

District 6840 PolioPlus Society

The **PolioPlus Society** is a commitment to something Rotary has worked toward for more than four decades: a world where no child ever has to suffer from polio again.

And we are close.

Rotary and our global partners have reduced polio cases by more than 99%. But close isn't finished. As long as poliovirus exists anywhere, children remain at risk.

By joining the **District 6840 PolioPlus Society**, you pledge at least **\$100 each year to PolioPlus until polio is eradicated.**

That's about **27 cents a day to help deliver vaccines to children in some of the hardest places in the world.**

For me, joining the PolioPlus Society is saying, **"I'm in. I'm staying with this until we're done."**

Few generations are given the opportunity to help eliminate a human disease from the world.

Not someday. **In our lifetime.**

We are the generation to end polio now.

Join the District 6840 PolioPlus Society and let's make history together.

Right here. Right now.

Please return your completed form to:

Pamela Breaux

District 6840 PolioPlus Society Chair
plbreaux@gmail.com

Your PolioPlus Society certificate, pin, and wristband will be presented at your club meeting in recognition of your commitment to ending polio.

Thank you for your **Service Above Self** and for being part of the effort to finish what Rotary started.
