GIVING BUDGET

Your Annual Budgets

- How does your club plan their budget for the year?
- Not prescriptive – Lets just look at a sample strategy
- Consider how you can support each of our major projects within your budget
- Consider how you can support one or more other clubs projects and still meet your own club international project objectives

“Planning is bringing the future into the present so that you can do something about it now”
Alan Lakein (Time Management) Author

- What is the typical service project % Split between Local and International Projects?
 - No right answer; It depends
 - Surveyed Treasurer's
 - 60-80% Local and 20-40% international
 - Typically \$1000 - \$10,000 given to international projects per annum

UN Sustainable Development Goals

- The United Nations blueprint to achieve a better and more sustainable future for all.
- 17 goals to target poverty, inequality, injustice and climate change by 2030.
- The Goals interconnect and in order to leave no one behind, it is important that we achieve each Goal and target by 2030.
- 169 Objectives - Each goal is broken down into a number of objectives.
- Links can add to project credibility
- Click on the picture for link

17 GOALS TO TRANSFORM OUR WORLD

Considerations

- Any (other) International Projects not registered with RAWCS
- Country Spread vs Concentration
- Other Countries – India, Myanmar, Cambodia, Timor Leste, Vanuatu, Cambodia...
- 9790 Operational fund e.g. Shipping Costs (e.g. 9800 2 X DIK Operational)
- Project Size:

What is a Shark Tank Exercise?

Your pitch

Club Donation vs Investment

Logistics / Ground Rules

- How many want to pitch a project to clubs present today?
- Recommendations Vs Commitments
- Contributions for 2019/20 & or 2020/21 onwards
- Make the ask specific, measurable, results oriented, achievable and time bound
- Break it down
- Example ask
 - “I am after 60 clubs to give us \$100 each before June 2020, to cover shipping of x to y for a mention in the RDU magazine and on our and your websites as a contributing partner”
 - “I am after 2 Clubs to give us \$5000 each over the next 3 years, to build X in y for mentions and co-named on plaque and opportunity to be present at opening”
 - Be willing to listen & offer counter-offers for example – I am prepared to recommend to my Board that we donate \$5000 this year, but I cant commit future boards of my club so would you consider partnering with up to 6 Clubs?
- Typically 2 min pitch – 3 mins to broker a deal, then next into the shark tank
- No deal? – Don’t be disheartened, you can negotiate further in the breaks and after the day....

Our Project Market

- Prepare / hone your pitch 15m
 - What / Why we should / need to support your project?
 - How much do you want from how many clubs? Not open ended
 - Resources needed (\$, Time, Strategy, Materials, Skills....)
 - Is there a preference for Supporting club attributes e.g. Proximity to your club?
 - Return on Investment
- Prepare / Consider your investment with other Clubs
 - Budget
 - Collaboration / Partnership Opportunity
 - Skills & Time Available
- Venture Capital Rotary Shark Tank (up to 9 X 2/3 – Total 5mins each) 45m
- Handout

Project Funding

- Club funds
- Corporate sponsorship
- Private Ancillary Funds*
- DFAT Grants
- Private Donors
- In-kind Donations
- District Funds
- Global Grants

* A Private Ancillary Fund (PAF) is a type of charitable trust designed to provide individuals, families or associations with an investment structure for philanthropic purposes. With its Tax Deductible status, and being a non – profit organisation, RAWCS can tap into donations from Private Ancillary Funds, which include corporate and charitable trusts.
