

Andrew Whiley, and his wife Jackie, established the business seeing the many issues facing the elderly down-sizing and families dealing with estates. Today, families often don't live locally; distance can make it difficult to balance the physical tasks required dealing with an estate. This includes the challenge of transitioning elderly parents to a retirement facility. **Estate of Grace** simplifies the process!

A recent client engaged the company to look after the estate of his late Mother. Household goods were assessed with valuable items sold and the balance of goods shared across six local charitable organisations. The house was then fully cleaned and staged, including the garden, to ensure that the client was able to maximise the selling price. His quote says it all. ***"In view of what the place looked like before they went in, I think they've worked a miracle. The place inside and out looks fantastic".***

Estate of Grace has a team of skilled, professional staff and contractors that manage everything to fulfil the needs of the client or estate. They can also assist those that wish to pre-plan how their estate is handled. Other services include packing, shipping, as well as arranging short-term storage for goods. Use of video and photographic inventories can also be an asset when families are living at a distance allowing them to make decisions about goods, in some cases without being present.

Feel free to contact Andrew to discuss how **Estate of Grace** can assist you!
