FROM THE WOODSHED...

Carrying the Torch!

Wow! My travels have begun! I've been looking forward to the start of the 2012-13 Rotary year for a while now and it is everything I dreamed about. Kim and I hit the road and visited eleven clubs last month.

We began with the small but determined Rotary Club of Greenville, then had dinner with the Carson City Sunset Club. We got up with the chickens to see the wonderful things that Truckee Sunrise is doing, were amazed by the Rotaractors of Reno, and ended our second week with lunch at the Rotary Club of Truckee. During week 3, we toured the clubs of Area 6: Pollock Pines-Camino, Georgetown Divide, Cameron Park and Placerville. We finished July with Plymouth-Foothills, and the Jackson Club.

During these visits, the perspective you get on how much impact our clubs have in their community is amazing. When you're with your own club "down in the weeds", working hard on that fundraiser, or service project; involved in club leadership, or committee work, it is difficult to comprehend what your club's contributions truly mean to your community.

Not only do Rotarians roll up their sleeves and contribute directly through their service, but they also partner with other outfits in their community to assist them in doing their work. Kim and I saw clubs financially supporting other organizations, holding joint fundraisers, providing venues, and working side by side on various projects to improve lives, and change the world. Growing strong and vibrant clubs is truly a key aspect of enhancing our ability to continue changing the world. Developing and retaining members has always been a central focus of our leadership training. Every year at the President Elect Training Seminar, and District Assembly, we teach the principles of membership. We hold an annual Membership Seminar (August 25 this year), and spend quality time discussing concepts, and usually hearing some success stories. Successful clubs usually develop a structured and comprehensive membership plan. The plan sets specific action items, and gets members involved on a large scale. Importantly, club leadership holds each other accountable for accomplishing assigned tasks, and follows through.

When I was club president, we grew by a couple of members. However, I never developed and implemented a comprehensive plan. It was a successful year, and I felt good about it. Looking back however, if I had been able to create a plan, and stick to it, I am sure that my club would be larger and more resilient today. I wish we had had the **Ignite** program during my year!

The **Ignite** program provides all the structure that a club needs to put together a great plan. It does this by providing choices so clubs can tailor the plan to suit their particular needs. There are **5 choices for membership development**, and if a club has a better idea, they can choose that one! The important thing here is to choose an approach, and move forward!

The biggest reason Rotary has not grown more in North America, and I suspect this is true in our district, is low rates of retention. **Ignite** addresses retention by breaking it down into three simple **"Tips on Retention"**:

1. Every new member (even us "old" members) **needs a friend** in Rotary. Someone to whom she or he can constantly turn to with questions, and who will understand and assist with problems.
2. Every new member **needs an assignment**. Activity in Rotary makes us stronger as Rotarians. Just like the muscles in our bodies, if we use them, we grow stronger! Sometimes we hesitate to assign new members to tasks or committees. They may make some mistakes, but don't we all? The important thing is the growth in Rotary that they will undergo through being engaged. This really goes for all members, not just brand new ones!
3. Every new member must be **nourished in Rotary**. They need to understand that they have joined a worldwide movement dedicated to "service above self", and just exactly what that means. New member

Area 8 AG's Straight Talk...

Area 8 Rotary started the new Rotary year with a great deal of excitement and enthusiasm. In the months after PETS, the Presidents of the Reno-Sparks Rotary Clubs met regularly to ensure a smooth transition of leadership. Using the tools of DG Woody's Flight Planner, all the pieces have fallen into place. In addition, each president made efforts to attend each other's first meeting to offer support and encouragement. The results were wonderful. Each club meeting was unique and reflective of the traditions and spirit of each leader and their members. All were excited to get the first meeting on the books.

AG Gary MacDonald.

Now we are eagerly awaiting the club visits by DG Woody and his lovely wife Kim (Woodette). The first DG visit to the Rotaract Club of Reno proved to be moving and uplifting. President Courtney Pino proudly presented to DG Woody a check for just under \$5000.00. This money was the result of the club's fundraisers and was dedicated to the Rotary Foundation Polio Plus account. The biggest project currently is to acquire usable fire equipment for shipment to Argentina. If anyone has access to a C130 please let the club know. To date they received a used fire engine from the Susanville Volunteer Fire Department. On September 22, the Rotaract Club will hold its next fundraiser, their Fifth Annual Wine Tasting and a 9 hole-two man scramble golf tournament. It will be held at the Washoe County Golf Course with golfing at 4 pm and wine tasting and auction set to begin at 6:30 pm.

