, Matching Grant Agreement Form, Matching Grant Payee Information Form, and *Multiple Donor Form* (094-EN). This chapter will allow you to familiarize yourself with these documents, walk you through the steps involved in obtaining your grant funds, and provide suggestions for successfully implementing your project.

MATCHING GRANT ANNOUNCEMENT LETTER

THE ROTARY FOUNDATION
of Rotary International
1560 Sherman Avenue
Evanston, IL 60201-3698 USA

16 November 2010

Host Cosponsor
Samuel Baptiste, Project Contact
Rotary Club of Port-au-Prince Downtown (D-7001)
1234 Port-au-Prince
Port-au-Prince, Haiti
sbaptiste@email.com

International Cosponsor
Joe Doe, Project Contact
Rotary Club of Evanston Downtown (D - 6010)
300 Main Street
Evanston, IL 60202 United States
jdoe@email.com

Ref: Matching Grant #75086

Dear Rotarians Baptiste and Doe,

Congratulations! Your Matching Grant application, submitted by Rotary Club of Port-au-Prince Downtown and Rotary Club of Evanston Downtown for funding to help provide materials and equipment for drying mangoes to Good Life Women's Co-op in Port-au-Prince, Haiti, has been approved by The Rotary Foundation (TRF). The award is in the amount of US\$5,000.00.

This letter serves as formal notification and will help to identify what is needed to receive payment. For all grants, the primary partners must both sign the **Agreement Form** and ensure correct **Payee Information** is sent to TRF. Any additional information and/or sponsor contributions TRF requires in order to make grant payment are described in this letter and the Agreement Form.

1. **Agreement Form.** This document details the agreement between the primary clubs/districts involved in the grant and the Foundation. Be certain to refer to this document throughout the implementation of the project to ensure compliance with TRF requirements. The Agreement Form should be signed and sent directly to The Rotary Foundation to the attention of the Grant Coordinator via e-mail, fax, or mail.
2. **Payee Information Form.** This document must be completed and returned to TRF stating where and how funds should be sent to the project. Please coordinate with your partner to establish an appropriate payee.
3. **Contributions.**
 - a. **Contribution form.** This form is attached and should be used for all cash contributions sent to The Rotary Foundation for your project. The Matching Grant number must be stated on the form to ensure that your contributions are correctly received. Should you choose to send cash contributions directly to the project, or the contribution is in the form of DDF/Share funds, this form will not be needed.
 - b. **Funds Sent Directly.** If cash contributions are being sent directly to the

project account you must send confirmation that the contribution has been received for the project (a copy of a deposit slip, bank statement, paid invoice, etc.) NOTE: Paul Harris Fellow Recognition will not be awarded for contributions sent directly.

4. **Closure Contingency.** Closure of this grant is contingent upon submission of receipts for all equipment purchased.

Both partners are sent a copy of this letter and included forms. It is not necessary to have all authorizing signatures on the same document as they can be sent to TRF separately. Keep a copy of the signed forms for your records before returning the forms. Faxes are acceptable, and originals are not required.

Additional information you will find helpful is included. Please see the accompanying e-mail message for links to the documents on the RI website.

1. **Terms and Conditions of Matching Grant Award.** Read this document carefully, and refer to it when you have questions about TRF requirements.
2. **Report Form.** Reporting on your project is mandatory. Progress reports are due every twelve months, and a Final Report must be submitted within two months of your project's completion. Failure to fulfill reporting requirements will suspend your club/district from participation in Matching Grants and can result in club/district termination.
3. **Humanitarian Programs Promotional Guide.** This guide has information about how to promote Humanitarian Programs in your community and in the media. A promotional plan is required before payment will be issued for grant awards of US\$25,001 or more.

If you have any questions, please contact me.

Sincerely,

William Smith
Grant Coordinator

Peter Webb, DGSC, District 6010, RI

Enclosures: Matching Grant Agreement Form, Payee Information Form

Explanation

The announcement letter is the official notification that your Matching Grant application has been approved. The letter is sent to the primary project contacts of the primary international partner outside the project country and of the primary host partner in the project country. The announcement letter explains the steps that you must take in order to receive the grant funds and contains information about any contingencies placed on the release of your grant funds by TRF or closure of your grant. Payment of grant funds or closure of your grant may be contingent on submission of additional information such as, but not limited to, a detailed spending plan, publicity plan, enhanced Rotarian participation, project planning confirmations or paid invoices and receipts. A list of enclosures appears at the bottom of the letter. The district governor, district Rotary Foundation committee chair,

district grants subcommittee chair, and club presidents for both partner districts and Rotary clubs also receive copies of the announcement letter.

FAQ

Where can we find information about any contingencies that have been placed on the release of our grant funds or closure of our grant?

This information can be found in bold type at the end of the announcement letter and in the agreement form.

Did you remember...

- To read the announcement letter very carefully and check for any contingencies that must be completed before the grant can be paid or closed?

MATCHING GRANT AGREEMENT FORM

THE ROTARY FOUNDATION
of Rotary International
1560 Sherman Avenue
Evanston, IL 60201-3698 USA

MATCHING GRANT AGREEMENT FORM
MATCHING GRANT #75086

This Matching Grant Agreement ("Agreement") is entered into by and between Rotary Club of Port-au-Prince Downtown, Rotary Club of Evanston Downtown ("The Partners") and The Rotary Foundation of Rotary International ("TRF"). TRF agrees to pay the Partners a Matching Grant in the total amount of US\$5,000.00 to help provide materials and equipment for drying mangoes to Good Life Women's Co-op in Port-au-Prince, Haiti. In consideration of receiving this Matching Grant from TRF, the Partners acknowledge and agree that:

- 1) The Partners have each received and read a copy of the Terms and Conditions of Matching Grant Award and will abide by all terms and conditions set forth therein.
- 2) Rotary Club of Evanston Downtown will coordinate the project internationally and will contribute US\$2,000.00 to the project. Rotary Club of Port-au-Prince Downtown will coordinate the project locally and will contribute US\$1,000.00 to the project. The following districts will provide SHARE (DDF) Fund contributions: D-6010, US\$2,000.00 and D-7001, US\$1,500.00. Any amount received in excess of the aforementioned contributions will automatically be counted as general giving to The Rotary Foundation and will not be applied to Matching Grant #75086.
- 3) All Matching Grant funds provided by TRF for this project shall not be used for any purposes other than those approved by TRF. TRF shall be entitled to receive reimbursement for any and all funds deposited with, held by, or otherwise contributed to either or both of the Partners that are spent for unapproved purposes as well as any funds used to benefit a Rotarian or Rotary entity. In addition, TRF reserves the right to audit the project at any time and suspend any or all payments if in its sole discretion progress is not considered to be satisfactory.
- 4) The Partners will keep TRF informed on the project's progress by submitting progress reports every twelve months from the date of payment during the implementation of the project. The Partners will immediately inform TRF of any significant problems with the implementation of the project or deviations from the project, including deviations in the budget. The Partners will submit the final report with complete financial accounting within two months of the project's completion.

- 5) The Partners shall defend, indemnify, and hold harmless RI, TRF, their respective directors, trustees, officers, and employees (collectively "RI/TRF") from any and all damages, losses, judgments, costs, fines, awards, liabilities, or expenses, including without limitation reasonable attorney's fees and costs of litigation, asserted or recovered from RI/TRF, that result or arise directly or indirectly from the project including any acts or omissions of the Partners.
- 6) The entire responsibility of TRF is expressly limited to payment of US\$5,000.00 plus all SHARE fund contributions. Neither RI nor TRF assumes any further responsibility in connection with this project.
- 7) TRF reserves the right to cancel this Agreement without notice upon the failure of either or both of the Partners to abide by terms set forth in this Agreement and the Terms and Conditions of Matching Grant Award. Upon cancellation, TRF shall be entitled to a refund of any Matching Grant funds, including any interest earned, that have not been expended pursuant to the terms and conditions of the approved Matching Grant project at the time of cancellation.
- 8) This Agreement will automatically terminate in the event of the failure of either or both of the Partners to comply with the Matching Grant Terms and Conditions or this Agreement due to an act of God, strike, war, riot, civil unrest, hurricane, earthquake or other natural disasters, acts of public enemies, or any reason beyond the reasonable control of the parties. In such an event, the Partners shall refund to TRF all unexpended Matching Grant funds within 30 days of termination.
- 9) This agreement is governed by the laws of the State of Illinois, USA. Any action brought in connection with this Agreement shall be filed in the County of Cook, State of Illinois, USA. The Partners agree to submit to the jurisdiction of the Circuit Court of Cook County for the State of Illinois.

