## FUNDRAISING LUNCHEON SUNDAY, 29TH AUGUST 2021

12:30PM TO 4PM

AT THE ADELAIDE PAVILION SOUTH TERRACE, ADELAIDE

The last twelve months have really impacted on all our lives and ROMAC is no exception. Fundraising has been limited, yet as borders are lifted, we have many children from Pacific countries desperately needing ROMAC's support for life-saving and life-changing surgery here in Australia that they cannot get in their own countries. This special fundraising luncheon will help make that happen so please come along. The luncheon features:

- a welcome dance from a Pacific Island cultural group;
- exuberant and well known compere, Tony Pilkington;
- a delicious two-course meal;
- an inspirational presentation from Rosie Lotawa, who came to Adelaide as ROMAC's 5th patient in 1991 and is now our ROMAC Ambassador;

ROSIE LOTAWA

- a 75 minute recital from the outstanding 14 piece band "Brilliant Brass".

The all-inclusive cost is \$65 and the Hall will be set up in tables of 12.

Rotarians and Rotary Clubs can help support ROMAC and the children we help by:

- Organising and booking a table of fellow Rotarians and/or friends;
- Sourcing items for the silent auction we will be holding during the luncheon.

For further details, to make bookings and to tell us of your special auction items, please contact:

Health of the River

## 'HEALTH OF THE RIVER' 2021 FORUM

MONDAY 20<sup>th</sup> September – Friday 24<sup>th</sup> September, 2021

Applications commence June 1<sup>st</sup>

CALPERUM STATION, Renmark, South Australia

### WHERE SCIENCE, THE ENVIRONMENT & COMMUNITY COMBINE

The Health of the River Forum is for Yr. 9 & 10 students interested in science, protecting the environment & natural resource management. It provides hands on learning and mentoring from specialist ecologists on a working conservation and research property. Supported by Rotary Clubs, the Forum *provides transport, accommodation, meals, a wonderful learning experience and lifelong memories.*

Students will rotate through diverse and interesting activities during the programme. They will work alongside Calperum Ecologists and Researchers, learning about and participating in, environmental research and management projects, with an emphasis on 'River Health'. Activities will include a focus on *sustainable water management and irrigation practices, salinity issues, environmental flows, conservation, land degradation and rehabilitation and more!*

Throughout the program participants will be exposed to challenges and scenarios which help develop a range of skills essential for not only science work, but also everyday life. These include: *Team work, Analytical thinking, Research Methodology, Data collection and Reporting.*

This 5 day camp brings together students from across 3 states and *includes fun and social activities* that will bond the students together and provide lasting memories of this special opportunity.

**Cost: \$590 (paid by your local Rotary Club)**

## Rotary Youth Sailing Challenge

**APPLICATIONS CLOSE 26th AUGUST**

### What is it?

Five challenge-filled days sailing a tall ship, where great life lessons are learnt and wonderful friendships formed.

It involves learning the complexities of sailing, climbing the rigging, navigating, helming the ship, working as a team, standing 4 hour watches, instantly obeying orders and keeping the vessel ship shape.

All this happens on a moving deck without mobile phone contact.

### How can Rotary Clubs become involved?

- Identify and sponsor a suitable 15-18 year old student
- Voyages in the Sep/Oct and April school holidays

### For more information:

**Cost for 5 days \$950**

- See our website at [www.youthsailing.com.au](http://www.youthsailing.com.au) or

you may be the winner of the category  
and win a monetary prize

Each of the winning entries then have  
the opportunity to be selected as the  
Premier's Distinction Award

The judging panel for the Awards will  
be made up of independent individuals  
who are not part of the committee or  
are involved in a Service Club but a  
cross section of our South Australian  
community

### WE ALSO HAVE SPECIAL INDIVIDUAL AWARDS TO ACKNOWLEDGE PEOPLE IN OUR COMMUNITY FOR THEIR VOLUNTEER SERVICE

**HEIDE TAYLOR AWARD** Recognises an individual who  
has shown exceptional Community Service

**ALLAN SLOAN AWARD** Recognises a young person  
who has offered volunteer service to the community

**HARRY TILLYER AWARD** Recognises a school which  
has encouraged and participated in Community  
Service

These individuals do not have to belong or be  
connected to a service club to be nominated

Have you joined with 2 or more  
Service Clubs on a project?

Have you been involved in a  
Community Activity or Education

Then please tell us about it and  
you may be a winner

This Year as a once off we are going  
to offer an Award for a project that  
has been undertaken due to COVID  
Bushfires or Drought.

## Stamp Collection - an ongoing fundraising initiative by Unley

The Rotary Club of Unley encourages the "mail must get through" concept as a fundraiser.

