February is Peace & Conflict Resolution Month In Rotary

My Fellow Rotarians,

February is Peace and Conflict Prevention / Resolution Month in Rotary. World wide some 42 million people, many women and children are displaced by armed conflict and persecution. Through Rotary partnerships with leading universities our Rotary Peace Fellows develop and strengthen their skills to train local leaders to prevent

and mediate conflict and to support long term peace building in areas affected by conflict. Rotary provides up to 100 peace fellowships annually through Rotary Peace Centres.

Remember that February 23rd marks Rotary's 111th anniversary, plan to mark the occasion by promoting Rotary in your community.

Do you have your tickets for our February 28th Salute to Bill & Delphine Patchett? Bill will be receiving the highest recognition awarded by the trustees of the Rotary Foundation, the Distinguished Service Award. Our special guest speaker is incoming Rotary International President John Germ. This special luncheon is being held at the Quality Inn, Oshawa from 12:30pm until 4:00pm. Dear Fellow Rotarians,

As of December 29, 2015, we now have 22 Rotarians from D7070 attending the Rotary International Convention in Seoul. For those of you thinking of attending but not yet registered, the annual convention is a perfect way to experience Rotary's internationality, exchange ideas with fellow members, and discover new avenues – and potential partners – for service.

Find details about this year's event, including venues, housing, speakers and entertainment, breakout sessions, preconvention events, and deadlines at www.riconvention.org. Check the site often for new information about Rotary's biggest event of the year.

I am heading up the District 7070 Rotary International Convention Committee to Seoul, Korea (May 28 to June 1, 2016) and it would be my pleasure to visit your Rotary Club and do a presentation with a video about the convention. If you are a Rotarian and a travel agent

putting together pre or post convention tour options, please get in touch with me and I will be happy to include this information in my presentations.

Rotary International President Ravi Ravindran's Monthly Message - February 2016

In life, sometimes the experiences that matter the most are the briefest. They pass in the blink of an eye: a few days, a few hours, a few moments. They are the experiences that illuminate the landscape of our memory, shining brightly even years later. They are the moments in which we see, suddenly, something we had not seen; we understand something we had not understood; we forge a connection we had nor expected.

For me, this has been a Rotary year like no other. I have been around the world, traversing countries and continents. I have been to places I had never seen

before, and I have returned to familiar places and seen them, as for the first rime, through the lens of Rotary.

When you travel for Rotary, you travel with a different sense of perspective and a different sense of purpose. There is an awareness of being part of something larger than yourself. When you board a plane or a train, or leave your home in the dark hours of early morning, you may be leaving for lands unknown – but at your destination, there will be no strangers. There will be Rotarians, waiting and welcoming. There will be work to do, something to learn, and perhaps something to teach.

There will be connections to forge, friendships to build, and memories to carry for a lifetime. This year, I have been the traveler, and I have been welcomed by Rotarians around the world. A few months from now, from 28 May to 1 June, I invite you to step into my experience: Allow me to welcome you to Seoul for our 107th International Convention.

The Korean's have a saying: "When a person is born, send them to Seoul ". For Seoul is a city of opportunities: a wonderful destination with rich traditions, modern conveniences, and a culture unlike any other. But I ask you to join me in Seoul not only for all of this, but also for the experiences you will have there with your fellow Rotarians.

For a brief moment in time, you will experience Rotary as I have experienced it: in all its diversity, all its warmth, and all its potential. You will be greeted as an old friend by people you have never met; you will share your thoughts, even without a shared language. You will learn with wonder of what Rotary has achieved, and leave inspired to achieve even more.

Before this Rotary year comes to its close, I ask you to do what I have done: to leave your homes, to board your flights, to travel toward the unknown with an open heart and an open mind, confident that Rotary will welcome you. Join me, and your fellow Rotarians, as we *Connect with Korea-Touch the World*.

Rotary Foundation Chair, Ray Klinginsmith's Monthly Message - February 2016 - Rotary's birthday - and chats about The Rotary Foundation

Dear fellow Rotarians,

When I joined Rotary many years ago, the fireside chat was a popular, simple, and effective method of communication among Rotarians. One Rotarian would invite a small number of fellow members co his home (this was before the admission of women in 1987) to talk about the value of Rotary in their lives. The evening would provide fellowship and increase knowledge about Rotary programs, including The Rotary Foundation. In some parts of the world, particularly Down Under, they were called poolside chats, but the concept was the same.

