THE FUTURE IS NOW!

When Clubs Delegates chosen me to be District Governor the 16th of April 2011, I didn't think that I will be responsible of "Future Vision" Plan launch in our District 7030.

We were successful in the first step: both District and all Clubs are certified!

Now, we have to assist our communities by supporting clubs projects: the District Foundation Committee will have a fundamental role this year in the implementation of the new grants system.

In addition of Rotary Foundation new process, we will have to success in a important work to have a transparent and comprehensive district: define Constitution and By-laws which the participation of any Rotarian in the District 7030.

The objectives shared in Granada will allow clubs and district leaders to have a guideline for better visibility and more efficiency of action of Rotary International in the Southern Caribbean and the three Guianas.

I thank each of you for the support that you have given me and for your commitment to serve above self.

ENGAGE ROTARY, CHANGE LIVES !

Baboneau Water Project

Extracted from « Roro 33 » RC Gros-Ilet Newsletter

For more than 45 years, Rotary Clubs in Saint Lucia have been very active across the island and work closely with communities to improve the quality of life for many, including those who are economically and socially disadvantaged.

In this logic, they decided to meet the needs of water supply of the region of Baboneau, rural community located north of St. Lucia, with a young population and growing.

In fact, this community with access to water one day a week, it is common to see women and children walking towards the top of the steep hillsides with buckets of water to collect water from the river.

Storms and hurricanes have made this unreliable and risky solution for health.

To cope with this great water crisis, the Rotary Clubs of Saint Lucia, with the support of the WASCO, participated in the project of establishment of a drinking water system to meet this need which will have an impact on the quality of life of the inhabitants of Baboneau.

District Constitution and By-Laws Process

by DG Hervé HONORE

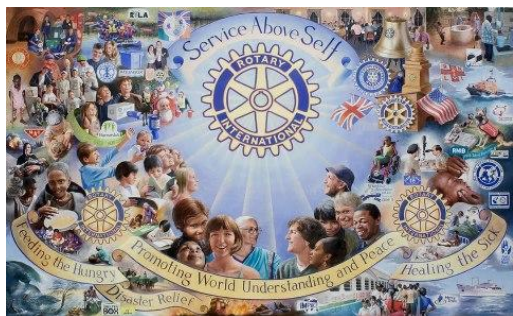

The proper functioning of our district must rely on rules and procedures known to all.

Like the District 7020 (North Caribbean Islands), which has similar characteristics to ours (insularity, multiplicity of countries, three languages, etc.), and closest to us to our District 7030 Rotaract clubs, it is time that we have Constitution and By-laws in RI District 7030.

Wishing to associate all Rotarians, the following process will be implemented so that at the next district conference (from 22nd to 26th April 2014 in Martinique), they can be ratified:

- July 2013: establish of a first draft by DG Hervé, DGE Elwin and DGN Milton with PDGs advices
- August/September 2013: clubs analyzes and amendments.
- **26th October 2013**: Council of Governors (DG, DGE, DGN, PDGs) et Clubs Presidents meeting to establish the Final Draft of Constitution and By-laws (in Barbados)
- November/December 2013: Draft approval by clubs during club assembly
- **26th April 2014**: District ratification during District Assembly.

At the end of this process, every Rotarian will know with transparency how our district is administered.
