

Bradley W. Bunn
2008 – 2009 District Governor
District 5730

Brad was born in Olney, Illinois and grew up in the oil patch of the Illinois Basin. Brad met his wife Kara in Florida and they were married on January 21, 1989. Opportunity in the Permian Basin brought the couple to Andrews, Texas in 1992 where they purchased Caprock Oil & Gas, an independent oil and gas producer. In 2001, Brad started Jupiter Electric and Service Company, an oilfield electric service and construction company. They became active in Rotary shortly after moving to Andrews, where Brad served as Club President and as an Assistant District Governor in District 5730. They are Major Donors and Benefactors. Brad has been an active volunteer in the region having served six years on the Andrews City Council and on numerous boards and committees. He currently serves as a Governor's Appointee to the Texas Radiation Advisory Board. In 2004, the couple moved its residence to Midland, Texas. They are both members of the Midland Daybreak Rotary Club.