As the 111 th anniversary of Rotary on February 23, 2016 approaches, I hope you will take the opportunity to spend the evening with some of your Rotary friends, men and women, to talk about Rotary, particularly the Foundation as it prepares for its centennial year in 2016-17. The anniversary falls on a Tuesday this year, and as Tuesday nights are normally not heavily booked for social

activities, there are many ways to celebrate.

In today's world, our chats about Rotary may be held online through social media avenues or in person in homes, restaurants, or pubs. I encourage Rotarians around the world to commemorate both the birthday of Rotary and the 100th anniversary of The Rotary Foundation by inviting some Rotary friends to join together in fellowship and service for conversations about the organization. Just as Rotary grew out of the idea of one individual, Paul Harris, the idea of Rotary chats can be revived by individual Rotarians and clubs in a variety of ways.

Who will step forward to try the idea in their respective clubs this year? If it is you, please send me a note at rayklaw@sbcglobal.net to tell me about your chat. By whatever name and method, our chats on February 23 about Rorary's founding and the Foundation's centennial will be good for our Rotary clubs!

February 23, 2016 - Rotary's 111th Birthday

February 23 is Rotary's 111 th Birthday. That day is also called **World Understanding and Peace Day**. On February 23, 1905, little did Paul Harris and his three friends realize what they were starting when they met in room 711 of the Unity Building in Chicago. We have come a long way, since then, but we still have a long way to go to achieve goodwill, peace, and understanding among all people of the world.

The Board of Directors of Rotary International asks that all Rotary Clubs plan programs at your weekly meetings and take on special activities to emphasize understanding and goodwill as essential components of world peace. February is a chance for every club to pause, plan and promote our Fourth Avenue of Service – Our continued goal for goodwill, peace, and understanding among all people of the world, as we also celebrate February as Peace & Conflict Resolution Month.

What is your Club doing?

Many clubs arrange international speakers, invite Youth Exchange students and international scholars from schools and universities to club meetings, plan programs featuring former Group Study Exchange team members, arrange discussions on global issues, present entertainment with an international cultural or artistic theme, and schedule other programs with an international emphasis.

Many clubs take the opportunity to launch an international community service activity or make contact with a Rotary club in another country. It is a good month to initiate a Rotary Friendship Exchange, a new international service project or encourage support for PolioPlus and other Rotary Foundation programs.

PRESIDENT ELECT JOHN GERM REVEALS 'ROTARY SERVING

HUMANITY' AS 2016-17
PRESIDENTIAL THEME

Rotary's founder, Paul Harris, believed that serving humanity is "the most worthwhile thing a person can do," Rotary International President-elect John F. Germ said, and that being a part of Rotary is a "great opportunity" to make that happen.

Germ unveiled the 2016-17 presidential theme, *Rotary Serving Humanity*, to incoming district governors on January 18, 2016 at the International Assembly in San Diego, California, USA.

"I believe everyone recognizes the opportunity to serve Rotary for what it truly is: not a small opportunity, but a great one; an opportunity of a lifetime to change the world for the better, forever through Rotary's service to humanity," said Germ.

Rotary members around the globe are serving humanity by providing clean water to underdeveloped communities, promoting peace in conflict areas, and strengthening communities through basic education and literacy. But none more important than our work to eradicate polio worldwide, he said.

After a historic year in which transmission of the wild poliovirus was stopped in Nigeria and all of Africa, Germ said we are closer than ever to ending polio.

"We are at a crossroads in Rotary," he added. "We are looking ahead at a year that may one day be known as the greatest year in Rotary's history: the year that sees the world's last case of polio."

Last year's milestones leave just two countries, Afghanistan and Pakistan, where the virus still circulates. Polio would be only the second human disease ever to be eradicated.

When that moment arrives, it's "tremendously important" that Rotary is ready for it, said Germ. "We need to be sure that we are recognized for that success, and leverage that success into more partnerships, greater growth, and even more ambitious service in the decades to come."

Germ, a member of the Rotary Club of Chattanooga, Tennessee, USA, encouraged attendees to return to their clubs and communities and spread the word about Rotary's role in the fight for a polio-free world.

"People who want to do good will see that Rotary is a place where they can change the world. Every Rotary club needs to be ready to give them that opportunity," Germ said.

Enhancing Rotary's image isn't the only way to boost membership. "We need clubs that are flexible, so our service will be more attractive to younger members, recent retirees, and working people."

