

# Rotary District 7150 NEWSLETTER

October 2018

My late mother had a favorite poem, “October’s Bright Blue Weather”, written by Helen Hunt Jackson. Let me share one line from that poem.

“Ye cannot rival for one hour October’s bright blue weather”.

I would agree with Ms. Jackson. The beautiful skies, the crisp air and the glorious colors of the trees are truly difficult to rival.

My mother was a survivor of childhood polio. Her aunt spent many long hours rubbing her arms and legs in the effort to minimize the effects of the disease. She was fortunate to not have any of the crippling effects. She lived a long and productive life, but she never forgot the horrifying experience of her childhood.

I share this with you because October is the month we have the opportunity to tell the people in our communities our polio story. October 24 is World Polio Day and I have asked each of our clubs to make an effort to plan some public recognition of what their club and Rotary have done to wipe polio from our planet. Some clubs have told me of their plans. I am excited about the very special event that is being planned in Syracuse. I hope every club will find some way to raise public awareness as we need the public’s help to continue the fight. We have come so far and we cannot rest until polio has been conquered.

My club visits are nearly complete and I am looking forward to being a part of the club events and projects that are being planned. Please make sure that you are notifying Lizzy Flinn-Brown so that she can include information about your event in the district newsletter and website.

End Polio Now.

**In Kindness And Peace,  
District Governor Marv**

## IT'S NOT TOO EARLY TO BE THINKING ABOUT GRANTS

You are correct. The District Grant process for 2020 doesn't begin for a few more months with the District Grant seminars, but there are things for you to consider at the club level before those meetings come around. First, remember the scope of the District Grant. These are funds for small-scale, short-term activities that address needs in your community or in communities overseas.

Right now your club can be doing research. **PLAN** the project! Talk to Rotarians, neighbors, family.

Attend local meetings of non-profits, government, or the like. **Identify the two (or more) club members who will attend this year's Grants Management Seminar.**

Choose a Rotary Club partner – this is a requirement for a 2020 grant in our district.

Consider carefully how Rotarians will be involved in the project and how Rotary's involvement will be publicized with proper branding.

Be absolutely certain that **NO FINANCIAL TRANSACTIONS** have occurred before the grant request has been approved by our District Foundation and by the Rotary Foundation.

And, lastly, work now to satisfy our District requirement for your club to achieve an average of at least \$50 per capita contribution to the Rotary Foundation SHARE Fund.

**Start planning now for a successful District Grant outcome this year!**

# B'VILLE SERVES UP FOOD TO BIKERS

On September 28th, cyclists rode to raise funds in the CNY Ride for Missing Children. Baldwinsville Rotary provided and served a meal for the riders at the end of their trek, at Jones Road Sports Center. Thanks to member Dawn Custer, this has been a tradition for the club for many years now! Shown here (from left to right) are Baldwinsville Rotarians Marcia Benson, Jenny Doane and Bruce Stebbins, happy to serve a meal with a smile.

# SYRACUSE INNER CITY NEW MEETING TIMES

Starting 10/10/18, the meeting times and place for the Syracuse Inner City Rotary club will change:

# DEWITT ROTARY SUPPORTS MUSEUM OF SCIENCE/TECH

Recently, Jim Dungey, Consulting Development Officer, and Lauren Kochian, President of The MOST received \$1000.00 from DeWitt Rotary Philanthropy Chair Mark Hansen and President Linda Ervin. According to Lauren, this money will allow 500 Syracuse city school students to visit The MOST throughout the school year to inspire interest and excitement in science. These Funds are made possible by DeWitt Rotary's annual Pancake Day proceeds, at work in the CNY community.

# FULTON SUNRISE SUPPORTS YOUTH HOCKEY

They are getting ready for the new season. Pictured from left: Rotarian Dennis Goss, Schremp and President Dan Farfaglia.

# GREATER UTICA SUNRISE COLLECTING SHOES

Greater Utica Sunrise Rotary Club (GUS) is conducting a shoe collection drive from Now until November 1st to raise funds for Community Projects. GUS will earn funds based on the number of pairs collected as Funds2Orgs will purchase all of the donated goods. Those dollars will benefit the community with projects for children and other non-profits. Anyone can help by donating gently worn, used or new shoes. All donated shoes will then be redistributed throughout the Funds2Orgs network of micro-enterprise partners in developing nations. Funds2Orgs helps impoverished people start, maintain and grow businesses in countries such as Haiti, Honduras and other nations in Central America and Africa. Proceeds from the shoe sales are used to feed, clothe and house their families. One budding entrepreneur in Haiti even earned enough to send to her son to law school.

"We are excited about our shoe drive," said Joyce Astafan, President of GUS. "We know that most people have extra shoes in their closets they would like donate to us and help those less fortunate become self-sufficient. It's a win-win for everyone.

By donating, the shoes will be given a second chance and make a difference in people's lives.

If you have shoes to donate, they can either be dropped off at the St. Margaret's House in New Hartford or contact Joyce at 315 723-5597 or joycea1435@adelphia.net.

The students spent a weekend in Baldwinsville at their first orientation since arriving in America. The training included mini golf, learning American slang from local Interact students and understanding how to make the most of the exciting year ahead. Great work from the orientation team and thanks to the Baldwinsville Rotarians that hosted students for the two nights.