Shauna Morris is the new President of the Reno Midtown Rotary Club (formally know as New Generations). The club will focus on building academic success, self-esteem, problem solving and team building skills in children in grades K-6. In addition to the elementary school programs, the club supports the Rotary Middle School Leadership program and RYLA at the high school level. Club members feel that it is never too early to start inspiring children, especially those from at risk backgrounds. This Club encourages children to aim higher and learn that they can achieve whatever they put their minds to.

The Rotary Club of Reno Centennial Sunset is a 29 member strong organization with a "big heart" quotes President Joe Musser. Proudly known as a "fun club" they have dedicated their passion to literacy and education for children and young adults both locally and throughout the world. The primary club fundraiser is known as the Taste of Reno Tahoe (TORT). Annually they gather some of the finest restaurants and wineries in Nevada and California for a celebration of "Pairing Good Foods & Wine with Good Works". Through TORT fundraising efforts, the Rotary Club of Reno Centennial Sunset has donated over 3,000 hours of volunteer time and \$85,000 to worthy causes. Well-done Rotarians! Clearly this Rotary Club is a small club with big ideas and bigger executions in their mission of "Service Above Self".

President Greg Krause has taken the helm of the 60-member Rotary Club of Reno Central. The first meeting of the year featured a talk by NCAA Hall of Fame Coach Chris Ault of the University of Nevada Football team. He was extremely optimistic in his outlook for this year as the Wolf Pack moves to the Mountain Athletic Conference. For years Reno Central has sponsored one of the most successful

orientations (some call them “fireside chats”) are critical, but only the beginning.

Educating and training members in Rotary is an ongoing process that should never stop. Whether it is attending seminars, leadership training, holding informative club assemblies, or the Rotary Academy, knowledge of Rotary anchors our commitment to the Rotary movement.

Finally, “15+ tips for successful clubs” are laid out, and clubs are asked to select four, then implement one each quarter of the Rotary year. You are not limited to fifteen. As elsewhere in the program, there is space for great ideas from members to be implemented and build success!

In short, the **Ignite** program helps clubs to **focus** their membership efforts, **involves every member**, and develops **commitment** to get the job done. This year my highest priority as District Governor is membership. Our Visionary club presidents have responded with a lofty goal of 10% growth here in 5190 by June 30 next year. My prediction is that we will not only achieve that goal, but exceed it! There is no question in my mind that if all of you focus on implementing the various aspects of the **Ignite** program we will truly light a fire here in District 5190.

From ancient times, the Torchbearers have been the first on the paths of discovery, exploration, and battle; illuminating the way for those who follow. Rotarians, be a Torchbearer: who invites, unites, and **IGNITES** new members whose fire and energy will add to ours and help overcome the darkness of poverty, hunger, illiteracy and disease! It's up to us!

Sam “Woody” Wilbanks

Area 8 AG's Straight Talk... continued

fundraisers in the area, the Margaritaville Crab Feed. This club annually hosts between 700-800 people for a lively event of great food and wonderful silent and live auction items. Beneficiaries include the Boys and Girls Club, AACT (whose students cook for and serve the event), Echo Loder Elementary School, Rotary Middle School Leadership and RYLA, college scholarships and more. A high percentage of the club memberships continue to support the Rotary Foundation as Sustaining Members. It is looking to be an outstanding year ahead for this great group of Rotarians.

The 130-member Rotary Club of Sparks is an extremely active club. President Tim Heydon reports, “Although we support many areas of our community, our main focus of giving is centered on supporting youth”. One of the biggest events is the Kids Free Fishing Day. The club stocks the Sparks Marina with thousands of fish and kids receive over 2000 fishing poles and coaching. The club supports literacy and provides free dictionaries to every 3rd grader in the Washoe County School District. Twelve students attended the 2012 RYLA camp and six students went to the Mason Ortiz outdoor camp. \$8,000 was given in 2012 University scholarships. Annually the club sponsors and hosts a RYE inbound and outbound student. Through the RYE program a young man from Denmark will attend Spanish Springs High School. Sparks Rotary has a partnership with a Rotary Club in Ajijic, Mexico, supports an orphanage in Mexico, and members have visited Mexico to observe the benefits of their international efforts. The club raised nearly \$45,000 from a raffle with a \$10,000 prize. Other small fundraisers keep the membership engaged and provide funding for service projects throughout the year.

The Reno South Rotary Club kicked off its new year with an “expecting” Bodie Monroe as its President. Bodie and his wife gave birth to Eli Parker Monroe on July 17th. Congratulations! The club's flagship is Most Improved Student (MIS) program. Each year local high schools nominate a male and a female student for this award. The club hosts two luncheons to accommodate the students, parents, guardians, counselors, and teachers. In very moving presentations each student tells often heart wrenching and inspirational stories of overcoming life challenges. Each student is awarded \$100 and one boy and one girl from each luncheon an additional \$100.00 scholarship. Last year the Club awarded \$9000.00 in scholarship assistance and their goal is to provide multiple 4-year scholarships. The inaugural MIS Banquet raised \$13,000.00 for the program. Other service projects include building and maintaining Robin Hood Park, maintaining an active presence at Anderson Elementary School as a Partner in Education, and Project Amigo in Colima Mexico.

