NATIONAL 16-22 MAY 2022
BETTER TOGETHER
VOLUNTEER WEEK

TENTH ANNUAL
VOLUNTEER PARADE
 AND CELEBRATION
 ADELAIDE - 16 MAY

Monday 16 May 2022

11 am Torrens Parade Ground (registration check-ins from 9.30 am)

12 noon - 1.30 pm Victoria Square

District 9510 Public Image team encourage you to come and walk as a team on Monday 16 May 2022 to acknowledge volunteers on the National Volunteer Week Parade. Please wear your Rotary attire or bring one of your wonderful tablecloths and walk in a row together as a club team. This is another great opportunity for the community to see us as "People of Action". Please register at the link below prior to the day.

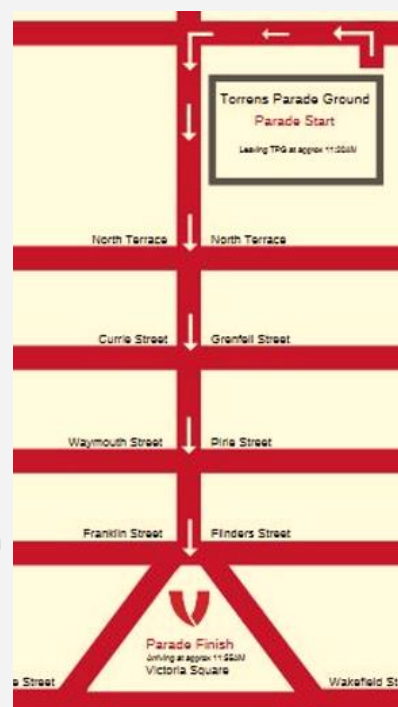

Volunteering SA&NT is celebrating 40 years and their Tenth Annual Volunteer Parade and Celebration. To launch National Volunteer Week 2022, the Parade, the only one in Australia, brings Adelaide to a standstill. It's a fabulous and fun way to celebrate and acknowledge the almost one million Volunteers in South Australia.

New Announcement - Ali Clarke (media personality and Mix 102.3 presenter) who will be leading the parade, and MC for the free lunch-time concert. As you know **Rachael Leahcar** (local singer/songwriter, The Voice [2012]) will be performing, and we are super excited to announce **RICKI-LEE** (ARIA nominated singer songwriter and one of Australia's most loved performers) as the headline act!

REGISTER HERE

Let's be involved with celebrating South Australia's amazing volunteers. In addition to the Parade, free celebrations in Victoria Square will include a Welcome to Country performance by Kuma Kaaru, a lunch-time concert featuring Rachael Leahcar (The Voice 2012) and a Gourmet BBQ by the Rapid Relief Team.

Organisation sign-in opens from 9:30am at the Torrens Parade Ground. Please arrive with adequate time so one person from each organisation can visit the Registration Marquee to sign-in and confirm the number of participants in their group.

BUSINESS BREAKFAST 7.00am Wednesday May 18

Please join us at the **Seaford Rotary Business Breakfast at 7.00am on Wednesday, May 18** at the **Beach Hotel**.

Our key note speaker is City of Onkaparinga Economic Growth and Investment Officer, Glenn Hickling.

Glenn is an Australian Certified Economic Developer, and will discuss the winners and losers of the COVID pandemic, and how businesses can navigate a post COVID economy.

Tickets are \$27.00 for a cooked buffet breakfast including Tea, Coffee & OJ.

PLEASE BOOK YOUR TICKET NOW. www.trybooking.com/BYMPL

SCIENCE AND ENGINEERING CHALLENGE

Volunteers Needed !

Volunteers are required for the following dates:

- Wednesday 8th June (Findon, 36er's Basketball Arena)
- Thursday 9th June (Findon, 36er's Basketball Arena)
- Friday 10th June (Findon, 36er's Basketball Arena)
- Wednesday 15th June (Flinders University)
- Thursday 16th June (Flinders University)

The Science and Engineering Challenge (SEC) has been operating since 2003 here in South Australia. The SEC aims to inspire and motivate year 9 and 10 students to begin a journey along a pathway to make a difference to our community by studying science and engineering at a senior level and increasing their awareness of related careers. The SEC provides a fun filled day with exciting and challenging activities that will engage the minds of our young participants!

To make this happen we need volunteer supervisors, working in small teams of 2 or 3 to supervise a group of students undertaking one of the hands-on activities. Full instructions and briefings are provided prior to the day.