In 2019, The Club commenced saving used (and unused) postage stamps from all over the world, with sales being donated to 'MESHA – **Military and Emergency Services Health Australia**'. This organisation raises awareness and supports health and wellbeing research into conditions such as Post-Traumatic Stress and programmes to support our veterans, first responders and their families. Pictured Rotary Club of Unley member – Christina Way, who has collected 15Kg of Stamps so far and have raised \$300+.

Under COVID and Lockdown, hopefully, people may now write more letters and send cards. In addition, the Festive season is fast approaching (less than six months until Christmas), readers are encouraged to save all their postage stamps from letters, birthday and Christmas cards, and other stamps throughout the year, and send them to:

## Participants Needed

### MRI and diagnosis of Parkinson's disease

**Researchers at The University of South Australia and Flinders Medical Centre are conducting a research study to investigate a new magnetic resonance imaging (MRI) method for aiding diagnosis of Parkinson's disease. Healthy adults (aged 30-80 years) that have not been diagnosed with a neurological or brain disease/disorder are invited to participate.**

The study involves several tests performed over 2–3 appointments (~3 hours in total) at the University of South Australia City East Campus and Flinders Medical Centre. The tests involve:

- questionnaires on medical history, drug use, memory, thinking, mood, and hand dominance
- performing simple movement tasks with your hands while activity in your muscles is recorded with non-invasive electrodes stuck on the skin
- a neurologist asking you to perform a range of movements (e.g. walking, speaking) and asking you questions about your health
- collecting pictures of your brain using MRI and ultrasound – both of which are safe and non-invasive.

**All eligible participants will be reimbursed for their time  
(\$50 upon completion of the study)**

For more information please contact **Shayne Chau**  
Email: [Shayne.Chau@unisa.edu.au](mailto:Shayne.Chau@unisa.edu.au), Phone: 08 830 22905

## Rotarians Against Slavery

Simon John, Secretary of RAGAS, a resident in England has just undertaken a **1600+ km bike ride** from **Lands End** to **John O'Groats** (the length of the UK). Russell Green from Rotary Club of Regency Park is partnering with him, but is riding Virtually here in Adelaide matching his distances.

Each of his rides is marked off on his route. **Why?**

They are raising funds to free a whole village in Uttar Pradesh (India) from DEBT BONDAGE – this is also known as SLAVERY. The Adults will receive a Vocation and the Children an Education over 3 years. This will free them from Bondage.

# ROTARY & INTERPLAST A GOOD NEWS STORY

**During the COVID-19 pandemic, Interplast and its volunteers across Australia & New Zealand continue to provide life-changing care to patients. Interplast is providing virtual training and remote mentoring to surgeons, anaesthetists, nurses and allied health professionals in 24 developing nations.**

With the support of Interplast and Rotary, doctors like Bhutanese Sonam Jamtsho continue to receive necessary training and mentorship, which enables him to continue changing the lives of Bhutanese patients in desperate need.

Motivated by a desire to make an impact, Dr Sonam credits his mentor, Australian plastic and reconstructive surgeon, Dr Tim Proudman for pursuing a path as a surgeon.

"I had the opportunity and honour to work with Tim since 2015. One of the reasons I was so interested in plastic and reconstructive surgery is because of the work that I have seen the Interplast team do and how much change he has brought to the Bhutanese population," Dr Sonam explains.

While Covid-19 has limited Dr Proudman from travelling to Bhutan and Dr Sonam's scope for clinical training, it has nonetheless provided an opportunity for collaboration and learning. Enabled by his relationship with Dr Proudman - Interplast's country coordinator for Bhutan - the junior and his mentor have met online more than 60 times since March 2020.

"He has been very instrumental despite the pandemic causing obstruction to my training, I have been receiving the training from his side continuously. He has done more than he has been required to," Dr Sonam says.

Motivated by altruism and a passion to see reconstructive surgery skills "spread where they are needed", Dr Proudman spends hours late at night with Dr Sonam, assisting him to hone his knowledge.

Mindful of the time and experience necessary to complete a plastic and reconstructive surgery training program, Dr Proudman is currently working to enable Dr Sonam to travel to Australia to continue training under his capable guidance and further their shared dream of providing life-changing surgery to those who need it most.

# PRESENTED BY ROTARY CLUB OF WEST TORRENS

When Mathew Flinders met Nicolas Baudin in Encounter Bay, aboard their ships, their countries were at war.

Instead of exchanging shells, they exchanged navigational information and maps of their voyages to date. Flinders continued his anticlockwise circumnavigation of Australia to Sydney and Baudin, with a decimated crew, sailed back to Europe.

In 1811, this map was published showing French names for our Southern coastline.

You can own a copy of this piece of Australian history - and help Rotary Youth Projects too.
