

Dear district governors, district Rotary Foundation committee chairs, district scholarships subcommittee chairs, and district grants subcommittee chairs:

Subject: [UNESCO-IHE/Rotary Scholarship Grants](#)

The Rotary Foundation and UNESCO-IHE Institute for Water Education are working together to tackle the world's water and sanitation crisis and are offering up to 10 scholarships for graduate study at UNESCO-IHE's Delft campus in the Netherlands. The partnership aims to increase the number of trained professionals who can devise, plan, and implement water and sanitation solutions in developing areas. The scholarships also are designed to promote long-term productive relationships between Rotarians and skilled water and sanitation professionals in their communities.

Scholars will receive a Master of Science degree in urban water and sanitation, water management, or water science and engineering. Graduates work with their Rotary club sponsors on a related project to benefit their local community. **The application deadline is 15 June.** For more information, review the [application toolkit](#) and [scholarship terms and conditions](#).

If you have questions, please contact grants@rotary.org.

Sincerely,

Abby McNear
Rotary Grants Manager
