Outbound Orientation May 2019

Start Planning for Youth Exchange!

For clubs without a Youth Exchange Officer, we ask the Club Presidents to let members know the program is alive and well, and to encourage involvement.

This is a very worthwhile program with approximately 9,000 students around the world participating every year. It is high on RI's agenda as part of the 5th avenue of service, YOUTH SERVICE, and there is certainly room for more students to participate and more clubs to become involved. Giving local students the opportunity to be ambassadors for your Club, your community, and their country can be a very satisfying experience for Rotarians.

Recruitment starts in the fall so you can start to reach out now to schools to ensure you have an opportunity to make presentations in SEPTEMBER. Interviews are done in OCTOBER to allow time for selected students to meet the application deadlines.

You can provide the following brochures to the schools:

[Long-Term Exchange Program \(LTEP\)](#)

[Short-Term Exchange Program \(STEP\)](#)

There is also a [promotional poster available here](#) describing the LTE as a scholarship and there are also sample posters attached to the email with this newsletter.

For clubs that would like to start at a less intensive level, there is a short-term exchange program available. This program operates over the summer period, does not involve school participation and is less costly for a club. If this program is of interest to your club, please contact the Short-Term program coordinator, Dana Delano at danadelano@yahoo.com

Interviews are done in the early Fall to allow time for selected students to meet the application deadline. The sooner your student's file arrives, the better chance he/she

has of getting their country of choice, as it is first-come-first-served. If any clubs that have not recruited or would like assistance please contact a committee member – they can give you suggestions on how to go about recruiting in the schools. It mainly involves meeting and talking with the school guidance office and/or the administration. In most cases they are very willing to work with you and will arrange an assembly or an information session for students and parents of interested parties.

The preliminary application, which you should supply to the schools so that students can indicate their interest in the program, is on pages 5-7.

What does it cost?

Please ensure when you are interviewing students and their families that they are aware of the costs of the exchange. A copy of what it will cost a club to sponsor one short-term or one long-term student is on page 18.

Short-Term Exchange

Students are responsible for:

- \$150 Student Fee at application
- Flights, passport, inoculations, travel insurance, and spending money.

A list of potential interview questions is provided in this newsletter on page 8. Keep in mind, you are looking for students who:

- Will be good ambassadors for Canada.
- Are outgoing, involved, and ready to face a challenge.
- Have above-average academic standards.
- Will follow the rules.
- Are committed to the program – remember that if a student is chosen and later drops out, the district and your club are still obligated to host an inbound student.
- Have parents who fully support the exchange.

Suggestion for interview team members - include club members, former exchange students, teachers, experienced host family members, and others involved in student and youth programs. See pages 8-10 for sample questions and sample evaluation form.

Any family hosting an inbound student must be interviewed, as well as provide a Vulnerable Sector Screening (through local police or RCMP) all adults who live in the family home. The Vulnerable Sector checks need to be submitted to the District Youth Protection Officer by December 30, 2018. The police check needs to be sent to:

Richard Jardine
Youth Protection Officer
richardjardine1229@gmail.com
506-875-5275

Additionally, please remember that you need to conduct a host family home visit to check where the student will be staying. See pages 12-15 for a copy of the home visit check and the volunteer assessment form that host families must complete.

It is recommended that the home visits be done in January.

Students applying for the District 7810 Exchange Program (Page 2 of 3)

Below is a list of countries that you may be able to exchange with. These countries are the possible choices for your upcoming exchange year; however, for a variety of reasons you may not get your choice. If you do not fit their criteria or if we have previously assigned your preferred choice, we will need alternative destinations. In most cases we can arrange an exchange with one of your top 3 choices, but in the event we cannot, we want to know what you or your parents would not find acceptable, so that we do not assign you to a country and then find that you will not accept our assigned destination. With that in mind, please review the list of choices available below and fill-in accordingly. For long-term exchanges, the numbers in brackets indicate the age restrictions in that country on your date of arrival. The letter (Y, N, S) indicates whether they accept students have already graduated. Some countries may make exceptions, but it may be decided case by case.

Please cross off any countries that would **NOT** be acceptable to you:
