Speaker: Dr Trudy Lin

Dr Trudy Lin was named the 2022 SA Young Australian of the Year as the youngest of only 20 practicing specialists in Australia's Special Needs Dentistry sector, providing oral healthcare to people with disability, psychiatric illness and complex medical issues such as cancer.

In May 2021, Trudy received Australia's Career Achievement Award and is also the 2021 South Australian Young Achiever of the Year for her contributions to the community outside her profession. During COVID-19, Trudy self-funded and established a Supported Independent Living Facility which provides specialised accommodation for people with disability to live independently in the community.

In 2000, four teenage boys were killed in a car driven by an inexperienced P plater. The car smashed into an innocent woman's vehicle, the woman was seriously injured and all four young men died. The local Rotary Club decided that something had to be done and the first RYDA program was conducted by the St Ives Rotary Club in 2001. This was the beginning of RYDA – a Youth Driver Awareness community based road safety initiative created to deliver practical road safety information targeting 'attitude and awareness' of young drivers and passengers. RYDA is designed to help stop the tragic loss of young people in road crashes.

RYDA is coordinated locally by Rotary Clubs across Australia and New Zealand in partnership with Road Safety Education Ltd, a not for profit organisation dedicated to the reduction of road accidents and serious trauma resulting from road accidents involving young inexperienced drivers.

Road Safety Education provides educational, evidence based programs that are presented by trained safety instructors including police and driving instructors .

The importance of RYDA and the benefits presented are recognised by many committed clubs in District 9510. Through the RYDA Program, Rotary is helping to make our roads safer not only for young drivers and young passengers but for all who share the roads with young drivers.

For more information about the RYDA Program and how your club can become involved go to Road Safety Education Ltd at www.rse.org.au, or contact:
