

CONFERENCE SPONSORSHIP

Supporting *Volunteers* Serving *Your Community*

The purpose of the annual CNY Rotary Conference is three fold:

- Celebrate achievements in membership, service and fundraising
- Exchange resources and information to help individuals, clubs and programs grow their impact in our communities and around the world
- Encourage new connections that foster giving (of time and money) and doing more good in the world

We anticipate approximately 400 attendees, which will include a mix of members, their partners, and our Youth Exchange students. They will come from all parts of our region, which covers the heart of New York state.

Sponsorship helps cover the increasing costs for audio/visual equipment and to host our Youth Exchange students, and offset costs of conference events that will make our members feel celebrated and supported.
