## Julia Gunn—RYLA

Julia Gunn graced our meeting tonight in the company and support of her proud parents Kathryn and Andrew, along with an Australian ring in and extended family member Christine. Julia found the need to reintroduce herself to us as if there we any reason we could have forgotten her after the many hours of community service she volunteered to our Rotary causes and previous visits to our club.

Julia was our RYLA candidate for the 2020 year, and due to Covid-19 spoke to us many months after the event. If Julia took even half of her enthusiasm to RYLA as she did to our meeting on Wednesday then the Award of “The Most Chipper Person” there was duly given. Even the 7.00am starts which Julia admitted was not her normal hours of the day obviously didn’t dampen her infectious nature.

Julia was inspired by the strong female role models who spoke during the week starting with Joy Reid who we all know well.

From the team building events which brought everyone together early in the week long course to building trust with team members at the high ropes course, to public speaking run by her “helicopter parents” which incidentally don’t follow NCEA (school) best practice rules? To worthwhile but ultimately failed spaghetti structures that very likely RI couldn’t endorse as future projects even after the speech challenges.

Julia thanked everyone who was involved in putting RYLA together in 2020, us, our club for sending her, to Lincoln Rotary for managing it so well, to College house for the food (could be better than Dad’s efforts) the representative from the Army and to all of the speakers and others who came together through that week.

We all wish Julia the very best in her studies, ambitions and future. No doubt as our annual Hench project looms we will see more of her in the coming months.