10) Closure Contingency. Closure of this grant is contingent upon submission of receipts for all equipment purchased.

By signing below, I certify that my Rotary club/district acknowledges and accepts the terms and conditions of this Agreement and the Matching Grant Award and Acceptance.

Dated this _____ day of _____ 20 ____

Explanation

The Matching Grant Agreement Form is a legal document stating the responsibilities of the partner Rotary clubs and/or districts and TRF. By signing this form, the partners are agreeing to the terms and conditions stated in the document, including the financing of the project as approved by the Trustees.

The agreement form must be signed by the following individuals and sent to TRF before payment for a Matching Grant can be authorized:

1. The current president of the Rotary club of the primary host partner in the project country. If the primary host partner is a district, the current district grants subcommittee chair must sign the form.
2. The current president of the Rotary club of the international partner outside the project country. If the international partner is a district, the current district grants subcommittee chair must sign the form.

FAQ

Can we send a copy of the signed agreement form to TRF via fax instead of post mail?

Yes. It can be sent via post, fax or even be scanned and sent as an e-mail attachment.

Do we have to sign the same copy of the form as our partner, or can we send the signed form separately?

The partners do not have to sign the same copy of the agreement form. Both partners receive the same form and can send in their signed copies separately.

If another Rotary club or district is contributing funds to the project but is not a primary sponsor, is the club or district required to sign the agreement form as well?

No. Only the primary partner Rotary clubs and/or districts are required to sign the agreement form and are held accountable for project implementation.

Our club president and district grants subcommittee chair already signed the Matching Grant Application. Why do we have to sign again?

The Trustees want to ensure that the partners understand the terms and conditions of the grant before it is paid. Receipt of the signed agreement form is proof that the partners understand and agree to the terms and conditions. In addition, applications are many times submitted in a previous Rotary year. Requiring renewed authorizing signatures ensures that the current officers are aware of, and involved in, the project.

Did you remember...

- To carefully read through the Matching Grant Agreement Form?
- To sign your copy of the form and return it to TRF?
- To check with your partner Rotary club or district to make sure it is sending its copy of the signed form to TRF?

MATCHING GRANT PAYEE INFORMATION FORM

PAYEE INFORMATION FORM FOR MG #75086	
<p>Return this completed form along with the signed agreement to TRF for the release of funds. Please note the following:</p> <ul style="list-style-type: none"> This form must be filled out completely or payment will be significantly delayed. Please contact your bank for assistance with filling out this form. If you need clarification about any of the form's requirements, please see the Payment Guidelines Frequently Asked Questions (FAQ). Electronic submission is preferred. If you are unable to email this form, please fax or mail your form to the attention of your Grant Coordinator. Please print this form and complete it legibly using a dark color ink. The project bank account must be a Rotary club-controlled account (if the project is club-sponsored) or a district-controlled account (if district-sponsored). Payments will not be made payable to an individual, cooperating organization, or grant beneficiary. Please provide the exact name on the account. The account name must be 35 characters or less. The form of payment will be based on the location of the account. Please provide all information necessary to facilitate sending funds via electronic funds transfer. See the Payment Guidelines by Country for more information about payment requirements and eligible currencies by country. If payment is made via check, it will be sent directly to the project's Primary Contact. Payments that are misdirected due to incomplete or incorrect payee information will be the club or district's responsibility. 	
SECTION A: Project Bank Account	
Name on Bank Account:	
Complete Bank Account Number:	
Account Currency (Account must accept the designated Rotary currency - see Payment Guidelines by Country for country-specific information):	
Receiving Bank Name:	
Receiving Bank Address / City / State or Province / Postal Code / Country:	
Receiving Bank Telephone Number:	
Bank Deposit Routing # (also known as Direct Deposit or ACH routing number; it is the routing code for domestic electronic funds transfers for direct deposits. Please see the FAQ for more information):	
SWIFT Code (BIC) (The SWIFT Bank Identification Code (BIC) is the bank code required for electronic funds transfers outside the U.S.):	
IBAN (The International Bank Account Number (IBAN) is required for all European payments):	
Other required bank code(s) (specify code):	
Other Bank Codes include Bank code, Branch code, Key code, Sort code, and/or CLABE, if applicable.)	
SECTION B: Intermediary/Correspondent Bank Information - For international US\$ electronic funds transfers, you <u>must</u> include your bank's U.S. Intermediary/Correspondent bank information. Please contact your bank to obtain this information and enter below:	
U.S. Intermediary/Correspondent Bank Name:	
U.S. Intermediary/Correspondent Bank Address/City/State:	
U.S. Intermediary/Correspondent Bank ABA Routing #:	
SECTION C: Project Account Signatories Provide the names of two Rotarians who will be the signatories on the project account and responsible for receipt and disbursement of grant funds (They should be members of the primary club or district):	
Primary Signatory	Secondary Signatory
Name:	
Rotary ID:	
Complete Address:	
Tel:	
Email:	
<p>If you have questions about this form, please contact your program coordinator, William Smith at Tel: (847) 956-3000, Fax: (847) 956-2151, OR E-mail: William.Smith@rotary.org</p>	

Explanation

The completed Matching Grant Payee Information Form provides TRF with instructions on how to issue payment of the Matching Grant. There are a number of guidelines to facilitate proper accounting of funds. To expedite the processing of your payment, make sure that you follow these guidelines:

- Establish a special club or district account for the project.
- Please limit the length of your account name to 35 characters, including spaces.

Payments will not be issued to an individual, beneficiary, or cooperating organization.

Sections A and C must be completed for all grants. Section B must be completed only if payment is to be made in U.S. dollars by wire transfer outside of the United States.

FAQ

If it is not possible to open a special account for the project, can payment be issued in the name of a Rotary club account?

In countries where establishing a special account is very difficult, TRF may issue payment to a Rotary club account. Stewardship best practices include the opening of a separate account to encourage transparency and avoid the possible co-mingling of funds. Payment guidelines by country are available on the RI website.

Should the host partner or international partner receive the funds?

The funds may be sent to either the host or international partner. The partners should decide together which would be the most logical place for funds to be sent.

How long does it take to receive a grant payment?

Once all payment requirements have been met and contributions have been received, it usually takes two to four weeks to receive the funds.

Did you remember...

- To complete all required sections of the Matching Grant Payee Information Form?
- That payment will not be issued to an individual, beneficiary, or cooperating organization?
- To confirm payee information with your partner?

PARTNER CONTRIBUTIONS

Explanation

Rotarians have two options when submitting their contributions for Matching Grants:

OPTION 1: Forward the funds directly to the project account. If the partners choose this option, they must provide documentation that the funds have been received in the project account, such as a bank statement. The partners will not receive Paul Harris Fellow recognition if this option is chosen but will receive payment much faster for projects where time is an issue.

OPTION 2: Forward the funds to TRF, which may be sent via check, wire/bank transfer, or credit card. Be sure to include the grant number with contributions sent to TRF. If option 2 is selected, Rotarians should complete the *Multiple Donor Form* (094-EN) and attach it to the contribution. See the Sponsor Contribution Table on the RI website for the RI office or fiscal agent that can receive your contribution.

Remember that contributions should NOT be submitted to TRF until the grant has been approved.

FAQ

What is the fastest way to receive funding?

Matching Grants financed solely with DDF are processed faster. Submitting cash contributions to the Foundation significantly slows down the payment process.

Why would funds be sent to the project account directly?

It takes TRF time to process donations. Sending the contributions directly to the project can speed up the payment process.

If more than one Rotary club or district is contributing funds to the project, do they all need to submit separate contribution forms?

No. The primary club may gather the contributions from the various clubs or districts and submit one check along with the Multiple Donor Form.

Can I send multiple checks with one Multiple Donor Form?

