

# 2018 Drought Relief Fund for Australian Farmers (RARF)

Rotary Australia Relief Fund (RARF) (Managed by RAWCS) has Deductible Gift Recipient (DGR) registration and has been listed as a Charitable Fund so we can accept tax deductible donations from individuals or organisations.

After a seven year drought, it's very clear that our Farmers and their families, the backbone of Australia, are doing it exceptionally tough. The National Farmers' Federation, Channel 9 & Rotary in Australia will work together to raise much needed funds from the very generous Australian public. The National Farmers' Federation will then be able to access these funds and provide support to approved organisations, helping Farmers through this difficult time. Channel Nine will extensively promote the Australia-wide fund raiser on The Today program, ACA and in news bulletins in the coming days and weeks, expecting to raise around \$10 million.

Record breaking heat and lack of rain means farmers are struggling to feed sheep and cattle, and keep crops alive.

Families on the land are suffering and they need our help.

Channel 9 and Rotary Australia have partnered with the National Farmers Federation, launching an appeal to big business and everyday Australians, so we can provide some emergency relief.

100% of donations goes to the farmers and is tax deductible via Rotary and Rotary Australia World Community Service. Every dollar counts. Rotary deducts no fees from the donation.
