August 2017

In this issue:

Darrell’s Discourse: The Perfect Day
DG Darrell’s Bucket List
Suzy Annelie - RoFUNtary
Rotary takes ordinary people...
Making a Difference: Hospital Beds to DIK
Malaria Vaccine Project Going Global
Meet Arantza Unzurrunzaga - España
Two major workshops / Group Cultural Exchange

And lots more!

Darrell’s Discourse: The Perfect Day

Going to bed with a dream
Waking up with a purpose
I could be dead within the next 10 years! I hope not. I will be 81. My grandmother lived to 101 and my other grandmother lived to 51.

Average it out!
The average age of Rotarians around the world is 74 years. Our District 9640 is doing better: it is only 71 years! At that rate in 10 years time it will be 81.

Will your club survive without membership growth? ‘No’.

‘Yes’ if we have a massive injection of numbers.

August is ‘Membership & New Club Development’ month. Now is the time to act.

If you don’t mentor, you will lose 50% of the newest Rotarians...

Oh, my impossible dream! ‘Double membership this year’. How?

Simple:
Refer to DG’s Goal #1: Each member to invite at least two people to a Rotary event or function. Expose them to Rotary. They might join!

Each club to form a Satellite Club making Rotary more flexible and appealing to the younger generation. See next page for brief Step-by-Step instructions on how to do this. (To those clubs which already have a Satellite: Congratulations—well done!)

Refer to DG Goal #2: Mentor the newer members. But How? I was told at International Assembly last January that an effective way of mentoring was to team up the youngest or newest Rotarian with the oldest or most experienced Rotarian.

I welcome any other ideas. Let’s have them!

If you don’t mentor, you will lose 50% of the newest Rotarians within 2 years of joining — FACT.

All that effort in introducing your friends and acquaintances to Rotary — wasted. And—

Your club will die. Literally of old age.

How about it?

Can we get on board and double our membership this year?

I don’t want my dream to be a dream.

I want it to be a reality.

Darrell Brown.
DG Darrell’s “My ‘Bucket List’”: How are we progressing?

Yes, I hear you yell: “Listen, mate, we’ve only been going for a month!!”
Yes sure. But you have organized lots of things in your profession and daily life. You know that to start, you have to decide to make a start.

OK, let’s start with the first objective:

**#1 Expose Rotary to Friends & Acquaintances**
In his Governor’s message above, Darrell outlines his “Impossible Dream”: Double our membership. It can be achieved. But you have to ask somebody. You need to make a list of people whom you can ask. What’s wrong with doing it right now?

**#2 Promote Member Retention**
Are you involving your new members? Instead of joining your “regulars” at the same table every week, how about you sit next to a junior member? You may want to check out this link to the RI Website, specifically for new members. By the way, there is no harm for old members to check it out!

**#3 Focus on Local Community Projects and Rotary Initiatives**
What is in your club’s Bucket List to do just that? How is it progressing?

The “Impossible Dream”:
Double our membership.

#4 Rotary Foundation Support
There is the old (incorrect) stigma attached to “buying recognition” by donating to the foundation to obtain a Paul Harris Fellowship. But that was the very intention when The Rotary Foundation was setup over a hundred years ago. Most of us at one stage or another make a donation to a charity. In my view, one of the overriding criteria is “just how much are they keeping for themselves??” The Rotary Foundation is one of the most efficient charities in the world. It is very much worthy of your support. Ed.

---

**How to attract ‘Heavy Lifters’ like Ian Riseley to join Rotary**

You might well ask: How the heck would a "heavy lifter" of the calibre of “our” Australian Rotary International President be enticed to join Rotary?

Well, guess what: another Rotarian asked him. Ian, a member of the Rotary Club of Sandringham, Victoria since 1978, was an everyday practicing accountant. One of his clients asked him to be guest speaker, on Taxation Matters of all things. He accepted. And so it evolved.