Yes, you can, but it is easier and faster for TRF to process your contribution when the total amount comes in one check.

Our district is only contributing from DDF/SHARE. Does it need a Multiple Donor Form?

No. The form is only for cash contributions.

How do we receive our DDF contributions?

The District Designated Fund is housed at TRF and is automatically debited from the district's account upon approval of the grant. The DDF contributions will be included in the grant payment.

Which exchange rate should be used when submitting contributions?

Contributions should be submitted using the exchange rate listed in the Matching Grant Agreement Form.

Can the international partner submit a contribution on behalf of the host partner?

No. The host partner is responsible for submitting its own contribution according to the original grant financing.

What happens to our contributions if the grant is canceled?

If a grant is canceled prior to payment, all contributions will be returned to their original sources. If a grant project is canceled after the project sponsors receive payment, all remaining grant funds must be returned to TRF. Returned funds will be credited to the World Fund. However, if returned funds exceed the award from TRF the additional funds will be pro-rated back to contributors according to the original funding breakdown.

Did you remember...

- To include the grant number on all checks and the Multiple Donor Form?
- If using option 1, to attach documentation that the funds have been sent directly to the project account?

SPENDING PLANS FOR GRANT PAYMENTS MADE IN INSTALLMENTS

For larger projects or those that will be implemented over a longer period of time, payment of the grant funds will be made in installments. These installments will be calculated according to a spending plan submitted by the project partners. A spending plan details how much money will be spent during each period of the project. The amount of time covered by each period will depend on the specific project, but a good rule is to think of a period as six to eight months. A sample spending plan is included below.

Rotarians requesting more than US\$25,001 or grants that are more complex will be asked to submit a spending plan after the grant is approved, prior to payment. This contingency will be found in the Matching Grant Announcement Letter and the Matching Grant Agreement Form.

Once an installment of funds has been fully spent (regardless of whether 12 months have elapsed) and the project partners are ready to receive their next installment, they must submit a progress report. Once the report has been reviewed and accepted, TRF will release the next installment of grant funds based on the spending plan. For some projects, it is important to have a continuous flow of grant money available. In such instances, the project partners may submit a report after having spent 75 percent of the previous installment.

Budget Item	1st Period	2nd Period	3rd Period	Total Project Budget Amount
TOTAL				

IMPLEMENTING THE PROJECT

After your Matching Grant has been approved by the Trustees, you may start implementing your project. While you are engaged in the project, please remember:

The two project committees should maintain frequent contact with each other.

Most problems that arise in implementing a project can be worked out easily between partners, especially if they are in regular communication with one another. Use phone, fax, or e-mail to keep in touch with your partner.

Make sure there is Rotarian identification at the project site.

TRF encourages display of the Rotary emblem and The Rotary Foundation logo on equipment or signage associated with the project (see appendix A for guidelines). Visible Rotary identification helps inform the community of Rotary's activities. The Trustees recently approved a template plaque that can be used at project site locations and can be found on the website to assist in the proper publicity and naming of your project!

Keep careful financial records of all expenditures.

Be sure to use accepted accounting procedures in keeping your project account books. The money you are spending has been donated by Rotarians in your club or district and from all over the world, and as such should be considered as a sacred trust. It is given to you in good faith that you will complete an international service project. Remember, you must provide TRF with a complete financial accounting of the project in your final report. Keep all receipts and invoices for at least five years. Establish an inventory system for the control of equipment purchased with a Matching Grant.

Take photographs of your project.

TRF asks that you provide a photographic record of the project throughout its implementation. These photos may be published in *The Rotarian* magazine or on Rotary.org, and used by the RI Public Relations Division and TRF for publicity or promotional purposes. TRF wants to share your success with other Rotarians around the world. The best photos show Rotarians and project beneficiaries in action or show the beneficiaries directly benefiting from the grant (opening ceremonies, Rotarians standing alone and pictures with low resolution are difficult to use). High-resolution digital photographs (at least 3 mega pixels), photographic prints, or slides are acceptable. Jpeg or tiff format files with no layers or compression, (RGB not grayscale) are preferable. For best results, size the image as an 8 x 10 at 300 dpi.

Submit regular reports to TRF.

Progress reports must be submitted at least every 12 months for the life of the project starting from the date of the project's first payment. Final reports are then due within two months of the project's completion. See the next chapter on Matching Grant reports for more information.

PROJECT NARRATIVE

	Matching Grants Report to The Rotary Foundation	The Rotary Foundation One Rotary Center 1550 Sherman Ave. Evanston, IL 60201-3698, USA Fax: 847-556-2151 E-mail: contact.center@rotary.org
The primary partner Rotary clubs/districts must submit Progress Reports every twelve months during project implementation. The Final Report is due two months after completing the project.		
Project Information		
Matching Grant Number _____		Project Country _____
<input type="checkbox"/> Progress report <input type="checkbox"/> Final report		Reporting Period from: _____ to _____
Host Partner Rotary Club: _____		District: _____
International Partner Rotary Club: _____		District: _____
Project Narrative		
1. Briefly describe the project.		
a. What were your original objectives?		
b. What was actually accomplished? (Photographs can help to tell your story. Please submit any action photos that you have that show beneficiary participation and demonstrate Rotarian involvement in the project. Please also indicate the name of the photographer.)		
c. When and where did the project take place, and who were the beneficiaries?		
2. Scope change. If the project was changed, how and why was it changed?		

Explanation

In the project narrative section of the report, you will include the following information:

- Original project objectives
- Actual project accomplishments
- When and where the project took place
- Who the beneficiaries were
- Explanation of any changes in scope

When completing this section, it is helpful to refer back to the grant application. What was the original target? Remember to be specific and provide as much detail as possible when describing the actual project accomplishments.

In the course of implementing the project, if you found it necessary to change the scope of the project, you must explain the change and its rationale in this section. *All changes must receive prior approval from TRF.*

FAQ

Why do we need to list the original objectives?

Comparing the project’s original objectives with its actual accomplishments can be a helpful measure of success. It also offers the opportunity to note any lessons learned in implementing the project.

Did you remember...

- To explain the original objectives of the project, as listed in the grant application?
- To provide a detailed description of the actual project accomplishments?
- To explain any changes in scope?

ROTARIAN INVOLVEMENT AND OVERSIGHT

Rotarian Involvement and Oversight

3. How did Rotarians manage and oversee the project? _____

4. How many Rotarians from the host partner club participated in the project? _____

5. In what way did the host Rotarians participate in the project? Please list all non-financial involvement.

6. How many Rotarians from the international partner club participated in the project? _____

7. In what way did the international Rotarians participate in the project? Please list all non-financial involvement.

Community Impact

8. How many people benefited from the project? _____

9. What was the impact of the project on the beneficiaries?

10. What are the expected long-term community impacts of the project?

Explanation

In this section, you will explain how Rotarians managed and oversaw the project and how the host and international Rotarians actively participated in the project. Active participation may include visiting the project site, working with the beneficiaries to implement the project, publicizing the project to the local media, and other activities. Donating funds to the project does not constitute active involvement.

Provide detailed answers to the questions in this section. Be sure to include the number of host and international Rotarians who participated in the project.

FAQ

What is the difference between Rotarian oversight and management of a grant and Rotarian participation?

Rotarian oversight and management refers to the controls that Rotarians put into place while implementing the project, to ensure that Trustee-established criteria are met while proper stewardship is maintained. Rotarian participation is the voluntary involvement of the Rotarians to implement the project.

The international partner lives 8,000 miles away from the project location. Are they really expected to be actively involved in the project?

Yes. One of the goals of Matching Grants is to strengthen Rotary networks by having Rotarians from the host and international partner countries work together to implement the project. Regardless of distance, the international partner can be actively involved in the project in many ways, such as helping to plan the project, receiving regular updates from the host partner, publicizing the project in the international country, and much more.

Did you remember...

- To explain how the Rotarians provided oversight and management of grant funds?
- To explain how both the host and international Rotarians were actively involved in the project?
- To list the number of host and international Rotarians who participated in the project?