He added: "We need more willing hands, more caring hearts, and more bright minds to move our work forward."

ROTARY GIVES \$35 MILLION BOOST TO POLIO ERADICATION

Rotary is releasing \$35 million in grants to support polio immunization activities and research in nine countries, including Afghanistan and Pakistan.

The funds will build on last year's historic achievement of stopping the transmission of the wild poliovirus in Nigeria and all of Africa.

"We are closer than ever to achieving a polio-free world," says Michael K. McGovern, chair of Rotary's International PolioPlus Committee. "To ensure that no child ever again suffers the devastating effects of this disease, we must all ensure that the necessary funds and political will are firmly in place in 2016."

The funds announced this week include \$11.4 million in Pakistan and \$6 million in Afghanistan, the two remaining polio-endemic countries. Funding will also support immunization activities in several countries still at-risk, including

Nigeria (\$5.5. million), Ethiopia (\$4.1 million), Chad (\$2 million), Somalia (\$1.8 million), Cameroon (\$1.6 million), Iraq (\$1.6 million), and India (\$618,000). An additional \$355,000 will be allocated to polio research.

ROTARY CONDEMNS DEADLY ATTACK ON POLIO SECURITY PERSONNEL IN PAKISTAN

Rotary members and our partners in the fight to eradicate polio offer our heartfelt condolences and express a deep sadness in the wake of a horrific bomb attack in Quetta, Pakistan, that took the lives of at least 15 security personnel on January 13, 2016.

This tragic attack outside a polio immunization center is a stark reminder of the dangers faced by Rotary, our partners in the Global Polio Eradication Initiative, and the brave women and men on the front lines of our effort to protect all children from the paralyzing effects of polio. While the bombing will be investigated, one thing is clear: The security personnel who were killed died because their job was to protect teams of polio immunizers. We applaud the government's commitment to continue the vaccination campaign throughout Pakistan, which is one of only two countries where the poliovirus is still endemic.

Today we pause to honor the sacrifice made by the heroic police officers killed. Yet our 30-year commitment to end polio remains steadfast. Even as we absorb the horror of this bombing, we are redoubling our efforts to educate families and build confidence in the safety of polio vaccines, and to engage community and religious leaders to support our campaign.

We are closer than ever to achieving a polio-free world. Vast improvements have been seen in Pakistan, with more than 80 percent fewer cases in the country than in 2014. In order to stop polio in Pakistan in 2016, we must ensure the safety of vaccinators to reach every child.

And today, our release of \$35 million in grants for polio eradication signals our determination to finish the job to which thousands of courageous individuals have committed themselves, and to never forget the sacrifices made by those who lost their lives in this effort.

REMINDER - Rotaract D7070 EClub

Dear Fellow Rotaractors and Rotarians in District 7070 and beyond,

Almost 3 months ago, an announcement for the new Rotaract E-Club was made at The Rotary District 7070 Conference! This is exciting news as it demonstrates our district's commitment to supporting Youth Service, one of the Five Avenues of Service.

District Rotaract Chair, Neil Phillips, along with new E-club President Elect-Designate, Anmol Mirpuri and District Rotaract Representative, Kelly Ku, have been working to recruit new members to help launch the new E-club and we need your help.

We are **asking all Rotarians** in our district to reach out to Rotaractors from Clubs you have sponsored, who may no longer be involved. This is a great opportunity for them to jump back in the Rotaract world despite their geographical location in District 7070. The club is open to all young people ages 18-30, which include RYLA participants, past youth exchange students, and even graduating Interactors. Please note that the youth you reach out to do not need to be involved in a Rotary-sponsored program. Please tap into your rolodex/email list and see who you can inspire to learn, lead, and serve. Let's do our best to engage the youth today and help grow the Rotary family.

To receive more information regarding the e-club, please fill out this form: https://rotaract.typeform.com/to/SKFDrP
Feel free to use this Elevator Pitch to help us recruit:

A Rotaract e-club is an internet-based service club that meets virtually on a bi-weekly basis and conducts its projects and events through the web – as well as connecting with existing Rotaract Clubs. The club will offer Rotaractors a chance to get involved and make a difference without the commute, and provide the opportunity to mingle with Rotaractors across the district. It also provides the following: a space for on-going learning; opportunities to lead and learn new skills; and a great network to connect and have fun with.