Your main job will be encouraging the students to start and, shortly after, encouraging them to finish!

Enquiries : Ruth Conry

Foundation responds to the Ukrainian Crisis

In response to the deepening humanitarian crisis caused by the war in Ukraine, The Rotary Foundation has created an official channel for donors around the world to contribute funds to support the relief efforts underway by Rotary districts and has designated its [Disaster Response Fund](#) as the main avenue for contributions.

2022 Council on Legislation – Pilot Approval

Duane Benton, a member of the Rotary Club of Kansas City and a federal judge, who co-chaired this year's Council, characterized multiple items at this Council as part of Rotary's continued commitment to improving club and organizational flexibility.

An enactment that generated vigorous discussion before passing by a vote of 324 to 150 would allow the RI Board to pilot a new regional governance structure for clubs and Rotarians.

The pilot will be limited to Rotary Great Britain and Ireland (RIBI) as well as clubs and districts in **Australia**, New Zealand, and the South Pacific for a duration of six years.

Co-sponsors of the legislation - the RI Board and the Rotary Club of Merimbula (District 9705) in Australia, stated that the current regional governance structure, put in place over 70 years ago, has grown into a "significant hierarchy" with too many layers and roles.

"It is appropriate to modernize and consider new models that can enhance our efficiency, increase the ability of members to access support, and look at new ways to make volunteer positions more manageable and doable," said Wafer, who spoke on behalf of the RI board.

Representatives who opposed the enactment argued that the plan for the pilot lacks specifics and could reduce the number of districts and put a district governor's role at risk. One representative from District 3490 (Taiwan) expressed concern that the plan could alter the autonomous structure of Rotary clubs, leading to centralized governance and decreasing localized management.

Wafer, reassured Rotarians that the districts and the role of district governors will not be eliminated while the pilot is being implemented. Following a six-year experiment, she said if the findings indicate that the existing model needs to be reverted, the role of district governors will still exist.

"This is not to force fit a new governance structure," Wafer added. "Rather, we try to work in partnership with districts to see what works and what doesn't for a more sustainable future."

Source: <https://my.rotary.org/en/council-legislation-wrap-up>

Rotary Youth Exchange Update

District 9510 is resuming its Youth Exchange Program and the success of the program is always dependent on participation by clubs.

EXPRESSIONS OF INTEREST were sent to all clubs on March 24th to establish those clubs wishing to participate in future Youth Exchange. Some clubs have responded but many have not responded.

We have received enquiries from several local students through the Rotary Youth Exchange Australia (RYEA) website and need to act swiftly to find sponsor clubs. If your club would like to support a life changing experience for a student in another country please let me know ASAP.

Host Families are becoming more challenging to find. If you personally able to host an Exchange student to support another club please let me know.

Currently, we have resumed with one Inbound Student from Germany arriving at Gawler Light in July. Our Outbound Student program would commence January 2023 where our success will depend on our ability to host Inbounds in July 2023. Please consider this opportunity.

District Chair, PDG David Jones

***Disasters don't stop, and neither do we.
But we need your support.***

Join ShelterBox Larapinta 2022 and with every step you take along the Larapinta Trail, you'll raise vital funds to provide emergency shelter for families who have lost their homes to disaster and conflict, and empower them to rebuild their lives.

On our last Larapinta adventure, we raised \$65,000 – an amount that made a huge difference to the number of people we could support. But in 2022, we want to do even better.

Sign up today and make a tangible difference to the lives of families impacted by disaster and conflict.

Shelter is a basic human right – and one everyone deserves.

Register today and make a real difference

“HEALTH OF THE RIVER” 2022 ROTARY YOUTH FORUM

MONDAY 27 June – FRIDAY 1 JULY, 2022

CALPERUM STATION, Renmark, South Australia

OPEN TO YEAR 9 and 10 STUDENTS

Applications open 28 March, 2022

Are you interested in Science?

Are you interested in Natural Resource Management?

Are you interested in protecting the Environment?

This 5 day forum provides hands on learning and mentoring from specialist ecologists and researchers on a working conservation and research property, with an emphasis on “River Health”

Supported by Rotary Clubs, the forum provides transport, accommodation, meals and exceptional learning experiences.

Activities will include a focus on sustainable water management and irrigation practices, salinity issues and environmental flows, conservation, land degradation and rehabilitation and more.

Cost: \$590 (paid by your local Rotary Club)

RAWCS Volunteer Teams are returning on Wednesday 4th May

The long-awaited return of overseas travel by RAWCS Volunteer Teams has been approved by the RAWCS Executive and team applications will begin to be accepted from Wednesday 4th May.