COMMUNITY IMPACT

Rotarian Involvement and Oversight

3. How did Rotarians manage and oversee the project? _____

4. How many Rotarians from the host partner club participated in the project? _____

5. In what way did the host Rotarians participate in the project? Please list all non-financial involvement.

6. How many Rotarians from the international partner club participated in the project? _____

7. In what way did the international Rotarians participate in the project? Please list all non-financial involvement.

Community Impact

8. How many people benefited from the project? _____

9. What was the impact of the project on the beneficiaries?

10. What are the expected long-term community impacts of the project?

Explanation

This section of the Matching Grant report form asks you to provide quantitative and qualitative information about the impact of the project on the benefiting community. Please indicate the number of people who benefited, both directly and indirectly, from the project.

Make sure to clearly explain the project’s impact on the beneficiaries as well as its expected long-term impact on the community.

FAQ

How do we know what the long-term impact of the project will be?

Use your best judgment in answering this question. Based on the project’s immediate impact on the benefiting community, you can make an educated guess about the project’s long-term impact.

Did you remember...

- To indicate the number of people who benefited from the project?
- To explain the impact of the project on the beneficiaries?
- To describe the expected long-term community impact of the project?

FINANCIAL STATEMENT

Financial Statement

Currency Used: _____ Exchange Rate: _____ = 1 USD

11. Income

Sources of Income	Currency	Amount
1. TRF Matching Grant Award and Contributions		
2. Other Income (identify):		
3. Other Income (identify):		
4. Interest Income (if any):		
Total Income:		

12. Expenses (add rows as needed)

Budget Items	Name of supplier	Currency	Amount
1.			
2.			
3.			
4.			
5.			
6.			
7.			
8.			
Total Expenses:			

13. Bank Statement - A bank statement that supports the above statement of income and expenses must be attached to this report.

Important – please read:

- For final reports, if there is less than US\$200 remaining, please spend it on eligible items. If there is more than US\$200 remaining, it must be returned to The Rotary Foundation. [Note: In India, government rules require that all unutilized funds be returned to the Rotary International South Asia Office.]
- For grant awards over US\$25,000, attach an Independent Financial Review to each progress report and the final report.
- Keep all original receipts for at least five years, or longer if required by local law. Do not send receipts to TRF unless requested by staff.
- If your project involves a revolving loan fund you will need to visit the Rotary website at: www.rotary.org to download the Report Supplement for Revolving Loan Grants.

14. Certifying Signature – Either the Host or International Partner must certify the report. If the grant is club sponsored the current club president must certify the report and if the grant is district-sponsored the district grants subcommittee chair must certify the report.

By signing this report, I confirm to the best of my knowledge that these Matching Grant funds were spent according to Trustee-approved guidelines and that all of the information contained herein is true and accurate. Original receipts for all expenses incurred will be kept on file for at least five years, or longer if required by local law, in case they are needed for auditing purposes. I also understand that all photographs submitted in connection with this report will become the property of RI and will not be returned. I warrant that I own all rights in the photographs, including copyright, and hereby grant RI and TRF a royalty free irrevocable license to use the photographs now or at any time in the future, throughout the world in any manner it so chooses and in any medium now known or later developed. This includes the right to modify the photograph(s) as necessary in RI's sole discretion. This also includes, without limitation, use on or in the web sites, magazines, brochures, pamphlets, exhibitions and any other promotional materials of RI and TRF.

Print Name: _____ Signature: _____ Date: _____
 Rotary Title: _____ Club: _____ District: _____

3

FAQ

Do we need to submit receipts with the report?

No. However, you must retain the original receipts along with copies of reports for at least five years from the date that TRF closes the grant. Your local laws may require that original receipts be kept for longer than five years so please be sure to look into your government's requirements. Receipts should be filed and appropriately cross-referenced with the statement of income and expense. Please know you can submit copies of receipts with your reports to TRF which can be very helpful in reporting especially when the project is to provide one or two pieces of equipment. TRF reserves the right to request copies of receipts or to conduct an audit at any time, which is why it is so important to retain all original receipts.

The financial statement of expenses does not match exactly with specific transactions from the project account. What should we do to ensure our financial statement meets TRF reporting requirements?

You can supplement your bank statements with a general ledger that contains a record of all transactions associated with the grant. Such a ledger should include the date of each transaction, a brief description of the income or expense item, the amount of the transaction, and the names of the suppliers that received payment.

We have finished implementing the project, but grant funds remain. What should we do with the money?

If you have less than US\$200 in grant funds remaining, you are authorized to spend them on eligible items related to the project. If more than \$200 remain, you are encouraged to contact your Humanitarian Grant coordinator to see if the funds could be used on eligible expenditures to enhance the project or assist the community. If the funds cannot be used locally they must be returned to TRF. For all information about possible use or return of remaining funds, it is best to contact your Humanitarian Grant coordinator.

Do we need to submit an independent financial assessment with the report?

For grant awards of US\$25,001 or more, an independent financial assessment must be submitted with the final report. (See appendix C for more information about independent financial assessments.)

Did you remember...

- To list the currency used and the exchange rate?
- To provide a detailed list of all income earned by the project and all expenses incurred?
- To attach bank statements that support the financial statement?

Explanation

In the financial statement portion of the Matching Grant report, you will clearly list all income received by the project and all expenses incurred during the course of the project. You will list the currency used and the exchange rate. If an official RI exchange rate was established for the project, you should use this rate as you complete the financial statement. All items purchased during the course of the project should be clearly listed on this page in addition to the supplier names, currency, and amount.

All reports must include bank statements from the project account that support the financial statement. Bank statements should clearly show both the receipt of the grant funds and any expenditures related to the project. Expenditures should mostly be drawn by check and not by cash when possible in order to provide the best stewardship possible.

Be sure to include the certifying signature on the report. If the grant is club-sponsored, the current club president should certify the report. If the grant is district-sponsored, the district grants subcommittee chair should certify the report. Either the host or international partner may provide the certifying signature.

If the grant involved revolving loan funds or microcredit, the partners also must complete and submit the Revolving Loan Fund Report Supplement. (See appendix D for more information about revolving loans/microcredit.)

APPENDIX A Rotary Foundation Policies

Population Growth and Development

The Rotary Foundation (TRF) supports the programs of Rotary International, including their aims and objectives with respect to RI’s statement on Population Growth and Development.

TRF will favorably consider Humanitarian Grant proposals as they relate to education on population issues, access to family health care, adequate nutrition, improved education, and other tools necessary for the implementation of responsible child spacing and family planning decisions.

It is important to note that all grants will be considered in the same manner regardless of geographic origin. When necessary, qualified Rotarian volunteers may be consulted and asked to monitor certain projects. Such volunteers will help ensure TRF maintains its principles and appropriate balance on projects relating to population issues.

Eligible Expenditures

Medical Expenses	Education and Training
<ul style="list-style-type: none"> • Prenatal medications/ vitamins • Birthing medications • Newborn baby screenings • Surgical instruments to help with births • Prenatal screening • Ultrasound equipment (as long as it is used for diagnosing and treating patients) 	<ul style="list-style-type: none"> • Public health education • Family planning training • Information on sexually transmitted diseases • Community health training • Balanced diet and nutrition awareness

Rotary Name and Emblem Usage Guidelines

The following guidelines on the use of the Rotary name and emblem are RI policy. Please follow them when naming your project and in any literature you may develop.

A. Rotary Name

1. The RI Board has determined that any use of the Rotary name without a further qualifier, such as the name of a Rotary club or a Rotary district, refers to the international association, RI.
2. New project names or programs not under the exclusive control of RI or TRF must include the name of the participating Rotary club(s) or district(s) immediately following or preceding the name “Rotary” and should not use the word International.
3. If using the words Rotary and Foundation these words must not appear together, but must be separated by additional identifying information, such as the name of the participating Rotary club(s) or district(s).
4. Ongoing programs not under the exclusive control of RI and not conforming to these guidelines should be renamed to provide this additional identifying information (i.e., the name of the participating Rotary club(s) or district(s) must be included when using the name Rotary).
5. The naming of any project that does not conform to the guidelines must receive specific RI Board approval.
6. No alterations or modifications of “Rotary” are permitted. No abbreviations, prefixes or suffixes of “Rotary,” such as “Rota,” are permitted.
7. Rotary clubs and districts must purchase domain names that comply with the naming guidelines outlined in the Rotary Code of Policies and the *Manual of Procedure*.