Our Rotary Foundation

From Bill Patchett, Chair District 7070 Rotary Foundation Committee

Dear Fellow Rotarians,

Here we are in February 2016. And what better time than now, to ask all Rotarians to think about supporting our Rotary Foundation. You will be making a difference in so many ways throughout the world. Rotarians do make the world a better place.

All Rotary Clubs in District 7070 have committed, again this new Rotary year, to donating at least \$20.00 PER Rotarian to **PolioPlus**.

Has everyone in your Club, this Rotary Year, donated the \$20.00 per Rotarian for the eradication of Polio? This Rotary Year, the Bill and Melinda Gates Foundation will match our contributions on a 2 for 1 basis. And the Government of Canada is also matching you donation on a 2 for 1 basis. Your one dollar becomes 5 dollars! And we sure would like every Rotarian in District 7070 to do the same in 2015-2016. Yes, we are very close! You are making a difference!

Has your Rotary Club set your goals for contributing at least \$ 100.00 for each member of your club for **Annual Giving to the Annual Programs Fund** of the Rotary Foundation? Congratulations to the District 7070 Clubs that have already made that commitment to the Rotary Foundation and I hope that all of you will keep up the good work to reach your goal. This is where we get our money for Grants. Last year, we did have 100% in commitments met. Has your Club made plans to make that donation yet? Are your goals and plans in Rotary Club Central?

Has your Club sent in your objectives to the District 7070 Rotary Foundation Committee, for the 2015-16 Rotary Year yet?

If we want to reach our goal, we would like to see \$ 100.00 from every member, in every Rotary Club. This is our commitment to the **Every Rotarian Every Year Campaign** of the Rotary Foundation - EREY (Every Rotarian Every Year).

Our Rotary Foundation provides the money for our **Grants Program**. The Grants can be used for both local and international projects. It is interesting to note that more of you are applying for Grants. This is most encouraging. On the other hand, these applications require us to raise more money for Foundation. Please encourage your Treasurer to send in your commitment. I would also encourage the Assistant District Governors to check on their clubs and their progress.

Are there any prospective **Major Donors** in the District? Please let me know if you or someone you know wishes to take this next step to support Our Rotary Foundation.

Many thanks to all of you for your support.

REMINDER: District 7070 Climb to End Polio Now:

Let's all help 2 District 7070 Rotarians \$100,000 to aid in the polio eradication program by climbing Mt. Kilimanjaro -Assistant District Governor Raffy

Chouljian (Scarborough) and Jennifer Boyd, President, of the Toronto Don Mills Rotary Club and Chair of the District 7070 World Polio Day Committee are going to climb Mount Kilimanjaro and they are asking for District 7070 Rotarians and their friends to help them raise \$100,000 for the End Polio Now Campaign.

After many years of supporting the Rotary International Polio

Eradication Program, both Raffy Chouljian and Jennifer Boyd wanted to take part in the immunization clinics hands on. Earlier this year, they joined a group of Rotarians from District 7070 and traveled to India to take part in the National Immunization Days vaccinating children against Polio.

Following the days of administering vaccines to young children, and seeing first hand the difference the vaccines have made in these communities, they have decided to raise \$100,000 to aid in the Polio eradication effort.

"It took us 10 seconds to say yes" says Jennifer Boyd, referring to her Team and their decision of climbing Mount Kilimanjaro to raise funds for Polio eradication. "In 1985 Rotary International made a promise to the children of the world to eradicate Polio! We are so close to eradicating this horrible disease from the world and what better way to kick it into full gear than to climb Mount Kilimanjaro".

Can you help them Conquer Polio, Conquer Kilimaniaro by donating to the Polio Fund through Rotary International?

Heres how: email maral@conquerpolio.org with your name, your Rotary Club name and pledge amount. Then send your cheque to Rotary International. Please mark on the memo line 2016 Kilimanjaro Polio Climb.

SHELTERBOX News For February 2016

From: Ron Noseworthy, Chair, ShelterBox Canada

Vollunteers Make the World a Better Place

"Never doubt that a small group of thoughtful committed citizens can change the world; indeed, it's the only thing that ever has." Margaret Mead.

ShelterBox Canada remains successful due in large part to our network of volunteers across the country. Over 100 volunteer Ambassadors, many of whom are Rotarians, from coast to coast represent ShelterBox in their communities.

Are you looking for a way to merge your passions for ShelterBox and Rotary? There are many opportunities for Rotarians to get involved with ShelterBox Canada! We are always looking for new Ambassadors to join our team. Ambassadors are the face of ShelterBox across the country and they regularly give presentations and hold fundraisers in

their communities.