There have been a number of changes and updates to the Volunteer Teams registration process and documentation to ensure compliance with the National Rotary Insurance Policy, COVID Travel and the Volunteer Fit To Travel medical policy.

It is requested that all those involved in the RAWCS Volunteer Teams program familiarize themselves with the updated Registration Process, Volunteer Team Instructions, Volunteer Manual and Regional Volunteer Supervisor Instructions. These documents are available by visiting the RAWCS Website/Admin/Key Documentation/Volunteers or RAWCS Manuals.

Public Image News

The Public Image team is here to assist clubs and to promote Rotary

Public Image – Helpful Tips:

Facebook:

- **Use Hash tags #** - When posting your story we encourage you to use hashtags these can enable your post to get more reach to readers - A hashtag must be written as a single word, without any spaces ie #PeopleOfAction
- **@ Symbol** – When posting your story if you want to acknowledge a business, person, sponsors we encourage you to use @ symbol in front of it – ie @RotaryDistrict9510 then your text will turn blue – The advantage of this is that the business or person receives notification that you have mentioned them in your post and encourages them to engage/share your post to their contacts.
- **Co-host**—If your club has an event on their FB page invite Rotary District 9510 to co-host the event and then the event will be duplicated to District FB page enabling more readers in reach.

Other:

Public Image Resources for members on District Website –

<https://www.rotary9510.org/sitepage/public-image>

If your club does a bulletin/newsletter – we encourage you to include an item on public image with helpful information for members (maybe the PI articles in DG newsletters and/or these classified publications)

If you require any support/assistance or have anything special happening in your club that you would like to let us know about please reach out to PI team at email: publicimage@rotary9510.org and someone from the team will be in touch with you.

QR codes – We encourage you to use QR codes that will take the reader of your flyers/pamphlets/business cards back to your club Facebook page and/or club website – If you require assistance in creating these codes please reach out to Public Image team via Email: publicimage@rotary9510.org

If you feel you have some skills that you would like to contribute to the District Public Image team please email us at publicimage@Rotary9510.org, whether it's to assist with fortnightly Facebook post, monthly newsletter/classified articles, Instagram etc we would love to hear from you please email publimage@rotary9510.org. As we're all volunteers and time is precious, we appreciate any time (big or small) and skills that you feel you can offer.

Public Image Chair: Julie Johnson (RC Adelaide)

M: 0401 251 693

From your District Protection Officer

Do you need a Working with Children Check (WWCC)?

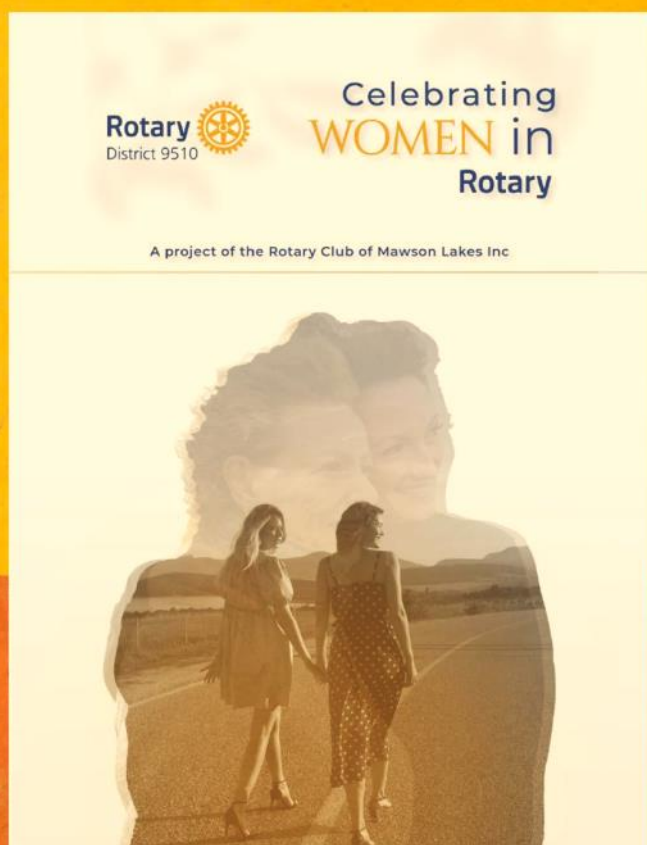

There still seems to be some confusion about whether or not D9510 Rotarians routinely need a WWCC Check.