B. Rotary Emblem

1. The Rotary emblem, like the Rotary name, represents the international association, RI.
2. Whenever the Rotary emblem is used for a project, program, or activity not under the exclusive control of RI or TRF, the name of the participating club(s) or district(s) should also be used in addition to the Rotary emblem and should appear in close proximity to and equal prominence with the Rotary emblem.
3. Any reproduction of the Rotary emblem must meet RI’s specifications. (See the 2010 *Manual of Procedure*, chapter 5.) No alterations, modifications, or obstructions of the Rotary emblem are permitted. The emblem must be reproduced in its entirety.

4. The Rotary emblem may be reproduced in a single color or in two colors. When it is reproduced in two colors, it must be reproduced in its official colors of royal blue (PANTONE® 286) and gold (PANTONE® 123 C [for coated paper]) or PANTONE® 115 U [for uncoated paper]).
5. Where providing recognition for sponsors or cooperative relationships refer to Rotary Code of Policies Section 11.040.6, Guidelines for Rotary Clubs, Rotary Districts and Other Rotary Entities for Sponsorship and Cooperative Relationship Purposes. This policy section governs the use of the Rotary Marks, including the Rotary emblem by any Rotary club(s) or Rotary district(s) when used in combination with the emblem of another organization for sponsorship or cooperative relationship purposes.

Signage Policy Hints

Signage helps recognize the work of the grant sponsors as well as provide the beneficiary community with information about the work of Rotary. The Trustees ask that Rotarians include signage on or in conjunction with their projects so as to identify the role of the grant sponsors and The Rotary Foundation in grant projects. (See appendix G for a sample project sign.)

Signage best practices and uses:

- Signage may be used to help create an inventory for multiple grant assets.
- Signage helps identify projects in the event the grant sponsors need to locate the grant assets long after the project is completed.
- Incorrect Name: Rotary Wells in Africa, sponsored by The Rotary Foundation
- Correct Name: Rotary Club of Evanston Well Project, sponsored by Rotary International District 1234, Africa, the Rotary Club of Evanston and District 5678, Illinois

Other Rotary Foundation Policies

Applications with noncompliant progress or final reports

The Trustees call attention to their commitment to the stewardship policies of The Rotary Foundation. Effective stewardship includes meeting all reporting expectations. Progress reports are required at least every 12 months from the time the grant is paid, and final reports are required two months after completion of the project. The reports must clearly demonstrate that both partners played a considerable role in planning and implementing their projects. A copy of the Matching Grant report form is available for download from the RI website at www.rotary.org.

The Rotary Foundation (TRF) processes new applications only when both partners have provided complete reports for their open grant projects. This means that if either the international or host partner has an overdue report, any new applications will not be processed. The partners are welcome to resubmit their application once all reporting requirements have been met.

Reporting Analysis

To emphasize the importance of timely grant reporting, The Rotary Foundation Board of Trustees initiated the world reporting analysis. Through the analysis, districts are updated four times per Rotary year on their level of reporting compliance for Foundation grant projects. Though districts and their member clubs are expected to be 100 percent current and compliant with grant reporting requirements, the minimum requirement is 70 percent. If a district is below 70 percent in all four reporting analyses in one Rotary year, it will be subject to suspension from Foundation grant programs.

To help districts with reporting, a series of reminder letters is sent to the sponsors of grants with overdue reports. The first letter notes that it has been 18 months or longer since the grant was paid or the last yearly report was submitted. After 24 months, a second reminder letter is sent. If more than 30 months have elapsed since the grant was paid or the last yearly report was submitted, a third letter informs the sponsors that if they do not submit a report within 30 days, the sponsor clubs may be recommended for termination to the RI Board of Directors.

APPENDIX B Community Needs Assessment

Matching Grant applications requesting US\$25,001 or above (competitive grants) must complete a community needs assessment. Please know that all grant projects could benefit from using this assessment tool and all applications could benefit from its use and inclusion with the application. Information gathered during the assessment should be included on the Community Needs Assessment form and submitted with the grant application. This form is available by download from the RI website. The following information will assist you in conducting a community needs assessment.

FAQ

What is a community needs assessment?

It is a way of gathering information about a community's opinions, needs, challenges, and assets used to determine which project(s) will meet the real needs of the community.

How should a community needs assessment be conducted?

The host club in the project country should begin by appointing an assessment committee. This committee should comprise knowledgeable Rotarians who are familiar with the community and will be able to dedicate the time and resources necessary to assess the community's needs. In conducting the assessment, the committee will work with community leaders and members at large. The following are some community needs assessment tools:

- **Interviews** — Collect information from community members who are in a position to know community needs. These people might be community leaders, professionals, or other individuals who have affiliations with particular organizations or agencies.
- **Public forum** — Bring a wide range of community members together at public meetings to gather information via group discussions.
- **Focus group** — Obtain opinions and ideas from a small, targeted group of community members.
- **Survey** — Use a formal survey or questionnaire to collect information from a wide range of community members.
- **Secondary data analysis** — Review and analyze data that has already been collected about community issues and needs.
- **Asset mapping** — Gather information about existing community assets and resources.

Some factors that might influence the type of assessment selected include time, cost, target audience, and available resources. Ideally, a community needs assessment should include a combination of tools.

What are the steps involved in conducting a community needs assessment?

Here are the basic steps:

1. Form a community needs assessment committee.
2. Determine the community to be assessed.
3. Select a community needs assessment tool(s).
4. Develop a plan for the assessment (who, what, when, where, how).
5. Implement the assessment using the selected tool(s).
6. Analyze the results.
7. Prepare report detailing the results.
8. Use report to determine club intervention(s).

What type of information should be gathered?

This will depend on the individual community and its specific needs. However, the following information should be gathered in all community needs assessments:

- Description of the community and applicable statistics
- Needs identified by community leaders and members
- Current action being taken to meet community needs
- Local resources available to help meet community needs
- Opportunities for projects
- Challenges to projects
- Involvement of the community in the project
- Long-term sustainability of the project by the community

What should be done with the information once it is gathered?

The information should be analyzed, compiled into a report, and shared with the club's board, all project partners, and community members who were particularly involved in providing information for the assessment. In an effort to assist Rotarians, TRF has prepared a Community Needs Assessment form that provides a template for recording information gathered during the assessment. This form is available for download from the RI website and should be completed and attached to the Matching Grant Application for grant requests of US\$25,001 or above.

How does a community needs assessment assist clubs in selecting a project?

Based on the needs identified during the assessment, clubs can select areas where they would like to become involved. The selection of a project should be based on the needs of the host community as well as the resources available to the club and its partners.

APPENDIX C Independent Financial Assessment

All grant recipients are encouraged to have an independent financial assessment. For grants of US\$25,001 or above, or where expressly requested, an independent financial assessment is required. An Independent Financial Assessment Form is available for download from the RI website.

Independent financial assessments must be carried out by an appropriately licensed, chartered, or certified accountant or accounting firm that has no direct links with the project to be examined. The appointment of such an independent accounting firm or accountant must be made by the district governor, district Rotary Foundation chair, or district grants subcommittee of the district where the funds were sent. TRF reserves the right to appoint the independent accounting firm or accountant as necessary.

The minimum agreed-upon procedures for the independent annual assessment must include:

- A comparison of the statement of income and expense to the approved project budget;
 - A determination that funds received for the project were expended in a manner consistent with the approved project budget.
- A comparison of the statement of income and expense to the project's bank statement including;
 - A determination that project income and expenses were properly recorded in a standard set of accounts
- An inspection of a selection of expenditures:
 - Trace an appropriate sample of expenditures to invoices and receipts.
 - Inspect the purchasing procedure and advise whether competitive bids or quotations were obtained, if appropriate.
 - Inspect the payment procedure to determine the controls that were in place.

- A determination that an inventory system has been maintained, if appropriate.
- A determination that all project activities, including the expenditure of disbursement of funds, are in accordance with local laws and regulations.
- The independent financial assessment must be submitted to The Rotary Foundation within two months of completion of the grant and may be submitted with the project's final report.

