

The purpose of this book is to

PROMOTE ROTARY IN NEW ZEALAND

There are many ways in which it can do this:

- * Every Rotarian should have a copy so he/she can appreciate – and glean ideas from – the wide ranging projects undertaken from North Cape to The Bluff.
- * Every Club should make copies available to their visitors, prospective members and guest speakers.
- * Rotarians should have additional copies to give to non Rotarians as a tool to showcase Rotary.
- * This book is ideal to place in offices, businesses, waiting rooms, and public areas so non Rotarians become aware of just what we Rotarians do for New Zealand.
- * The book is a perfect marketing tool to attract new members and sponsors.

This is a wonderful opportunity to promote Rotary. This is YOUR chance to use it to good effect. Please do not let this opportunity pass you by.

Books are supplied in cartons of 50. We cannot split the cartons into smaller amounts, 1 carton = \$150.00.

If you purchase two cartons we will supply you these at the cost of \$200.00 delivered. If two cartons are a little much for your club consider joining in with another club in your area to share the costs.