President Tom Tucker reports that the Reno Sunrise Rotary Club began the new Rotary year by supporting NGE inbound attorney Aurio from Brazil. Reno Sunrise is also working diligently on its Edible Pedal major fundraiser. This bike ride (not a race) will be held on September 18th and over 250 riders are currently signed up to participate. Funds from the bike ride support culinary programs at Douglas High School, Carson High School, and the Washoe County School District with AACT. The club also contributed more than \$16,000 to Reno High School, Washoe County Amateur Radio Emergency, Carson City 4-H, Lake Tahoe Back Country Bike Patrol, Tahoe Pyramid Bikeway, and the Urban Roots Garden Classrooms.

President Andy Flock and the Sparks Centennial Sunrise Rotary Club began their first meeting of the year on a high note. Members of the Silver Dollar Chorus

Club News

All the news that is fit to print....

What Does a New Daddy and New President Do?

Recently a reporter snuck into the home of new Auburn Daybreak Rotary President Steven Lease to take a peak. What was discovered was President Steven working hard on his presentation for the club while tending to his newest daughter, Evelyn. The photo captures just how dedicated he is to Rotary, the Auburn Daybreak Rotary club and fatherhood. Steven is a man who certainly lives and breaths *Service Above Self*.

Future Rotary Leaders Help Rotary Achieve a Polio-free World

Governor Woody and Assistant Governor Gary MacDonald (Area 8) accept a check for \$4,900 to End Polio Now from Reno Rotaract President Courtney Pino. The club devotes much time and energy to raising funds to eradicate this disease and make Rotary's dream a reality."

Area 8 AG's Straight Talk... continued

performed a number of songs. Currently the club has 27 active members with a goal of 32 members by the end of June 2013. Fireside chats are used to introduce Rotarian concepts and encourage proposed members to commit to expected responsibilities. Quarterly Assemblies keep members informed and engaged. The club is actively seeking new membership and developing a retention program. A fundraiser is scheduled for September 22, from 9 am to 5 pm, at the Red Hawk Golf Course. There is plenty of time to enter and I am certain that the club would gladly accept sponsorship in the event. Funds raised support club service projects including calculators for the fourth grade students in Sparks. The club is active in supporting a Reno Rotaract project to send surplus fire equipment to the Merlo District in Argentina. There is an ongoing discussion about this program becoming a vocational exchange in the near future. Finally the club is working to update its visioning program to keep it alive and vibrant.

The final and oldest club to mention is the Rotary Club of Reno. Liza Schumacher-Maupin's past presidential experience (Tahoe-Douglas Rotary) serves the club well. She inherits a club that was successful in recruiting new members to the organization. The current focus is increasing membership and more importantly retaining membership. This Rotary Club draws a great deal of strength from committees staffed by a large group of enthusiastic Rotarians looking to raise the bar in achieving and exceeding club goals. Addressing the goals and objectives of this 200 plus member Rotary Club would take up more space than is available. The highlight this year will be a well planned and executed fundraiser at the Reno Downtown Convention Ballroom. A combination of food from great restaurants, wine from awesome wineries and music provided high school jazz bands will make for an enjoyable event.

Finally, I invite you to our annual Rotary Foundation Dinner being held Thursday, October 18, 2012 at the Atlantis Hotel Casino. We promise this event, perhaps a bit more casual than in the past, will acknowledge the good work that the Foundation accomplishes around the world. Penny LeGate will preside as our keynote speaker. Penny addressed 20,000 plus Rotarians at the 2011 International Conference in New Orleans. An accomplished journalist by career, Penny will present a verbal and photo essay sharing her travels around the world with Rotary. Join us for a great time.

Register Now!

What: District Membership Seminar

Where: The Parasol Building in Incline Village, NV

When: August 25, registration and coffee 8:30 am, lunch provided, concludes no later than 2:00 pm

Who: Club Presidents, Membership Chairs, Retention Chairs, and others

Why: Introduce District Membership Committee and assist clubs in implementing the Ignite Membership Campaign (start up, tracking, reporting, scoring and follow up), as well as utilizing Public Image activities to enhance membership growth

Cost: \$25

Mammoth Lake Sunrise Rotary Provides Meals for Wounded Warriors

The Wounded Warrior project has been sending injured service men and women to Mammoth Lakes ever since Terry Smutney, a member of Mammoth Lakes Sunrise Rotary and a wounded veteran, initiated and championed the program before he passed away in 2009.

