Message from the DG

Good morning, my fellow Rotarians and welcome to February - the month on the Rotary calendar where we focus on the Rotary Foundation and the wonderful work it allows us to contribute to the world.

The Foundation is a not-for-profit corporation supported solely by voluntary contributions from Rotarians and friends of the Foundation who share its vision of a better world.

As individuals, there are many areas where we are unable to assist those less fortunate than ourselves. In areas of global conflict, hunger and disease, our fellow man needs resources far beyond what we can provide. However, through The Rotary Foundation, our contributions have almost eradicated Polio, provided shelter, clean water and reduced the impact of war and poverty for millions of people worldwide. Education and maternal health have also been significantly improved through Rotary Foundation Grants.

While Rotary is making an enormous contribution to humanity on a global scale, we must not forget our fellow Aussies. During the last month, our country has been devastated by fire and flood – bushfires in Tasmania, NSW, Victoria and Western Australia and floods in Eastern Queensland and NSW have taken a huge toll.

Some families lost loved ones, hundreds their homes, their businesses and in many cases, have lost all hope.

Message from the DG (Cont.)

Our District has many fine Rotarians who truly believe in Service above Self. With little consideration to themselves, our volunteers swung into action. Donations in Kind delivered beds for community relief workers in Coonabarabran, others assisted our rural mates working with Blazeaid replacing fences. Our Shelterbox crews were in Tasmania and Queensland within 48 hours of the calamities, deploying tents to provide shelter and restore some comfort to those who have had it stolen by nature. I know many of our Clubs have been working hard raising tens of thousands of dollars to support the many disaster appeals already established. These funds will go towards rebuilding communities and lives, helping those who need it most – Well done! You have done us proud.

As District Governor, I have received a number of requests to establish a District Disaster Fund where Clubs and individuals may contribute. I believe the devastation of these natural occurrences is so widespread it is best for those clubs who have raised funds to support the areas they consider in need.

On the good news front, I am pleased to announce the imminent launch of our newest Club – The e-club 8. President Shari Tanzer has been hard at work and with most boxes ticked is ready to go live.

If you know of any former Rotarians who have moved away and would like to reconnect with Rotary or any suitable persons you would recommend to become members please see the e-club advertisement further down for additional information.

Rotary has so much to offer and the wonderful opportunity to share your friendship awaits as we look forward to *The Magic of Rotary Conference* 22, 23, 24 March at The Glasshouse Port Macquarie. To register go to <http://www.9670.emc.com.au> for the Conference to remember, with exciting speakers and wonderful evenings of fun and friendship.

ANNIE CRAWFORD

Can Too Founder and Director

Having lost her own father to bowel cancer at age 51, Can Too founder Annie Crawford knows first-hand the devastating impact that Cancer can have on an individual and their family.

Originally a social worker, working in community mental health and sexual assault, Annie moved into human resources before helping to set up a biotechnology start-up in San Francisco, California. After returning to Australia in 2003 Annie decided that rather than re-enter the paid workforce, she would devote herself to a new project that was all about “making a difference”. An accredited running coach and self-confessed “running addict” – Annie decided to combine her passion for running and fitness with raising money for a non-profit organisation. And so, the idea for Can Too was born. Five months later, in May 2005, the first Can Too program was up and running.

“Losing my father was easily the biggest thing to ever impact on me,” said Annie. “I liked the idea of raising funds that went directly to cancer research – and so all of the money we raise goes directly toward funding researchers in all areas of cancer, through Cure Cancer Australia,” she said.

A decent runner in high school, Annie started distance running 25 years ago and continued running through the full-term of the pregnancies of her sons – now 20, 22 and 24. “Running keeps me sane – I absolutely could not live without it,” said Annie, who runs at least 50 kilometres a week.

“I hoped that the idea of matching fitness incentives with a good cause would resonate with Australians, but never in my wildest dreams did I think we would raise \$10 million and train over 7000 people

“For many of our participants, completing a Can Too program is totally life changing.

It’s not just about the physical challenge. The transformation that occurs from making the impossible achievable, from putting yourself out there, taking risks, setting goals and doing something for others – is profound. I get such a kick out of this – it keeps me inspired and motivated every single day to keep doing what we’re doing,” she said.

Annie has completed over 20 run and swim programs, including 4 marathons. Her ideal of ‘giving something back’ extends beyond the Can Too community and Australia as Annie is also an Ambassador for Opportunity International and Afrikun Tikkun.

Opportunity International is a microfinance organization that funds small loans to women living in poverty in the developing world. Loans of \$200 lift women and their families out of poverty. Ma Afrika Tikkun does Development work in townships in South Afrika.

Annie has been nominated for several awards including Australian of the Year (Local Hero, Telstra Business Woman of the Year . She was finalist at the Women of Style Awards and 100 Women of Influence Awards . She won the Rotary Most Inspirational Woman 2011 and the Sydney Uni Alumni Award. She is on the Board of Cure Cancer Australia and 10 Thousand Girl Campaign.