We also offer a volunteer position specifically made for Rotarians. Join ShelterBox Canada as a Rotary Club Champion. Champions aim to deliver increased awareness about ShelterBox within their Rotary Club. Be the main point-of-contact in your club with the ShelterBox National Office and local Ambassadors and volunteers.

If you are interested in joining our volunteer team or would like an Ambassador to make a presentation to your Rotary Club, please email Tess Widdifield at tesswiddifield@shelterboxcanada.org

2015 Rotary Impact

ShelterBox Canada had a very successful year in 2015! We responded to disasters all over the world from flooding in Malawi to the Nepal earthquakes.

None of our work would have been possible without the amazing support of Rotary Clubs and Rotarians across the country. Together, Rotary Clubs raised over \$680,000 for ShelterBox Canada and helped hundreds of families who have lost everything after a disaster.

Thank you.

Rotary News

On October 24, 2015, the Rotary Club of Etobicoke, as host club for the District Conference submitted a District Grant Application for a food packing "hands-on" project. With financial support from four other clubs in District 7070 (Rotary Club of Toronto Eglinton, Rotary Club of Toronto West, Rotary Club of Bowmanville and Rotary Club of Belleville), delegates, exchange students, Rotaractors and Interactors packed food throughout the day. 70 packed boxes (14,500 meals) of Kids Against Hunger product was taken from the hotel and shipped to Fort Hope's John C. Yesno School for distribution to the students and community. Also included were 6 boxes of children's winter clothing purchased with funding from the District Grant and with additional financial support from Rotary Club of Belleville. Additional boxes of requested winter clothing for babies, children, youth and women in Big Trout Lake along with dictionaries, student backpacks, school supplies and toys will be shipped.

While on the surface, these may not seem to be related to education, all are necessary to create a positive learning environment.

The Rotary Club of Belleville has available one "First Nation Personal Development" Bursary for a university student and two bursaries for college students during 2015/2016. An Application is available on the club website: Belleville - Home Page (under scholarship heading). Good luck!

Message from HIP Chair, Chris Snyder

Everyone knows the importance of education. In general, education opens doors and opportunities. . According to data provided by the department of Indigenous and Northern Affairs Canada to an international forum in 2012, only one out of every three First Nations students is graduating from secondary school, compared to a national average of 93% high school completion rate for the general Canadian population.

While the provincial government (Ministry of Education) is responsible under the Education Act of Ontario for all aspects of education in Ontario, the federal government (INAC) is responsible for First Nations education under the provisions of the Indian Act. INAC only provides a fraction of the real education costs to First Nation Governments to run their schools compared to the funding that the Ministry of Education provides for District School Boards to run elementary and secondary schools. Funding for First Nations schools is determined by a formula which was developed in 1988, before the age of personal computers. Annual funding increases have been capped at 2% per year for two decades, despite the growth of the First Nations student population and the growth of costs such as textbooks and teachers' salaries.

If you live on a reserve and go to a school off the reserve the First Nation Government will sign a tuition agreement with the local District School Board and INAC will pay for each child to attend elementary and secondary school in that School Board region according to a billing rate determined by the School Board.

The needs are significant. First Nations want to create a cultural and linguistic continuum from early learning to post secondary education to promote pride, a sense of belonging in the education system, and a vision of what is possible. This learning continuum can also teach Canadian students to appreciate Indigenous histories, culture, languages, rights and the rich contribution that First Nations have made to Canada throughout time in the arts, music, dance, science, medicine, engineering, architecture, health sciences, research and business. We need assistance to support First Nations to produce curricula that will benefit all of us in understanding our historical and ongoing relationships with First Nations, and to better understand First Nations ways of knowing, histories, and rights. Teachers need support to feel comfortable and capable in teaching about First Nations issues and history. Educational Coaches for classrooms will go a long way to support Ontario teachers to do their best work.

Despite the risk factors of poverty, poor housing, lack of potable water, lack of services and opportunities in some First Nations, First Nations youth under the age of 25 years are the fastest growing segment of the population in Canadian. They have the energy and capacity to make a difference in Canada. With your support as Rotarians and Canadians, this burgeoning population of First Nations youth can be supported through school and graduate programs. Support can come from us in many small but important ways including but not limited to literacy training, computers, vans to transport students, books, parental support, good nutritional programs and cultural programs.

