3606 Red Oak Lane

Plainview, TX 79072

806-729-8741

Steve Long and his wife, Sandy live in Plainview, Texas. Steve is Associate Professor of Communication and Media Studies at Wayland Baptist University. They have two children, Kate, who is married and living in Oklahoma with her husband and two children, and, Kevin, who lives in Lubbock Texas. Steve and Sandy celebrate 38 years of marriage this year. They love to travel and spend time with the Grandkids.

Steve was invited to Rotary by a colleague and joined the Plainview Rotary Club on November 1, 1990. He served as President of the Plainview Rotary Club for 2009-2010. He has served District 5730 as an Assistant Governor and District Trainer before starting the path to District Governor.

The theme for Rotary in 2019-2020 is Rotary Connects the World. Steve has tried to pass this message to every President-Elect and President-Nominee he has met at Lonestar PETS each year. As much as we learn at Rotary events, there is nothing more important than making connections. That is where we will change the world. Rotary Service projects around the world start with a connection.

Steve participated in a Rotary mission to Mexico to introduce a new food product to the Tarahumara Indian population and review Rotary action projects in the area. His first service for Rotary was to direct the Plainview Rotary Club fund raiser. This was the Running Water Draw Arts and Crafts Festival. He directed the festival for 14 years and provided service to the community and to the vendors with the help of his club.

Steve and Sandy are both Paul Harris Fellows and Steve is a member of the Paul Harris Society.
