

Ever wanted to give something back to the community but didn't know how?

A new, **Modern Rotary** club is being established in the North East area of Lake Macquarie and we're inviting you to check us out.

The new club is being setup by a fresh, family orientated, professional group of people, who want to give something back to their community. This new style of Rotary club embraces the values of Rotary but makes being a Rotarian easily accessible for those of us who have limited time.

Attend a meeting... It's not a commitment, it's an opportunity to meet likeminded people, develop your professional and leadership skills, make new friends and connections while serving your community locally, nationally and even internationally. Learn more about Rotary www.rotary.org