The partner clubs or districts will maintain detailed, accurate, and complete financial records throughout the life of the grant and for a period of five years after the grant closure date. These financial records include copies of receipts, canceled checks, invoices, etc.

The responsibility for the independent financial assessments for all grants rests with the primary partners, the cost of which may be shared among all sponsoring Rotary clubs, Rotary districts, or other grantees. If the grantees cannot provide for these costs, up to \$500 of the grant award may be used for this purpose.

APPENDIX D Revolving Loan Funds/Microcredit

Revolving loan fund projects, also called microcredit or village banking, organize low-income persons, usually women, into groups to borrow money, animals, or equipment to facilitate small economic development enterprises. Rotary uses the term revolving loan because the funds continue to be loaned to beneficiaries, repaid to the project, and loaned again. Grant projects that involve the establishment of a revolving loan fund must include a significant training component.

Grant funds may be used for revolving loan capital up to US\$10,000 per credit group. One grant may support multiple credit groups. A credit group organizes borrowers, usually women, for training in the rudiments of saving, credit, and entrepreneurship. Group members cross-guarantee each others' loans to ensure repayment to the fund.

Matching Grant applications for revolving loan or microcredit projects must include the standard Matching Grant Application as well as the Revolving Loan Fund Supplement and a Revolving Loan Fund Credit Group Plan for each credit group. These documents are available for download from RI's website.

Before review by the Trustees, all revolving loan fund or microcredit applications will undergo a technical review by a member of The Rotary Foundation Cadre of Technical Advisers. The cadre is a group of Rotarians with relevant experience, appointed by the trustee chair, who review applications for technical soundness and long-term viability. Because a technical review is required, the grant approval timeline for these applications may be extended.

FAQ

May we use a cooperating organization to help implement our revolving loan project?

Yes. Working with a cooperating organization or Micro-Finance Institution (MFI) is highly encouraged as it can be of great assistance to Rotary clubs and districts working with microcredit and revolving loan funds. However, when working with another organization it is imperative that the club or district participate in and manage the project.

Matching Grant funds may not be donated to another organization (see "Eligibility Guidelines and Criteria" in chapter 1). The cooperating organization or MFI may handle Rotary funds in trust, but must clearly identify the Rotary funds in its records. The cooperating organization should also provide to the host partner all information necessary to complete the Revolving Loan Report Supplement.

TRF recommends that the Rotarian partners and the cooperating organization or MFI adopt a memorandum of agreement to document the roles and responsibilities of the project partners. A sample memorandum of agreement is available from your TRF staff coordinator.

How do we budget for a revolving loan or microcredit project?

In the Matching Grant budget, "loan capital" should be a line item along with additional project costs such as training and administrative expenses. To calculate loan capital, estimate the amount to be loaned in the first loan cycle. Remember, the loan capital will be loaned twice (double the amount budgeted) before the project is completed.

May we use grant funds to cover administrative expenses?

Yes. TRF grant funds may be used for Rotary club and district start-up costs to support revolving loan projects until the loan fund is self-sustaining. The project will be self-sustaining when interest and fees cover the ongoing administrative expenses that support the revolving loan project.

May we use funds to guarantee bank loans?

No. TRF does not fund loan guaranty systems.

Are there additional reporting requirements for revolving loan fund or microcredit projects?

Yes. In addition to completing the Matching Grant Report, Rotarians must complete the Report Supplement for Revolving Loan Grants, available for download from RI's website.

How do we handle the "return of funds" requirement? Is this in perpetuity?

Because the funds are expected to be loaned over and over again, the Trustees did not specify a time limit on their use. If the revolving loan funds are no longer being used for micro loans, they should be returned to TRF, even if the grant has been closed. It is the responsibility of the Rotary partners to monitor the use of the funds, which should only be used for micro loans.

APPENDIX E Sample Matching Grant Application

1

Matching Grant Application The Rotary Foundation (TRF)

PROJECT DESCRIPTION

Explanation: Matching Grants support the humanitarian service projects of Rotary clubs and districts. In this section, describe in detail the humanitarian need your project will address, the intent of the project, how the project will be implemented, and how Rotarians will be directly involved in the project. Involvement is required of both the host and international partners.

Please provide the name of the project site, the city or village, state or province, and country. List multiple locations, if applicable.

Project site Good Life Women's Co-op
 City/Village Port-au-Prince
 State/Province _____
 Country Haiti

Describe the project and the problem or need it will address, including the intended beneficiaries and how the project will benefit the community in need. Provide the estimated length of time needed to complete the project.

Through this project, we will provide equipment and materials for drying mangoes to the Good Life Women's Co-op in Port-au-Prince, Haiti. There are approximately 50 women who belong to the co-op. These women are quite poor and have large families that they must support. Outside of their involvement in the co-op, these women have no regular source of income. The women will be trained in the use and maintenance of the equipment. The host Rotarians will work with the co-op members to develop local markets for the sale of the mangoes. Once the mangoes are dried and packaged, they will be sold at kiosks in markets throughout Port-au-Prince. All proceeds will benefit the co-op members. The women will be able to use the income to support their families, paying for school fees, clothing and food. Once the grant is approved, we anticipate that it will take approximately 2 months to order and receive the equipment. It will take another couple of weeks to install the equipment and train the co-op members.

Describe how the benefiting community will maintain this project after grant funding has been fully expended.

Because the women will be trained in how to maintain the equipment, they will be able to maintain the project with no outside technical assistance. The proceeds from the sale of the mangoes will return to the co-op, the majority of which will transfer directly to the members. The remaining proceeds will be used to purchase the supplies needed to continue the project. The co-op members will continually work to develop new markets for the sale of the mangoes, ensuring ongoing income.

Describe specific activities of the host and international partners in implementing the project. What will the Rotarians who are members of the partner clubs do during the project? Please note that financial support is not considered active involvement. (See the Matching Grant application instructions for suggestions.)

The host club has worked with the women's co-op to identify the equipment needed for drying mangoes. They will assist in purchasing and installing the equipment. They will also assist the co-op members to develop local markets for selling the dried mangoes. The international club will assist with project planning and will maintain weekly communication with the host sponsor. Communication will be in the form of e-mails and regular reports. The international club also plans to visit the project. Both the host and international clubs will promote the project in their communities in order to broaden the market for selling the dried mangoes.

HOST PARTNER

Explanation: The host partner is the club or district in the project country. A committee of at least **three** Rotarians must be established to oversee the project. All three committee members must belong to the primary club identified below for club-sponsored projects or belong to clubs in the district for district-sponsored projects. The committee members must be committed for the duration of the grant process. Please provide the primary address for all committee members, as all Rotary information will be sent to this address. It is highly recommended that the primary contact have an e-mail address to expedite communication. The primary contact will receive all official communication from TRF by e-mail and should be prepared to disseminate this information to the other committee members.

Primary Club/District

Club Port-au-Prince Downtown Club ID number (if known) 6576

PROJECT FINANCING

Explanation: Clearly list all financing in U.S. dollars (please use whole dollars as TRF does not match cents) noting which funds will be contributed in cash and which will be contributed from District Designated Funds (DDF). Use of DDF must be authorized by the district Rotary Foundation committee chair and the district governor. TRF matches US\$0.50 for every \$1 cash contribution and \$1 for every \$1 contribution from DDF. The primary host club or district must provide at least \$100 in either DDF or cash.

NOTE: No funds should be sent to TRF prior to official Trustee approval. Upon approval, a letter will be sent to the sponsors notifying them of approval and providing detailed instructions on how and where to submit their contributions.

Host Rotary clubs or district inside the project country (The primary host club or district must provide at least US\$100.)	Cash (US\$)	DDF (US\$)	DRFC Chair (Print Name)	DRFC Chair Authorization	District Governor (Print Name)	District Governor Authorization
RC Port-au-Prince Downtown	\$1,000					
District 7001		\$1,500	Marie Duvalier	Marie Duvalier	Timothy Marseille	Timothy Marseille
International Rotary clubs or district outside the project country	Cash (US\$)	DDF (US\$)	DRFC Chair (Print Name)	DRFC Chair Authorization	District Governor (Print Name)	District Governor Authorization
Evanston Downtown	\$2,000					
District 6010		\$2,000	Matthew Stanford	Matthew Stanford	Beth Lander	Beth Lander
Subtotals, Cash and DDF	\$3,000	\$3,500				
TOTAL cosponsor contributions		\$6,500				
Total funds requested from TRF (must be at least US\$5,000)		\$5,000				
Additional outside funding (not matched by, or forwarded to, TRF) Please specify the source of this funding.		0				
Total project financing (must equal budget on page 4)		\$11,500				

HELPFUL HINT

One way to speed up the payment process for your Matching Grant is by financing your project solely with DDF. Submitting cash contributions to the Foundation for a Matching Grant can significantly slow down the payment process and the contributions will only receive a 50% match as opposed to a 100% match for DDF. Speak with your district leaders to see if there is a way to utilize DDF as opposed to cash contributions for your application.

