

The Rotary Club of Cornwall Sunrise has an ongoing service project with the local AGAPE Centre. As you are aware, this is a local Soup Kitchen that provides a midday meal and other services to those unfortunate individuals and families in our community.

For over past 10 years, on the second Sunday of every month, members of the Rotary Club of Cornwall Sunrise along with "Friends of Rotary" within our club, purchase, prepare and serve a healthy meal to those unfortunate members of our community. On an average basis, the club members serve approximately 90 to 120+ individuals on each occasion.

Club members and our "Friends of Rotary" organize the meal menu and purchase the necessary items through funds provided by the club. On the second Sunday of each month, club personnel and Friends of Rotary gather at approximately 09:30 AM at the AGAPE Kitchen to prepare and serve the healthy full meal served from 11:45 AM to 1:00 PM. The AGAPE Kitchen facilities, cooking utensils and dining area are used for this meal. Upon completion, all the cooking utensils, pots, pans, dishes, eating utensils, kitchen and dining area are cleaned by club personnel for the following day use.