You can read the full story and interview in the July issue of The Rotarian magazine. It is available online, but you need to subscribe to it. Go to www.rotary.org and go to My Rotary.

“I’d love to say that it was the projects and things that Rotary did that won me over, but that’s not correct”

Ian Riseley

**SUBMIT stories:** We welcome stories about your club for both the District Facebook page and the DG’s newsletter.

Email: D9640newsletter@gmail.com
Kerrie Brown: DG Partner’s Project 2017/18: ROMAC
(Rotary Oceanic Medical Aid for Children)

Their Mission Statement: ‘To provide specialist treatment for children, from developing countries, in the form of life saving and/or dignity restoring surgery not accessible to them in their home country.’

Their Objectives:

• Provide hope and restore dignity to transform a child’s life
• Provide the best possible surgical and medical expertise
• Engage Rotary and the community at all levels to fund and support the ROMAC cause
• To maintain and improve the quality of the management process and ensure high quality governance of the ROMAC program

What else?
• Established for almost 30 years
• No government funding
• No paid employees
  = your $$ don’t go to overheads and salaries!

Forming a Satellite Club: It’s not difficult!

Why establish a Satellite Club?
• Alternative meeting times, for example, young parents don’t want to be away for one evening every week (should not be the same day/time as the sponsoring club)
• Alternative demographics, e.g. target younger members, shift workers
• Alternative meeting model, e.g. Weekends, No Charge meetings, e-club

What name are we giving it?
• Should be in line with the Sponsor Club and location, e.g. Rotary Satellite Club of Glen Innes, can also have additional qualifier, e.g. add ‘Daybreak’ if they meet for breakfast

Minimum / Maximum number of members?
• Need only 8 members to start, compared to 20 for a new Rotary Club. There is no maximum.

What advantages?
• The members are officially Rotarians (same rights, same fees) and can immediately take advantage of the benefits of membership such as visiting other clubs, joining Rotary Fellowships etc
• The process of establishing a Satellite club is much less complicated
• Approval process is quick and streamlined
• If primary purpose is demographics, such as attracting young members into an ‘old’ club, they are amongst their own kind, yet the sponsoring club members can freely interact (and vice-versa) and certainly are encouraged to mentor them
• Satellite clubs often develop more innovative and ‘daring’ projects
• Members of the sponsoring club can transfer to the Satellite club – much preferable than losing them altogether! Vice-versa, members of the Satellite Club can transfer to the sponsoring club.

Do they have their own board?
• Yes.
• Need to have a total of 5 officers: Chair, Chair Elect, Secretary, Treasurer, Immediate Past Chair.

Click on this link to get a full set of Frequently Asked Questions
Click on this link to download the Recommended Process for Establishment of Rotary Satellite Clubs

Got a couple of minutes? Well worth your while to read:
Quentin Wodon—Rotary Membership Analysis—Why do members join
To have fun or not to have fun, that is the question. [or whether tis nobler in the mind to suffer the slings and arrows of outraged traditionalists... 😊 Ed]

Rotary is a SERIOUS job! It’s also a tough gig!

A Paul Harris recipe for achieving Rotary’s Goals:
Ingredients: People + Money
Method:
1) Separate the people into 2 areas, the doer’s and the ‘others’. Doer’s will come as mixed bunch – over time, they will form clusters. Agitators, Planners, Advocates, Scrutinisers, Socialisers, Counters, Nurturers, Comforters, Directors, Peacemakers, Jokers, and more.
2) Stir carefully whilst ensuring the mixed bunch and clusters work together harmoniously to raise money......the tough bit!

WHAT IF: We factor in FUN when planning our next event – FUN for us? Set a theme, agree on some zany rules, elect a mood monitor.... go wild! Make the next sausage sizzle the wackiest yet...you might get new members... and make more money.

Perhaps some of the ‘others’ might become ‘doers’ as their mental activity and incitement are increased!

