Rotarians Against
Malaria

Call for Expressions of Interest

ROTARIANS AGAINST MALARIA (RAM)

The RAM regional coordinator may appoint a committee of interested Rotarians to support the promotion of RAM in the district. Ideally, each area of the district will have an area coordinator.

The role of the area coordinator will be

- Raising awareness within Rotary, Rotaract and the general public of the benefits gained through the control and elimination of malaria in epidemic countries

- Assist in raising funds and support for RAM national programmes.

- Encouraging Rotary volunteers, travelling abroad, to seek advice on avoiding malaria.

- Contribute to RAM strategic planning and development.

- Identify Rotary projects within the district that could contribute to Ram's objectives and seek RAM endorsement, assistance and coordination for such projects.

- Seek support from the District Governor for RAM initiatives that may involve Rotary Foundation global grants

Activities may include

- Assistance in holding RAM displays at district functions

- Promoting World Malaria Day.

- Organising RAM functions with clubs in the district to raise funds.

- Liaison with the DG and RAM supervisor.

- Attending the annual RAM conference.

- Visit clubs as a guest speaker.

Training and resources will be made available for Rotarians who wish to join the District RAM team.

FOUNDATION MOMENTS

Quick insights into *your* charity — The Rotary Foundation

WHAT IS SHARE?

The SHARE system is how The Rotary Foundation distributes funds to districts. When you contribute to Annual Fund-SHARE, the first 5% is deducted for operational costs. The remainder of the contribution is divided between the World Fund and District Designated Funds (DDF). The Trustees of the Rotary Foundation allocate money from the World Fund, and your district allocates DDF to the programs that people in your area want to support.

The name defines what the system does because contributions are shared throughout the world.

You can help our district and support meaningful projects by giving to the Annual Fund-SHARE!

Rotary D9510 Youth Exchange Update

Youth Exchange students often say their experience abroad was the best time of their lives. Being part of the program can be life-changing for Rotary members as well.

The District 9510 Youth Exchange Committee has been extremely busy over the past 12 months following the COVID pandemic that brought the program to a halt.

INBOUND STUDENTS

The enthusiastic support of clubs has allowed the District to currently host 8 Inbound Students with Elisa arriving in January and Antonia departing home after her 12 months in Mildura. We sincerely thank those clubs who are supporting our Youth Exchange program and keeping the well respected

The above Inbound Students as well as our pending Outbound students shared a bonding weekend at Calperum Station near Renmark on 6-8th October where they undertook a range of activities including Environmental activities, Indigenous Education, an Indigenous Art activity and canoeing on the Murray.

OUTBOUND STUDENTS

We currently have **3 Outbound students** completing their 12 months overseas and returning to Australia mid-January with a life changing experience in their host countries. **Lulu** has been hosted by the Rotary Club of Cremona in Italy, **Leah** has been hosted by the Rotary Club of Arras Couer D'Artois in France, and **Ellie** has been hosted by the Rotary Club of Funabashi East in Japan.

On January 20th & 21st the District will have **8 Outbound students** heading overseas to 8 different countries for their once in a lifetime experience. Just like with the Inbounds this does not occur without the support of clubs like those also listed below:

From your District Protection Officer

A Rotarian recently raised the matter of the NDIS Police Check, more correctly the NDIS worker screening check. An NDIS worker screening check takes into account more information about an individual than just their criminal record and permits holders to work with children and with aged and vulnerable. For those who have an NDIS worker check, there is no further need to obtain the WWC check. However, a person can't apply for an NDIS worker check in SA unless they work, or intend to work, in NDIS in South Australia. So then, if you are a Rotarian who has an NDIS workers screening check, you do not need to apply for a WWC check to work with youth in Rotary programs or a Rotary context.

For the technicalities of who needs an NDIS worker's check see <https://www.sa.gov.au/topics/rights-and-law/rights-and-responsibilities/screening-checks/screening-ndis/who-needs-an-ndis-worker-check>. This

If you have any questions or queries about protection policy or matters in our District, please contact Mark Thomas, District Protection Officer, at either mthomas1947@bigpond.com or on 0401671850

Adelaide based Couturier - Lover of high fashion, travel and adventure.

Hello! My name is Jennifer Charles, and I am an Adelaide based, utterly obsessed couture seamstress.

My work has taken me across the globe. My career and training began in Adelaide, before travelling overseas and swiftly landing a dream job at an Haute Couture fashion house in London. I have since returned to Adelaide and run my own business creating evening and bridal gowns.

A couple of career highlights were undoubtedly working on a gown that was worn by Angelina Jolie, as well as the indescribable buzz of travelling to Paris Fashion Week on several occasions. One day I hope to work at Dior in the Paris atelier. I look forward to sharing my story with you all.