It is HIP's job to work with the communities and people to help remove these obstacles to a good education. The major answers lie with First Nations who have excellent educators and ideas. As allies, we can make a difference. Please pledge your support to HIP.

In the process, we will all learn a lot. We will learn about Indigenous histories and culture. We will learn about their ways..their connection with the environment, their spiritual connections, the 7 Grandfather teachings- honesty, truth, humility, love, wisdom, courage and respect.

Together we will all benefit. So too will our Country.

Sincerely, Chris Snyder Chair, HIP snyder@eccgroup.ca 416-364-0181 Ext. 2501

2016-2017 Global Grant Scholarships

From: Kevin Power and Ross Bowser , District 7070 Global Grant Scholarship Co-Chairs, Summary:

- Key 2016 dates: February 29th for applications, March 19th interviews
- Global grant scholarship new name for ambassadorial scholarship
- Clubs are key first contact no cost to clubs
- Global grant scholarchips are for post graduate study outside north america for non rotarians

Resources: (http://www.rotary7070.org/sitepage/global-grant-scholarships-(foundation-scholar)

GLOBAL GRANT SCHOLARSHIPS: The Ambassadorial Scholarship Program, run by RI since 1947, became the Global Grant Scholarship Program in 2013. Nearly 40,000 men and women from 100 countries have studied abroad as Ambassadorial Scholars.

Global Grant Scholarships are US\$30,500 scholarships for postgraduate study in any of Rotary's Areas of Focus. There is no cost to sponsoring Rotary clubs other than time for selection and mentoring of candidates. The funding is 50% from the Foundation' World Fund and 50% District Designated Funds.

WHAT CAN CLUBS DO? The key is to have clubs create a Scholarship Committee. Candidates are often self selected as this group is highly motivated, intelligent and successful. Candidates usually research the Global Grant Scholarship program on-line and then contact a Rotary Club in their area of residence, work or study. Clubs can also promote the scholarship and invite applications. Key is to respond with basic information and begin to qualify the candidates – leading to interviews and introduction to Rotary and your club - and guide the application process to the

District Scholarship Committee.

QUALIFYING candidates on initial contact is basically determining that the candidate has some nexus to District 7070, will be pursuing post graduate study outside of Canada and the U.S., and that the candidate is not be a spouse or lineal descendent of an active Rotarian.

NOTABLE past scholars include Canada's Governor General David Johnston, Cambridge, 1964; Roger Ebert, U.S. movie critic, Cape Town, South Africa, 1964; Paul Volker, U.S., Federal Reserve Board Chair, London School of Economics, 1951; Ms. Sadako Ogata, Japan, UN High Commissioner for Refugees, Georgetown University, 1951; Helmet Jahn, Germany, Architect (top 10), Illinois Institute of Technology, 1967.

Candidates are expected to be goodwill ambassadors for Rotary and Canada. Their involvement with Rotary will continue during the year (scholars usually attend our conferences, foundation walks, club meetings, etc.) and afterwards as they pursue their life goals.

District 7070 is presently able to award one scholarship per year, the next year being the 2016-2017 academic year. RI assists with the selection of a host club in the host country. While not an "Exchange Program" District 7070 frequently hosts Incoming Scholars (two scholars from Japan are at U of T this year). Being post graduate students, they do not live with host families as the high school exchange students do.

INFORMATION SOURCES: Interested parties should go to:

http://www.rotary7070.org/SitePage/global-grant-scholarships-(foundation-scholar)

As the Google search process still returns some old and often conflicting information, it is important to direct interested candidates (and Rotarians) to the District 7070 website.

WEBSITE SUMMARY - Global Grant Scholarship – District 7070

Global grant scholarships fund graduate-level coursework or research for one to four academic years. The mission of the Scholarship is to enable Rotary to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty.

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development
 - Applicants must show a plan to pursue a career in an area of focus and have a long-term commitment to measureable, sustainable change in that area.
 - All Applicants are to review the Area of Focus Policy Statement. (see link to the statement)
 - The Deadline for Applications for the 2016 grant is Monday February 29, 2016. Interviews will be held on Saturday March 19, 2016, by invitation.

Beyond confirming a candidate's eligibility, the goal of club and committee interviews is to help determine whether he or she has:

- * Excellent leadership skills and potential
- * A proven record of success in his or her academic field or vocation
- * A commitment to community service
- * Well-defined and realistic goals
- * Concrete ideas for advancing within his or her chosen field
- * Sincerity about maintaining a lifelong relationship with Rotary after the scholarship period

After conclusion of the Interviews (March 19, 2016) candidates are informed of the decision and then the work begins for the District to obtain the matching funding from the Foundations World Fund.

