

ROTARY GRANTS UPDATES AS OF 1 JULY 2020

This document will be updated with any additional changes in the future. You will notice it has been updated if the blue check mark no longer appears next to the learning object in the course. The course materials may not reflect the updates in this document. The information in the courses comes from [The Rotary Foundation Code of Policies](#), [Terms and Conditions for Rotary Foundation District Grants and Global Grants](#), and [Areas of Focus Policy Statements](#). Any changes to those policies override statements in the course materials.

Changes to the global grant cash match

- An important change is being implemented to global grant funding for 2020-21.
- The global grant program has been very successful and has grown at an incredible pace since its launch in 2013. This growth, however, means that we expect the demand for global grants to dramatically exceed the capacity of the World Fund.
- Because of this, the Trustees of The Rotary Foundation have decided that World Fund resources will be used to match only District Designated Fund (DDF) contributions. This match will remain at 100 percent.
- The match on cash contributions to grants will be eliminated, effective 1 July 2020.
- Global grant applications that have been submitted but not yet approved on 1 July will still receive the World Fund match for cash contributions.
- Contributions to the Annual Fund are invested to produce DDF and the World Fund. Cash contributions in support of a grant do not. By supporting the Annual Fund, members can ensure a steady supply of both DDF and World Fund resources for the global grant projects that change people's lives.