# FUN can be planned
# FUN unites differences
# FUN increases volunteerism

(1) Suzie Annelie is a nom de plume
From September 2017, Rotary International will roll out a new Rotary Public Image campaign called "Rotary People of Action". This will change the way we use the Rotary logo in future on our club Website, Facebook, Newsletter, Instagram, letterhead, Banners, Business Cards, Pennants and all printed and digital material.

Our District Public Relations Chairman Rtn. Andy Rajapakse will conduct a workshop on Sunday, 1st October - 9.30am to 12.30pm at Quality Hotel, Cnr. Markeri Street & Sunshine Blvd, Mermaid Waters, Gold Coast, Qld 4218. Clubs can register a maximum of 2 members. Registrations are open now - click on this link.

To attract quality members, you need quality projects
To start with: A committee to kick it all off!

A major event of this size requires at least 15 major committee members, in charge of the following departments:
1) Chief Coordinator
2) Secretary (including all formal communications, permits etc)
3) Operations, course layout, organizing marshalls, participant parking etc
4) Treasurer
5) Sponsorship and Donations
6) Public Relations, Press, TV, Social Media
7) Participant Registration / Communications
8) Legals
9) Catering (or finding sub-contractors)
A format needs to be determined, basic design rules decided upon, to present to the local Council / Local Government Promotions Authority or equivalent (in whatever area it is to be held)

Major jobs in the week leading up to and on the day:
10) Logistics, Stage, Marquees etc
11) Catering (or supervision of, if sub-contracted)
12) Marshalls
13) Participant Registration
14) Master of Ceremonies
15) Communications with other members and officials (Walkie-Talkies, megaphones, Sound System, Projection)

Yes, you are correct: EVERYBODY needs to be involved!

Worth re-reading: PRIP Ron Burton on Membership

This is an extract of a message from Past Rotary International President (2013/14) Ron Burton:

“The goal isn’t just bringing in new members. The goal is growing Rotary. The goal is making Rotary bigger, not just with more members, but with more involved, engaged, motivated members who will be the ones to lead us into our future.

“So if they say yes, and they come and join our club, then we’d better be showing them that their time in Rotary is well spent.”

Each of us has our own reason for joining Rotary – but I believe we all want to make a difference. We all want to be doing something meaningful. That is absolutely essential for us to remember when we talk about membership. We’re not asking just anyone to join Rotary. We’re looking to attract busy, successful, motivated people who care. We’re asking them to take their valuable time and give it to Rotary. So if they say yes, and they come and join our club, then we’d better be showing them that their time in Rotary is well spent.

We have to make sure that every Rotarian, in every club, has a meaningful job – one that makes a real difference to the club and the community. Because when you’re doing something meaningful in Rotary, Rotary is meaningful to you.

Click on this link to go to the Rotary International website’s Membership Development section. It has a ton of very useful tools and information to assist you.
How do you distribute compost bins to 270,000 households, spread over 1,367 square kilometres?

Some 25 years ago, Brisbane City Council wanted to encourage domestic composting by providing compost bins to householders at cost price. Enter David Baguley who suggested that his Rotary Club of Jindalee was to manage the project and for Rotary clubs across Brisbane to assist in promoting the sale of compost bins and then distribute ordered bins to households each month.

Simple enough: all you need to do is to market the concept to 31 clubs spread over two districts (9600 and 9630), manage the processing of thousands of mail orders (no electronic systems in those days), bank cheques and manually process credit card payments, place monthly orders for deliveries to 31 locations. Ably assisted by Lionel Cansdale (now at RC Mt Warning AM - picture left) and the small staff of the Bridging the Gap job program as secretariat, over 14,000 compost bins were successfully delivered in the first 12 months.

From Year 2, Jindalee Rotary dealt directly with the manufacturer and added worm farms to the offering. The Project continued for 7 years, by which time 30,000 compost bins and worm farms had been distributed. Brisbane ratepayers and Rotary clubs had worked together to share over $180,000 in management and distribution fees. The Brisbane City Council had more householders composting and thus reduced the waste stream going to landfill - a Win-Win situation.