Rotary Foundation Raffle

Greetings Fellow Rotarians,

The District 9670 Foundation Raffle is one of the major fundraisers for our District Foundation this year. **If all tickets are sold, the Foundation would raise in excess of \$60,000 – Just imagine the good that would do in our world.**

This year's prizes include \$3000 worth of travel from **Harvey World Travel Toronto**, \$1400 value 7 nights family accommodation package in a Poolside Cabana at **"The Palms At Avoca" Avoca Beach**, The New **Apple iPad Wi-fi** (value \$539) and \$200 **BCF Gift Voucher** (Boating, Camping & Fishing).

Once again this year, funds from the sale of Raffle Tickets will accrue Foundation Points for Clubs. What a way to raise Foundation Points so that a Paul Harris Recognition can be awarded by your Rotary Club. What a great opportunity, particularly for smaller Clubs to earn these points and reward the Service above Self of a fellow Rotarian or community member.

One of the great honours we can bestow on a Rotarian is to award a Paul Harris Recognition and the only way a club is entitled to make this award is to donate \$US1, 000 to Rotary International. In every Club and community, there is a special person who more than deserves this award. Through this raffle we now have an opportunity, to raise these funds without interfering with our regular club fundraising activities.

Additional books are available and the returning date for the tickets is not until 28 February 2013.

Prizes will be drawn at our District Conference at Port Macquarie in March, 2013

If your Club needs additional books, please email me on scotlynn@gmail.com or phone 0404969473 at any time

District 9670 Rotary eClub 8 to launch

Rotary District 9670 is preparing to launch eClub 8, the first eClub for the district. This is a great opportunity for the District to retain those members who, through changes and challenges in life may be looking for alternate ways to participate. Going on holidays, having a family, changing work conditions? Not a problem, the eClub meets online 24/7, to suit the needs of members, enabling people to continue to be involved in the service and spirit that is Rotary.

How does it work?

Members spend a minimum of 30 minutes online each week, contributing to a topical forum/ discussion, or planning a project. Members are encouraged to do "make up" meetings with other clubs for fellowship/ partnership opportunities, and to broaden their Rotary network. Service projects are developed and delivered as any other Rotary Club would do, however our "local community" is a little broader, as members can live anywhere in the Rotary world. Fellowship is still an important part of Rotary for eClub members, with regular opportunities for members to meet.

eClub 8 needs your help

The success of any club is determined by the strengths of its members. We are seeking your help to attract any members, past or present, as well as friends of Rotary who may be interested in continuing their service journey with the new eClub. Let's not lose Rotarians, let's give our members a different option.

For further information or to get involved, please contact Shari Tanzer (President) on 0438 787 343, PDG Don Stephens or DG Peter Raynor.

The Rotary Foundation of Rotary International

Personal giving - why not?

In spite of some wonderfully generous contributors, personal giving to The Rotary Foundation has never been a constant part of an Australian Rotarian's thinking, even though there are very few who fail to recognise the value the Foundation brings both to Rotary, and a world in need. Clubs across the entire nation are exceptionally supportive of The Foundation, contributing countless dollars to grow our involvement in a wide range of educational and humanitarian programs designed to hasten our quest for world peace. It's a money-driven process: it depends on cash and a physical commitment, and it needs to happen at a much faster pace if we are to truly deliver Peace Through Service.

The Centurion program allows Rotarians in Australia to start the process of personal giving without having to mortgage the family estate. It's simply a commitment to contribute a minimum of \$100 Australian or U.S. dollars a year, for as long as you choose to. Your contribution then becomes part of your district's Rotary Foundation's Annual Fund meaning half of it comes back to the district to support Foundation programs that involve your clubs. Your contribution is fully tax-deductible. It is not a program restricted to Rotarians so work colleagues, friends and family members can all participate.

Whichever way you look at it, Centurions are making a huge difference in the world. Every \$100 can provide one year's tuition for a high school student in Africa, or 10 beds for an orphanage in India, or two school desks for kids in Sri Lanka, or maybe a flock of chickens to produce nourishing eggs and valuable offspring for a village in Timor Leste. Looking at it another way, the \$100 can purchase 140 polio vaccines and that will protect 140 children from the threat of this dreaded disease. Whichever way you look at it, it's a great way to spend \$100 and help make our world a better place.

Personal support of The Rotary Foundation is important, and will be greatly appreciated.

Facebook

With reputedly over one billion users the Facebook phenomenon continues to grow as an outlet for sharing. Rotary has increasingly embraced Facebook as another method of connecting both with its members and with the community at large. Rotary International's Facebook page has over 200,000 likes. With over 20 of the clubs in our district already on Facebook, and a number of our district committees already active, it was time for a location to connect together to occur, so our district has also now joined the world of Facebook with its own public Facebook page. If you are on Facebook, take the time to "like" our page, and start sharing what your club is up to.

I hope that you enjoyed reading the February edition of the DG's newsletter. I would like to thank everyone who contributed articles and information to it.

Please note that the submission deadline for the next newsletter is the 10th March. **Please put DG Newsletter and the relevant month in the subject line.** I kindly ask that you submit in (simply formatted) Word or PDFs that are mainly images. PDFs that are complicated with text do not translate very well into the newsletter document. Captioned photos are very welcome. Thank you, Nora Jones, Editor.