The answer is that the **WWC CHECK IS NOT NEEDED** unless

You are submitting a Rotary Youth Volunteer Application, in which case the WWCC and its number is required by the DPO. (See Section 5.2 of the Master Protection Policy)

As a Rotarian who is a Responsible Adult you will be working with youth or vulnerable persons for **more than 7 days a year**. (See Section 5.3 of Master Protection Policy)

If you have any questions or queries about protection policy or matters in our District, or the role of your club's Protection Officer, please contact Mark Thomas, District Protection Officer, at either mthomas1947@bigpond.com or on **0401 671 850**.

Rotary District 9510 Website

book written by

This book was a 3 year project of the Rotary Club of Mawson Lakes precipitated by the 30th anniversary of women's right to join Rotary. It features 40 amazing women, celebrates their contributions to Rotary District 9510 (formerly Districts 9500 and 9520) and highlights the diverse contributions made by Rotarians to each other and to their communities. These women are inspiring and their ideas and experiences will help us to understand the way forward for Rotary.

Rotary Youth Sailing Challenge

Next Sailing Challenge: commences Sunday 9th October for 5 days. Cost \$950

Time to look and identify suitable applicants aged 15 –18 years. There are still some Cooper's Foundation Grants available on this voyage for clubs who have never previously sponsored.

For more information or assistance visit www.youthsailing.com.au or contact David Binks (0438 221 937) or Bill Walsh (0427 396 258)

THROUGH

The
Rotary
Foundation

THINK TAX TIME – THINK THE ROTARY FOUNDATION (even if you are retired and no longer pay tax)

Dear Rotarians, many of you are already passionate supporters of and donors to the Rotary Foundation – Rotary's own charity and for very important reasons. Not only is the Foundation consistently in the top 10 charities according to Charity Navigator, but also this is the charity that funds our District and Global Grants used to perform our work here and across the world.

We also continue the mission to eradicate Polio from the world and with just 2 cases so far this year we have hope that we are reaching the end goal. Whilst this may sound really close, remember that we still need to deliver 450 million doses of Polio vaccine per year to continue that journey.

As we reach the end of the Rotary Year many Rotary and community members will see their achievements acknowledged with a "Paul Harris Fellow" (PHF) Award which recognises your club or its members' donation of US\$1000 to the Foundation.

Some of you may think that you are unable to commit to \$100 a year to become a Centurion, or US\$1000 to become a member of the Paul Harris Society, but perhaps you haven't thought in terms of say a \$10 monthly direct debit (less than the cost of a cup of coffee per week) to also become a Centurion or \$120 per month to become a PHS member.

One-off donations, large or small are always welcome at any time, we simply encourage you to consider your own Rotary Foundation, when choosing where to put your charity dollar.

For others you may be searching for a way to make a more significant donation now or in the future, perhaps from your future estate and I would be happy to direct you to the right person from our RISPPPO office to help you organise this.

For our ongoing Centurion donors and Paul Harris Society members, we thank you for your continued support and this is of course a reminder for those who have not yet made this year's contribution that the end of year is fast approaching. To track your donations:

Go to **rotary.org**

Click on **Member Center** and log in

Click on the **V** at the right of your name in top right hand corner

Go to your **My Donations** which opens up the **Donor Self Service** page

Then on the right Click **Donor History Report**

It will slowly open up to "**View your contribution history**"

In "**Individual Reports**", click on "**Donor History Report**"

This will then show last year's and current year's donation in US DOLLARS and of course your total

On the right are your Recognition Points in US Dollars, every person's will vary even if they pay the same amount each year, depending on the exchange rate at the time they donated.

To donate visit **rotary9510.org** and download a form from the Rotary Foundation dropdown or alternatively use the Rotary Foundation link <https://my.rotary.org/en/donate>

Rotary Positive Peace Workshop

Saturday and Sunday 9 -10 July 2022

9.00am – 4.30pm

Join with Rotarians and Rotaractors from across the district for the first Rotary **Institute for Economics and Peace (IEP)** workshop to be held in Adelaide.

Saturday and Sunday 9 -10 July 2022 9.00am – 4.30pm

Further information: Heidi Unferdorben, Rotary Adelaide on 0427 479 498 or secretary@adelaiderotary.com.au

What is a Positive Peace Workshop?

Rotary's partnership with the [Institute for Economics and Peace \(IEP\)](#) enhances our peace and conflict resolution efforts with data-driven methodologies and tools. IEP has done the research on how countries create and sustain peace, and it's helping Rotary put this into action on the ground.

