District grants give Rotarians freedom in determining how to best spend funds donated to The Rotary Foundation in their district. Each Rotary year, districts may apply for one district grant, which can be used to support one or more projects, based on that district's interests and needs.

The Rotary Foundation funds district grants with District Designated Funds (DDF). Each year, your district may request up to half of your available DDF, which in turn represents half of your district's Annual Fund donations from three years earlier. This system, known as SHARE, enables Rotarians to benefit from the short-term investment of their donation dollars.

Applying for a district grant is an easy, online process. Note, however, that the application requires specific information about your spending plan, bank account, and account signatories, so it's best to have this information available before you begin.

Also note that district grant applications must be authorized by the district governor, district Rotary Foundation committee chair, and district grants subcommittee chair. Before starting this application, please ensure that your district governor has identified these officers and that the officers have registered with Member Access.

9. Notwithstanding any provision in this Agreement to the contrary, in the event the Funded Traveler(s) terminate their participation for any reason not necessitated by serious illness or injury or safety of the Funded Traveler(s) or the serious illness or injury of a Funded Traveler's family, TRF shall be entitled to a refund of any Grant funds, including any interest earned, that have not been expended pursuant to the terms of this Agreement.