PROJECT PLANNING

Explanation: Before an application is submitted to TRF, project partners should discuss various planning details. The questions below are a guide to aid project planning. Note that a Rotary club and/or district or Rotarian may not own anything purchased with grant funds.

Identify who will own equipment and maintain, operate, and secure items purchased with grant funds. (A Rotary club or Rotarian cannot own equipment.)

The equipment will be owned, maintained, operated and secured by the Good Life Women's Co-op.

Will training in use and maintenance of technical equipment be provided? If so, who will provide training?

The members of the co-op will be trained in use and maintenance of the equipment. This training will be provided by the equipment supplier.

Is software necessary to operate any items? If so, has software been provided?

No software is necessary to operate the equipment.

Indicate what arrangements have been made for customs clearance if items will be purchased and shipped from outside the project country.

The equipment will be purchased locally, so there is no need to make arrangements for customs clearance.

Provision of plumbing and electrification to structures where people live or work cannot be purchased with grant funds and must be funded with other sources. Have the sponsor clubs and/or districts planned and agreed to fund plumbing or electrification for equipment and appliances in existing buildings (hospitals, schools, libraries, orphanages, etc.)?

Plumbing and electrification are already in place in the co-op building.

Matching Grant funds can be used for international travel expenses of Rotarian volunteers who provide direct humanitarian service as part of a Matching Grant. Please note that you cannot utilize the Rotary International Travel Service (RITS) for arranging travel. If you are including international travel in your project budget, please include all travel fees and related expenses such as travel insurance, airfare, immunizations, visas, lodging, and food. Additionally, please attach to the application background information for **each** Rotarian traveler detailing his/her qualifications and role in the project's implementation. Have you completed all of these requirements and included travel insurance for all travelers?

N/A

COMPETITIVE GRANTS

Explanation: Competitive grants are grants requesting US\$25,001 or above from TRF. Competitive grants are reviewed twice a year at the October and April Trustees' meetings. Please submit your application by 1 August for the October Trustees meeting and 15 December for the April meeting.

If your grant request is for US\$25,001 or above, a community needs assessment must be included. This assessment should demonstrate how the proposed project

- Involves the benefiting community
- Is viable and will be maintained by the benefiting community after grant funds have been expended

Please refer to *The Guide to Matching Grants* (144-EN) and the RI website (www.rotary.org) for additional information.

AUTHORIZATIONS

Explanation: Authorizations ensure that both partners are aware of, and interested in, pursuing the described project. By signing below, the current club presidents for club-sponsored projects and current district grants subcommittee chairs for district-sponsored projects, as well as the committee members, agree to the criteria listed and affirm their support of the project.

All Rotary clubs, districts, and Rotarians involved in this project are responsible to The Rotary Foundation (TRF) for the conduct of the project and its subsequent reporting. The signatures of all involved parties confirm that they understand and accept responsibility for the project. Parties may either sign this page or submit a separate letter of commitment.

By signing below, we agree to the following:

- All information contained in this application is, to the best of our knowledge, true and accurate, and we intend to implement the project as presented in this application.
- The club and/or district agrees to undertake this project as an activity of the club and/or district.
- We ensure all cash contributions (as detailed in Project Financing) will be forwarded to TRF or directly to the project account after Trustee approval of the grant.
- RI and TRF may use information contained in this application to promote the project by various means such as *The Rotarian*, the RI international convention, *Rotary Video Magazine*, etc.
- The partners agree to share information on best practices when asked, and TRF may provide partners' contact information to other Rotarians who may wish advice on implementing similar projects.
- The entire responsibility of TRF is expressly limited to the dollar amounts approved based on the application's budget. Additional costs due to changes in budget items, airfares, currency devaluations, etc., are the responsibility of sponsors or outside sources.
- To the best of my knowledge and belief, except as disclosed herewith, neither I nor any person with whom I have or had a personal or business relationship is engaged, or intends to engage, in benefiting from TRF grant funds or has any interest that may represent a potential competing or conflicting interest. A conflict of interest is defined as a situation in which a Rotarian, in relationship to an outside organization, is in a position to influence the spending of TRF grant funds, or influence decisions in ways that could lead directly or indirectly to financial gain for the Rotarian, a business colleague, or his or her family, or give improper advantage to others to the detriment of TRF. (NOTE: Any and all exceptions must be explained in an attached statement.)

- * If international travel is included as part of the budget, please check the box at the left to indicate that the *host* club or district has extended a travel invitation, fully supports and approves Rotarian travelers, and verifies that international travel to the club and/or district is needed to implement the project.

COOPERATING ORGANIZATION

Explanation: A *cooperating organization* is an entity directly involved in the implementation of a grant project, offering technical expertise and/or project coordination. A *benefiting entity* is the recipient of goods or services and is not considered a cooperating organization. A cooperating organization is considered to be a Rotarian cooperating organization when one-third or more of its Board of Directors and/or governing body is comprised of Rotarians and/or senior management who are also Rotarians directly involved with the grant project

If this project involves a cooperating organization (neither a Rotary club nor the beneficiary of the project), provide the following:

Name of organization N/A

Street address _____

City, State/Province _____ Postal code _____ Country _____

Office phone _____ Fax _____

E-mail _____ Web address _____

In addition to the above, the following must be attached:

- A letter of endorsement signed by the host club president confirming that the cooperating organization is reputable and acts within the laws of the project country
- A signed letter of participation from the cooperating organization that specifically states:
 - Its responsibilities and how it will interact with Rotarians to implement the grant project
 - The organization's agreement to cooperate in any financial review of the project
 - The names of Rotarians on its Board of Directors and/or organizational governing body in addition to any senior management who are also Rotarians and are directly involved with the grant project, if applicable

FINAL REPORT

Explanation: Although both partners are responsible for completing progress and final reports, the Trustees require that one partner take primary responsibility for submitting the final report to TRF. It is recommended that the club or district receiving the funds should take primary responsibility.

"By signing below, our club or district accepts primary reporting responsibility."

Print name Samuel Baptiste Signature Samuel Baptiste

Rotary club Port-au-Prince District 7001

DISTRICT GRANTS SUBCOMMITTEE CHAIR CERTIFICATION

Explanation: The Trustees require that the district grants subcommittee chair (DGSC) from either the host or international sponsor district certifies the application as complete. If the application is not complete or eligible, it will not be processed and the partners will be notified accordingly.

"On behalf of the committee, I hereby certify that to the best of my knowledge and ability this grant application is complete, meets all TRF guidelines, and is eligible for funding."

Print name of DGSC Elizabeth Toussaint Signature Elizabeth Toussaint

District 7001 Date 5 July 2010

COMPLETION CHECKLIST

Before submitting your Matching Grant application, please take a moment to review this checklist. If you have any questions or concerns, please contact the Humanitarian Grant Coordinator for the project location.