During the 2-day workshop you will discover the strategies and tools that can help Rotarians and Rotaractors like yourselves to build and sustain peace.

You'll be provided with an understanding of the Pillars of Positive Peace and be **empowered to go back to your clubs and communities as agents of change.**

The emphasis of the workshop is real actions, led by participants. You will be taken on a pathway of discovery of IEP research, using the research to develop real and practical projects, and how to implement them. There will be a strong focus on interactive activities that emphasis peer to peer learning and encourage everyone to engage.

As a result of participating in the workshop, participants will have the information and understanding to activate Positive Peace in their clubs and communities.

RING PULLS TRANSFORM LIVES

Did you know ...

- 1.5 million ring pulls weighs about 421 kgs!
- 26,000 ring pulls – just over 7 kgs - are needed to make a wheelchair!
- 3,000 ring pulls – less than 1 kg - are needed to make a pair of prosthetic legs!

FACTS ABOUT RING PULLS

They are sold to scrap metal merchants for aluminium scrap value.

Money is used to produce prosthetic limbs and wheelchairs, which are distributed free of charge.

THOSE LITTLE RING PULLS CAN TRANSFORM LIVES!

Simple ring pulls from drink cans can be used to transform the lives of people who have suffered disfigurement, whatever the cause.

And the Scouts and Girl Guides still can collect the cans and make money for their projects!

YOU CAN HELP!

Transform lives by collecting ring pulls for the Rotary Club of Barossa Valley.

Just remove the ring pull from each can before you take it to the recycling depot and pop them in a container, then when your container is full - any quantity is welcome! - contact us to arrange collection.

Rotary Club of Barossa Valley
secretary@barossavalleyrotary.org
 OR call Bryce on 0432 110 421

OR deliver your collection of ring pulls to
 IJF Australia, 41 Cormack Road, Wingfield.

Ask your family, friends, workmates and teammates to help the Rotary Club of Barossa Valley transform lives by collecting ring pulls!

FOOD HYGIENE & SAFETY - SAUSAGE SIZZLES

Sausage sizzles can be a great fundraiser for charities and community groups. By following a few basic guidelines you will ensure that the food served is safe to eat.

PREPARATION & STORAGE OF FOOD

- Store and transport uncooked meat, including sausages and meat patties, in a refrigerator or on ice in an esky until you are ready to cook them. This will help prevent contamination by dust and flies and the cool temperature will slow down the growth of bacteria.
- Meat is a high risk food, therefore must be stored either below 5C or above 60C.
- Slicing, marinating or skewering of raw meat products should be completed prior to leaving for the site.
- Food must be protected from flies, rodents and other insects as well as from the public.
- Raw food must be kept separated from cooked food to avoid cross contamination. Never place cooked meat back on trays that held raw meat.
- Food must be stored above ground level in clean containers with lids.

COOKING

- Use thin sausages rather than fat ones.
- Sausages are safe when they are cooked all the way through and this is easier to do with thin ones.
- Cook over moderate heat. This will help the meat to be cooked right through. Make sure the juices run clear and there is no pink meat in the middle.
- Food must be cooked at a high enough temperature to destroy bacteria. Make sure food is steaming hot – test the centre to see.
- Don't cook too much food at once. Cook food in small batches rather than one large batch.
- Keep cooked sausages on the BBQ hotplate above 60C and serve cooked food directly from the barbeque.

HANDWASHING FACILITIES

- Adequate hand washing facilities, including running water, soap and disposable paper towels must be available.
- Temporary food premises can provide running water by filling large water containers that have a tap valve at the base. Where possible, these containers should be filled with warm water. Another container (eg bucket) should be placed under the tap to collect the waste water and keep the site clean and dry.
- Hands must be washed thoroughly before preparing food, after handling raw meat and after visiting the toilet, wiping nose, touching hair, etc.

FOOD HANDLERS

- Do not handle food if suffering from gastroenteritis, coughs, colds or with uncovered or open sores.
- Keep all equipment and utensils thoroughly clean.
- Do not smoke whilst handling food.
- Food handlers must have clean protective clothing.
- Food handlers should not handle money at the same time as handling food. One person should be the cook and another designated to take the money.
- Use tongs, forks and other utensils to handle food. Bare hands must not come into contact with food which is to be consumed without any further heat processing.
- Food should be wrapped in a serviette before given to public.
- Rubbish should not be allowed to accumulate.

Courtesy Mitcham City Council