Leadership . . .

From Rotary District 7070 Vocational service Chair Ian E. Lancaster RN, CPN, CHPCN(C)

Rotary is an organization of leaders. Why do you lead?

This is the single most important question you can ask yourself as a leader, and your answer has everything to do with your success or failure.

Will your employees or volunteers choose to follow you because you are successful, rich, or have a title? Probably not; they will follow you because you have a purpose larger than yourself. You inspire them with "why" you lead – to help them learn, grow, and be successful. Everybody connects with this purpose.

Simon Sinek's presentation "How Great Leaders Inspire Action" is the third most viewed Ted Talk in history with over 25 million viewers. In it, he states, "Leaders hold a position of power or authority, but those who lead inspire us." These leaders are driven by a cause greater than themselves. We follow, respond to, vote for, and buy from people because we believe in their purpose.

Sinek continues, "We follow those who lead, not because we have to, but because we want to. We follow those who lead, not for them, but for ourselves. It's those who start with "why" that have the ability to inspire those around them or find others who inspire them."

Your purpose reflects your leadership character and beliefs. Although many people believe that focusing on leadership character rather than skills and tactics is "soft" and not practical, it's just the opposite. Tactical problems are most often rooted in weak character and self-serving leadership. The outcome is dissatisfied and unproductive employees, frustrated leaders, chaotic cultures, and under-performing organizations.

Changes in individual behaviour, like organizational change, don't result from facts and figures, but from an emotional response to information. Leaders who lead because they care about the success and well-being of their followers lead with a purpose that connects with and inspires followers on an emotional level.

During a recent training session on the topic of coaching and counselling to improve relationships, inside and outside the company, I asked the president of a nursing agency some background on why they were offering employees this training. She told me that the majority of middle level managers don't see coaching as part of their job and don't like to deliver difficult feedback. My thought, which I kept to myself, was, "How can anyone lead if they don't see it as their responsibility – or better yet, their opportunity – to develop the people they expect to follow them?"

Leading others is a privilege, not an entitlement, and it should be embraced as such. People who lead have great responsibility. You are charged with another person's time, efforts, hopes, dreams, ambitions, and sense of self-worth. The following six leadership attributes will help you lead with a higher purpose that inspires your followers.

Respect: You can't be a leader without trust and respect, and you can't build trust and respect without communication. Demonstrate that you value your associates by sharing important information with them; asking for input and suggestions; using their ideas whenever possible; and delegating new opportunities for them to grow. Humility: Give credit to others when your team is successful, and take responsibility for team mistakes and failures. Have the courage to say, "I made a mistake," or "You're right." Don't be afraid of your followers' success – encourage

it.

Service: Get to know your colleagues' hopes, dreams and goals. Make it a habit to ask those in your circle, "What can I do to help you be successful?" Take time regularly to invest in your communities' development with training, coaching, and constructive feedback.

Gratitude: Gratitude isn't complicated, but it does require heartfelt thought and action. Thank team members for their contributions, and recognize extraordinary effort and accomplishments. Let your supporters know that you take your leadership position seriously and are grateful for the opportunity to invest in them.

Grace: Too many people in this world believe mistakes are bad. Expect mistakes and approach them as learning opportunities. Realize that if you're not making mistakes, you're not trying new things. Give employees and volunteers the opportunity to try new ways of doing things and let them try again when they fail. Cultivate an attitude of acceptance and understanding.

Trust: It can take weeks, months, or even years to build trust, but mere seconds to destroy it. Be a person of your word, always. Follow through and do what you say you are going to do. Be trustworthy in all your actions.

Embracing leadership as a privilege and an opportunity to invest in the success of others is beneficial to a wide variety of employee and volunteer engagement challenges all organizations face today.

Leaders who answer the "Why?" question with "For others" are great talent mangers; build high performance teams; increase productivity; retain top performers; and generate loyalty from all those around them, which all lead to inspiring others' accomplishments and values.

REMINDER: Rotary Youth Leadership Awards

ATTENTION: DISTRICT 7070 CLUB PRESIDENTS AND YOUTH SERVICE COMMITTEE CHAIRS:

Do you want a deserving young member of your community to have a unique opportunity for leadership training and personal growth – all under the Rotary Banner? Not just a weekend seminar, but a solid week of total immersion in leadership training that could change a life? That's RYLA.

