

## **ROMAC SOUTHERN REGION CHAIR**

Rotary Oceania Medical Aid for Children (ROMAC) requires a self-motivated Rotarian to fill the role of ROMAC Southern Region Chair.

The role of the Regional Chair is to co-ordinate patient and carer support together with promotion and fundraising within ROMAC's Southern Region, which is Victoria and Tasmania. The Regional Chair is a member of the ROMAC Operations Committee and attends regular meetings of that Committee. The position calls for the Regional Chair to assist the District Governor in selecting District Chairs with a view to maintaining viable ROMAC District Committees.

The successful applicant will be a Rotarian who has previously demonstrated excellent organisational, presentation and representational skills. A sound knowledge of Rotary structures and organisation would be advantageous as would a degree of computer literacy.

As noted ROMAC's Southern Region covers Victoria and Tasmania and, from a practical perspective, the successful candidate will reside within that Region.

Initially this is to fill a casual vacancy until the next ROMAC AGM.

After that, if so desired the position is for a term of four years which commences after the ROMAC AGM in Christchurch on Friday 20<sup>th</sup> September 2019. However a shorter term of office would be available should it be necessary.

The previous Southern Region Chair, Jim Prokhovnik, has offered to provide further information should it be required. Jim's contact details are [secretary@romac.org.au](mailto:secretary@romac.org.au) Mb 0417 355 627.

Please direct your application, with appropriate CV, to the ROMAC Chair, Rob Wilkinson, at [chair@romac.org.au](mailto:chair@romac.org.au) at your earliest convenience
