

To Geoff, Narromine Rotary Club and everyone involved with "RYCAGS" 2016.

I cannot thank you enough for giving the week of life time. The opportunity that you have provided me doesn't come around very often. The week you organised was excellent and provided me with much insight and knowledge and I would recommend it to any student in Years 9 and 10 who is looking to further their knowledge in agriculture. The presenters you organised were knowledgeable and helpful and the outings planned helped me understand how farmers can all run their farms differently. Through this experience I increased my knowledge about cropping and farming in general. This experience has definitely taught me that farming is not just about driving the tractor and checking the sheep, there is a lot more that goes on in the office than you might realise.

When I first got to the "RYCAGS" I was worried that I wouldn't know anyone, but as soon as I walked in the door I made friends, EVERYONE at the camp was really nice and we all shared similar interests. I have made lifelong friends from this camp and by the end of the camp, nobody, including myself, wanted to leave. I really enjoyed the food that was offered at the camp and after dinner we played games which were a really great way to socialise with our new friends. Everyone was included in the games and everyone felt welcome.

It was a great week with activities from 8 o'clock keeping us busy until 5.30pm. The camp leaders were awesome, if you had anything that troubled you, you could talk to them easily as they were very approachable and made you feel welcome and cared for.

Thanks Geoff, for organising such a great, fulfilled week. I thoroughly enjoyed every second of the camp. You have done a great job organising everything and I will be recommending this camp to any students at Tullamore Central School who show an interest in Agriculture .

Yours sincerely,

Samuel Horsburgh

Tullamore