What is RYLA?

The Rotary Youth Leadership Awards ("RYLA") is a program for young people that was officially adopted by Rotary International in 1971. Conducted on a district level, RYLA offers Rotarians a special opportunity to take part in developing qualities of leadership and good citizenship among the young people of their communities.

District 7070, which comprises Rotary clubs from Belleville to Toronto, has conducted RYLA programs continuously for many years. RYLA is a life-changing experience for young people aged 19 - 25. Each club may sponsor qualified individuals to attend a one-week leadership training program, all expenses paid.

The District 7070 RYLA program, "Leadership Begins With Me", provides an opportunity for the participants to get to know themselves better and to cultivate the respect and trust of others. They are able to identify their own leadership skills and determine ways to make more effective use of their resources. Their enthusiasm and technique is brought back to the community from which the participants were sponsored, and thus impacts on the young people being influenced by these youthful leaders.

RYLA introduces a large number of young people and their families to the Rotary ideals of service each year. It helps bridge the communication gap between the generations and helps improve relationships among youth groups, families and the community. RYLA also has been instrumental in the formation of Rotaract clubs and complements all other Rotary youth activities.

The Award

- 1. 1. To live for one week (from <u>Sunday May 15, 2016 to Friday May 20, 2016</u>) on campus (at Loyalist College in Belleville) to attend a leadership training course, all expenses paid by the sponsoring Rotary club;
- 2. 2. An invitation to the candidate to join a meeting of the sponsoring Rotary club to meet Rotarians and to learn something of Rotary; and,
- **3.** A special occasion to attend a meeting of the sponsoring Rotary club, after attending RYLA, to address the Rotarians about the RYLA experience and to be presented with a RYLA certificate in recognition of "service to the community".

Global Grant Brings Safe Water to Fiji

The annual rainfall in Fiji ranges from 100 inches on the coast to over 200 inches in the mountains. The frequent heavy downpours in the wet season (Jan - Mar) cause issues with bacteria and other toxins in the drinking water.

Two Rotary clubs in San Diego and one in Fiji, used a Rotary Foundation Global Grant to provide safe water to seven villages.

Using a unique micropore filter, the Safe Water Stations provide a sustainable solution that requires no electricity and has no moving parts.

For \$137 a family can have clean water for 10 years.

Toilet Turns Waste into Water

A cheap, easy to maintain toilet that uses no water, turns human waste into electricity, Funded in part by the Bill & Melinda Gates Foundation's Reinvent the Toilet Challenge. The nano membrane toilet is to be trialed and tested in 2016, possibly in Ghana. More than 2.3 billion people don't have access to a safe, private toilet. Organizations around the world are working to solve this problem. High-tech solutions, such as adding solar panels, are usually too expensive to be practical.

An article on the "Nano Membrane Toilet" in Gizmag.com provides an overview of this technology.(. . . Read More)

*The Water and Sanitation Rotarian Action Group (Wasrag) is pleased to consider partnerships with any corporate supporter. Due to the unique attributes of water sources and water provision, acceptance of corporate support does not imply an endorsement of any particular water technology. Rotarians, Rotary clubs, and Rotary partners must evaluate any technology to determine if it is the best solution for the conditions where the program will be implemented. Wasrag can provide guidance about where different technologies work best, but Rotarians and Rotary clubs must make the final decision about how to implement their programs.

The Water & Sanitation Rotarian Action Group is a group of Rotarians whose purpose is to support Rotary clubs to effectively plan, finance, implement, monitor and evaluate water, sanitation, and hygiene programs, where they are most needed in a collaborative, cost-effective, timely, and sustainable manner, true to the principles of Rotary International. Wasrag operates in accordance with Rotary International policy but is not an agency of, or controlled by, Rotary International.

The Rotary District 7070 Mobile Business Directory has been in operation for over two years. We have several District members listing their businesses. The Directory has had over 6,000 visits annually with a click through rate of over 6%. This means that 6% of those visits did something... they called a business... they clicked on the map to find the business... or they went to the businesses website. In the industry, over 6% is very good. The more members we have participating and sharing the directory, the more exposure it will have and the better success it will have. Any Rotary member of District 7070 can be on the directory for a cost of \$10.00. To look at the directory and to find out more about it, please go to www.rotarydistrict7070.mobi. You can also fill out the form to have your business put on the directory.

If you have any questions, please contact any member of the District Clubrunner Committee.