- Does the project meet **all** grant policies and guidelines (see *The Guide to Matching Grants* [144-EN] or the RI website at www.rotary.org)?
- Does the project description clearly state how the project will assist those in need?
- Are the activities of the host and international partners clearly explained? Will the Rotarians be actively involved in the project?
- Have both the host and international partners created committees to oversee the project? Are these individuals correctly listed on the application with their complete contact information?
- Is a detailed, itemized budget included in the application?
- Are pro-forma invoices attached for budget items over US\$10,000?
- Are all partner contributions listed in the application, noting which contributions will be cash and which will be DDF?
- Have the DRFC chair and the district governor provided their signatures authorizing the use of District Designated Funds?
- Have the club presidents or district grants subcommittee chairs from the host and international partner provided their authorizing signatures?
- Have all six committee members provided their authorizing signatures?
- If a cooperating organization is involved, are the following letters included with the application:
 - A signed letter of endorsement from the host partner confirming that the cooperating organization is reputable and acts within the laws of the project country
 - A signed letter from the organization specifically stating its responsibilities, how it will interact with Rotarians, its agreement to cooperate in any financial review of the project, and if applicable, the names of Rotarians on its Board of Directors and/or organizational governing body in addition to any senior management who are also Rotarians directly involved with the grant project
- If the project involves a revolving loan or microcredit, is the Revolving Loan Fund Supplement and Credit Group Plan included?
- If the grant request is US\$25,001 or more, is a community needs assessment attached?
- Has the district grants subcommittee chair from either the host or international partner certified the application as complete and eligible?
- Is there a minimum of nine authorizing signatures included in the application?
- Have the partners made copies of all documents for their files prior to submitting them to TRF?

Complete applications should be sent to:

Humanitarian Grants Program
 The Rotary Foundation

APPENDIX F Sample Matching Grant Report

Matching Grants
Report to The Rotary Foundation

The Rotary Foundation
One Rotary Center
1560 Sherman Ave.
Evanston, IL 60201-3698, USA
Fax: 847-556-2151
E-mail: contact.center@rotary.org

The primary partner Rotary clubs/districts must submit Progress Reports every twelve months during project implementation. The Final Report is due two months after completing the project.

Project Information

Matching Grant Number 75086 Project Country Haiti

Progress report Final report Reporting Period from: 1 Nov 2010 to 31 Jan 2011

Host Partner Rotary Club: Port-au-Prince Downtown District: 7001

International Partner Rotary Club: Evanston Downtown District: 6010

Project Narrative

1. Briefly describe the project.

a. What were your original objectives?

The original objectives were to provide mango-drying equipment to the Good Life Women's Co-op in Port-au-Prince, Haiti. In addition to providing the equipment, the original objectives included providing training for the members of the co-op on how to use the equipment.

b. What was actually accomplished? (Photographs can help to tell your story. Please submit any action photos that you have that show beneficiary participation and demonstrate Rotarian involvement in the project. Please also indicate the name of the photographer.)

This project provided mango-drying equipment to the Good Life Women's Co-op in Port-au-Prince, Haiti. As part of the project, the members of the co-op were trained in the use of the equipment.

c. When and where did the project take place, and who were the beneficiaries?

The project took place between November 2010 and January 2011. The grant funds arrived in November 2010, and we placed the order for the equipment shortly thereafter. In late December, the equipment arrived at the Good Life Women's Co-op in Port-au-Prince, Haiti and the members were subsequently trained. The 50 members of this co-op are the beneficiaries of the project.

2. Scope change. If the project was changed, how and why was it changed?

The scope of the project did not change from what was originally planned.

Rotarian Involvement and Oversight

3. How did Rotarians manage and oversee the project?

Rotarians were in charge of every aspect of this project from the planning stages through to the very end. Rotarians developed the project, received grant funds from The Rotary Foundation, oversaw all project expenditures and maintained detailed financial records. Rotarians ensured that all reporting requirements were met.

4. How many Rotarians from the host partner club participated in the project? 25

5. In what way did the host Rotarians participate in the project? Please list all non-financial involvement.

Rotarians from the host club worked with the Women's Co-op to determine the type of equipment that was needed. They researched equipment prices and worked with the local supplier to see that the equipment was delivered and installed in the co-op. Host Rotarians made arrangements for international Rotarians to visit the coop. The host Rotarians also helped the women to develop local markets in which to sell the dried mangoes. Together, the host and international Rotarians participated in training the women on how to use the equipment.

6. How many Rotarians from the international partner club participated in the project? 12

7. In what way did the international Rotarians participate in the project? Please list all non-financial involvement.

International Rotarians participated in the planning of the project through communication and a visit to the co-op before the project began. Once the equipment was installed, international Rotarians traveled to Port-au-Prince to participate in the equipment training. Throughout the life of the project, the international Rotarians communicated regularly with the host partner.

Community Impact

8. How many people benefited from the project? 350

9. What was the impact of the project on the beneficiaries?

With the receipt of this equipment, the members of this co-op have been able to generate income needed to support their families. They are able to feed their children and pay for their school fees. Along with increased income has come increased self confidence. These women recognize themselves as productive members of society and feel proud that they are able to provide for their families in such a tangible way.

10. What are the expected long-term community impacts of the project?

In the long-term we expect that this entire community will continue to improve itself as the women who belong to the co-op are able to generate much needed income. Community members will have sufficient funds to obtain better health services, more children will be able to attend school, and the standard of living will continue to improve.

Total Expenses:		HTG	454,250

13. Bank Statement - A bank statement that supports the above statement of income and expenses must be attached to this report.

Important – please read:

- For final reports, if there is less than US\$200 remaining, please spend it on eligible items. If there is more than US\$200 remaining, it must be returned to The Rotary Foundation. [Note: In India, government rules require that all unutilized funds be returned to the Rotary International South Asia Office.]
- For grant awards over US\$25,000, attach an Independent Financial Review to each progress report and the final report.
- Keep all original receipts for at least five years, or longer if required by local law. Do not send receipts to TRF unless requested by staff.
- If your project involves a revolving loan fund you will need to visit the Rotary website at: 'www.rotary.org' to download the Report Supplement for Revolving Loan Grants.

14. Certifying Signature – Either the Host or International Partner must certify the report. If the grant is club sponsored the current club president must certify the report and if the grant is district-sponsored the district grants subcommittee chair must certify the report.

By signing this report, I confirm to the best of my knowledge that these Matching Grant funds were spent according to Trustee-approved guidelines and that all of the information contained herein is true and accurate. Original receipts for all expenses incurred will be kept on file for at least five years, or longer if required by local law, in case they are needed for auditing purposes. I also understand that all photographs submitted in connection with this report will become the property of RI and will not be returned. I warrant that I own all rights in the photographs, including copyright, and hereby grant RI and TRF a royalty free irrevocable license to use the photographs now or at any time in the future, throughout the world in any manner it so chooses and in any medium now known or later developed. This includes the right to modify the photograph(s) as necessary in RI's sole discretion. This also includes, without limitation, use on or in the web sites, magazines, brochures, pamphlets, exhibitions and any other promotional materials of RI and TRF.

In our effort to improve our grant program, we'd appreciate your feedback on the following questions:

A. Rotary Impact – select all that apply

- Our club or district's international Rotary connections are stronger as a result of this project.
- Club membership has increased as a result of this project.
- Visibility of Rotary in our community has increased.
- Our club's awareness of the needs in our community has increased.
- Volunteer activity in our club or district has expanded.
- Our club or district is more active in pursuing Foundation grants and Rotary programs.
- Awareness of the needs in our community has increased among Rotarians in other countries.
- Participation in this Matching Grant has not changed our club or district in any significant way.

B. Project Sustainability – select all that apply

- The project will continue to function without Foundation funds.
- Equipment purchased with grant funds is being maintained with local materials and expertise.
- If training was a component of the project, trainees are using their knowledge and skills.
- This project has provided community members with the skills, knowledge, or institutions that will allow them to help themselves.
- The community has initiated additional projects related to the same or similar problems.
- The project has not been sustainable.

C. Suggestions

Given your experience, do you have suggestions to improve the Matching Grants program?

If your project clearly demonstrates Rotarian involvement and is worthy of publication, please complete an RI Newstip Form, available on the RI website at www.rotary.org. Please attach action photos showing the beneficiaries or showing active Rotarian involvement and indicate the name of the photographer.

Report Checklist

Does your report include the following?

- Time period of reporting
- How and what the project accomplished
- Rotarian participation, oversight and management
- Rotary impact
- Itemized report of income and expenses
- A bank statement
- Certifying signature
- Independent Financial Review for grant awards of US\$25,001 or more

Have you done the following?

- Made copies of the report for both the host and international partner
- Returned surplus funds over US\$200 (except in India where all unutilized funds must be returned)
- Made a file to store the report and receipt copies for five years or longer if required by local law