After 25 years with Jindalee Rotary, David moved to the Gold Coast and joined the Rotary Club of Surfers Paradise Central (now RC of Gold Coast). This club has an impressive list of ‘big’ projects, such as the Gold Coast Marathon, Black Tie Charity Balls, Bulls on the Beach, etc. Since joining District 9640, David has merged 2 Rotary clubs, led a GSE team to Wisconsin, built an Education Pavilion in the Gold Coast Regional Botanic Gardens, served 2 years as Group 7 Assistant Governor.

His most recent “major”: he co-ordinated the staging of the inaugural Gold Coast Ramble, a project expected to in future. Together with the Surfers Sunrise and Griffith Uni Satellite Clubs, this multi-club project won the 2017 Best Multi Club Project award. David firmly believes that the best way to promote Rotary and its work is to tackle large signature projects. If too big for one club, partner with other clubs and organizations and share the publicity and rewards.

Translating Vision into Reality

Are you submitting your own club’s story of ‘Ordinary men and women grabbing opportunities’?
Following the replacement of 80 electric hospital beds recently, Tweed Heads South Rotary was offered 60 beds by Tweed Heads Hospital. **Donations in Kind** organised for a 40 foot container to be sent to the hospital and 20 Rotarians, partners and family members loaded the beds and mattresses into the container.

Members from Mt Warning AM, Murwillumbah, Kingscliff andCurrumbinCoolangattaTweed responded to the call for help from Tweed Heads South and worked well together to pack the beds ready for shipment.

A special thank you to Broadbeach and Gold Coast Rotary Clubs who provided funds for transport costs of hospital beds and future trucking of school desks and chairs. Working together we are all making a difference.

Wendy Scarlett and Charles Warrell

---

“There isn’t a search window!”. “How do I search for something on the District Website?”. “I wish I could find things in the District Website!”

As the new District Webmaster, these have been my own statements, although I have had them expressed to me in stronger terms at times.

So I went looking. And I found It! **There is a Search function on the District Website** and it is right on the front page. Not very obvious, but it works very well. Look for the small magnifying glass up the top right, near the “Member Login”.

Below is a snippet of the full Home Page heading—see the arrow to help you to find it. When you click on it, a “Search Window” opens, you can enter your query, press Enter, and answers appear.

**A tip** on using the Search window:- If your search criteria contains multiple words you will receive responses to every individual word, every document that contains even one of the words will be shown. To limit the responses enclose the criteria in **double inverted commas**, for example: “Group Cultural Exchange”. The responses will now be limited to documents containing all three words.

Have you recently visited our District Website? Our new webmaster has substantially built on the massive work of his predecessor Teresa Dawson, who has over the past several years established [www.rotary9640.org](http://www.rotary9640.org). Come on, have a look! [Click on the link!](http://www.rotary9640.org) Ed.
Malaria Vaccine Project Going Global - PDG Graham Jones

In their latest newsletter, “Rotarians Eliminating Malaria—a Rotary Action Group” (REMaRAG) features Rotary District 9640 partnering with the Institute for Glycomics at Griffith University”. REMaRAG is a worldwide group dealing with preventative and development projects in Malaria. Yes, we are being featured globally and this coverage runs on the back of our profiling at the Rotary International Convention in Atlanta. Notwithstanding that welcome expansion, our great strength and support continues to come from our home clubs in District 9640 and more recently clubs in other parts of the east coast of Australia. **I am pleased to advise that we have now reached $165,000** - a truly great effort in just over 6 months. Sincere thanks to all of the clubs and individual Rotarians who have donated to our project. And yes, we welcome help from other clubs who have not been able to support us so far. Perhaps you can take us on as a project for the 2017-18 Rotary year.

