

Rotary Club of Christchurch South

This week our speaker was from Citizen Advice Bureau. What was amazing for all of us was the large number of volunteers and volunteer hours being completed very year by the organisation. What we also didn't expect to hear was the broad range of issues Citizen Advice bureau has to deal with. Whether it is getting a document signed by a Justice of the peace, as the speaker mentioned alit of people don't even know who to reach out to get help with documents signed. There were also matters of legal advice at which point Citizen Advice Bureau can offer assistance on where to seek assistance without given aid. Other issues included issues around consumer guarantees, including whether or not extended warranties are worth the additional money.

On the lighter side we also heard about how one of our own members who volunteers for one of the Christchurch branches had to deal with an issues of a rooster up a neighbours tree. Not an occurrence you would expect to occur on a shift when dealing with local citizens issues and concerns.

There are actually 80 locations across the country with more than 2400 trained volunteers ready to help with any concerns anyone has. They can be reached online, walk in clinics, or over the phone. For more information check out <https://www.cab.org.nz/> -many thanks to Joey for the report.

Next Week

3 August 2022

Club Committees

10 August 2022