The first group and their families came to Mammoth for five days in 2007 and learned how to enjoy winter sports, even though they had been severely wounded overseas. A few years later Kathy Copeland, who is a past president of Mammoth Sunrise and Director of Disabled Sports Eastern Sierra, and Terry decided to have the Wounded Warriors make another trip to Mammoth in the summer. The families camp out and participate together in many summer activities.

Kathy asked Mammoth Sunrise members if they would like to provide a meal for the Wounded Warriors and their families during the summer trip. Every year since then, club members prepare a lunch or dinner for the wounded veterans, as well as visit and join in some of the activities. On June 3rd this year, Mammoth Lakes Sunrise members barbecued chicken and made several other dishes for the Wounded Warriors and their families. This worthwhile project is a favorite for all involved.

Rotarians Unite Once Again!

Lacy J Dalton will be holding a benefit concert for fallen Rotarian, Mike Johnson on Friday August 24th. This has been a fully committed undertaking for the Rotary Club of Grass Valley. The proceeds will help cover the funds so thoughtfully loaned by a Rotary Angel to pay for Mike's transport home from Puerto Rico.

Tickets are available for \$29 from Tess Kitchen Store, Tri-Counties Banks, and the Grass Valley Downtown Association office. Tickets can also be purchased at Gate 1 and Gate 5 the night of the event. Tri-tip and chicken dinners are available for purchase from Chuckwagon BBQ or you may bring your own picnic basket. Attendees are encouraged to bring their own lawn chairs or blankets and settle in for an evening of great music with the opening band "SOLS" at 7:30PM and Lacy J Dalton following as the headliner.

Hotel accommodations are available in Grass Valley and there are RV sites available at the Nevada County Fairgrounds. You are encouraged to go on the Internet to reserve space now.

The Rotary Club of Grass Valley is dedicating the 2012-13 Rotary year to Mike Johnson, in everything they do. Mike was truly an outstanding Rotarian. Please come support this great cause and honor the life of an exceptional man!

Motivating, Influencing and Leading Leaders

Each year, the Area 8 Presidents visit each of the 8 clubs in the Reno - Sparks area for the President's first meeting of their year. This is a perfect illustration of leading by example and a great kick off for the year.

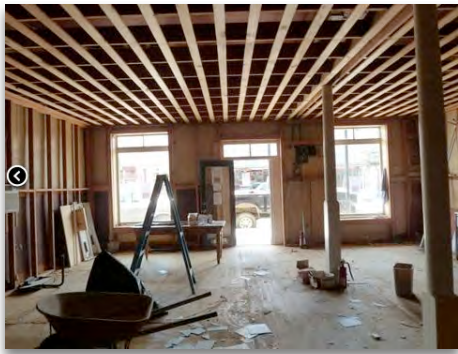

On this occasion, most of the Presidents visited the Rotary Club of Sparks Centennial Sunrise.

From Left to right: Gary MacDonald (Area 8 Assistant Governor), Tim Heydon (Rotary Club of Sparks), Joe Musser (Rotary Club of Reno Centennial Sunset), Shauna Morris (Rotary Club of Reno Midtown), Bodie Monroe (Rotary Club of Reno South), Andy Flock (Rotary Club of Sparks Centennial Sunrise) and Greg Krause (Rotary Club of Reno Central).

District Public Image Committee Needs Your Help

Rotary's new strategic plan emphasizes our role in enhancing Rotary's public image and improving awareness of our clubs in our communities—and District 5190 is committed to building an active Public Image Committee to help do that! If you're interested in helping to build Rotary's public image, please contact District Public Image Chair Tom Hardy at tom@hardyplace.com, or by calling 760.873.8711. While public relations professionals are certainly welcome, the only "requirement" is the passion to communicate all of the things that we love about Rotary to the general public.

Promoting Literacy and Lifelong Learning

Richard Forster's Project for the 2011-12 year was to renovate a 150+ year-old building belonging to the Native Sons of the Golden West Parlor 33 in downtown Ione. This cooperative project put a new face on a cherished institution and brought new life to a small gold country town.

The project planning and design began taking shape in the middle of January 2012. Finding funding was no easy task. Together the Ione Rotary, Friends of the Amador County Library, Native Sons, and local philanthropist together raised \$16,000. Local vendors and contractors were cajoled into providing the group with their best public service bids or providing labor while we bought materials.

Demolition began May 5th and work continued steadily through the 4th of July. The library opened for business July 9th and the Grand Opening and ribbon cutting ceremony was July 19th.