We also receive wonderful support from the Australian and Pacific Islands group Rotarians Against Malaria (RAM). I am delighted to say that **Dr Danielle Stanisic** (picture left), Senior Scientist on the Malaria Project at Griffith University and a member of our project committee, will be a featured speaker at the **RAM Annual Conference** in Sydney over the weekend of **August 19-20**. People love hearing Danielle speak about the key aspects of the research and its future plans. Hopefully this conference will enable us to build further momentum and networks as we look forward to the start of the Clinical Trials with the $200,000 target not far away.

**PDG Graham Jones and Hon Sam Doumany were both made Honorary Fellows of the Institute for Glycomics, Griffith University for founding the Malaria Vaccine Project. See Rotary9640.org Website for a Pictorial of the event.**

Youth Exchange: Meet Arantza Unzurrunzaga - España

Arantza is 15 year old hails from the Madrid suburb of Majadahonda, a town of about 60,000. She shares an apartment with her mum and dad and three other siblings. She has an extended family of 22 cousins!

Like most teenagers she enjoys hanging out with her friends, school, listening to music, going to the cinema and shopping. Arantza also enjoys surfing, downhill skiing and roller skating. All passions we can take care of in Australia. Arantza hopes to improve her English and enjoy and learn from whatever comes her way during her time in Australia so if anyone out there can show her around our wonderful country contact Youth Exchange - you won’t regret it.

Chris Thurtell,
Chair D9640 Youth Exchange
Our District Chair of Public Relations, Andy Rajapakse, advises of two major workshops which are designed to lift membership and Rotary’s public image:

**Multi District Membership Griffith University**

**Saturday, 26 August 2017**, on the **Logan Campus of Griffith University**, this workshop is specifically designed to assist us to gain new members as well as to ensure that our members remain enthusiastic. It is a must attend for membership chairs. Numbers are limited to 200, thus if just one member of each club attends, this will account for the bulk of it.

**To book, see your Club President**

**Public Image Workshop on the Gold Coast**

On **Sunday, 1st October 2017**, Andy will conduct a workshop teaching how to promote the public image of Rotary. Cost is $25.00 per person.

**Bookings are now open:** [click on this link](#)

Maximum 2 members per club.

More details in next month’s edition.

---

**Applications are now open to join the Group Cultural Exchange (formerly Group Study Exchange) team to visit District 6980 Central Florida, USA, from 20th April to 20th May 2018.**

**Required:**
- 1 x Rotarian Team Leader
- 4 x Non-Rotarian Team Members

Very strict rules apply - all the details are on the District’s website [www.rotary9640.org](http://www.rotary9640.org).

[Click on this link for full details](#)

**Team Leader Applications close 4th September 2017,** and interviews will be conducted on 16th September 2017.

**Team Member Applications close on 25th September 2017,** and interviews will be conducted on 7th and 8th October 2017.

On the above link you will find not just a detailed outline of what Group Cultural Exchange is all about, but also all the application forms.

---

**Surfers Paradise Rotary’s 15th Charity Race Day**

**11:30 am Saturday 7th October 2017**

**The Dome, Gold Coast Turf Club, Racecourse Drive, Bundall**

$75.00 per person includes a new fantastic hot and cold buffet lunch. Cash Bar. Tables of 10 available. Lucky Door Prize.

**RSVP 11th September 2017** - Call Adrian 0417 634 485 or email [rotaryraceday@yahoo.com](mailto:rotaryraceday@yahoo.com)

Prizes for Best Dressed Male & Female and Best Hat.

---

“You can register now for the 2018 Gold Coast District Conference. Yes, but…”

“Plenty of time!” I hear you say. **Yes, but...** Remember that it will be right before the Commonwealth Games, so accommodation is one of the items you need to seriously consider NOW. The Seaworld Resort is offering **very special pricing** for Rotarians, their friends and family. But you **must** book it **via our website**, not directly. To register online for the District Conference 2018, **simply click here**, which will get you straight there. **NOTE:** at this stage **only Direct Deposit payments**. Our software house is working on getting a bug sorted out with Credit Card payments.
