# ANSWERING THE CALL TO SERVE

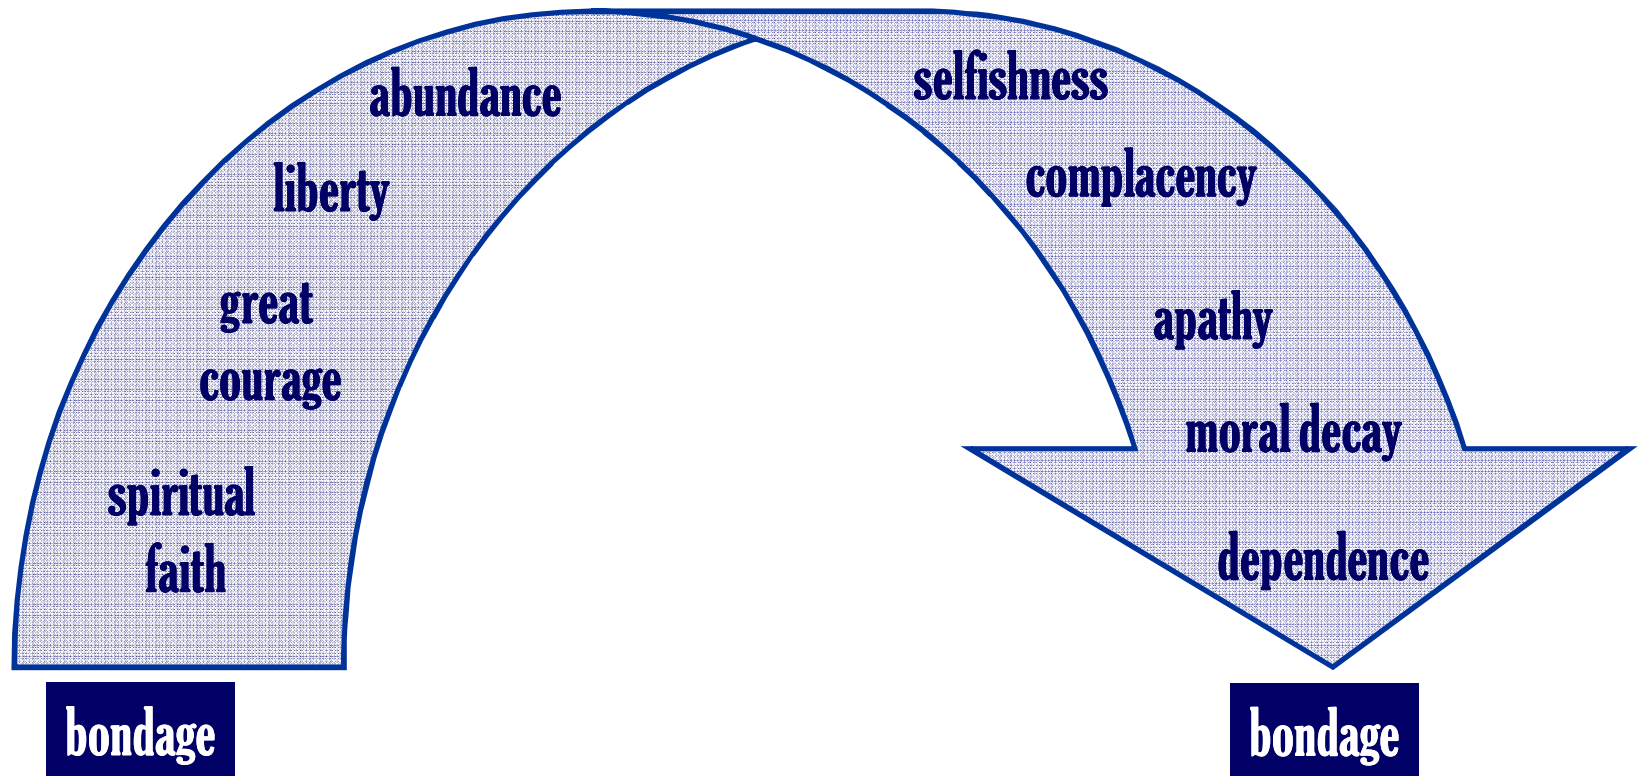

## Ancient Wisdom...

The thing we learn from history is that we do not learn from history.

# ANSWERING THE CALL TO SERVE

## Ancient Wisdom...

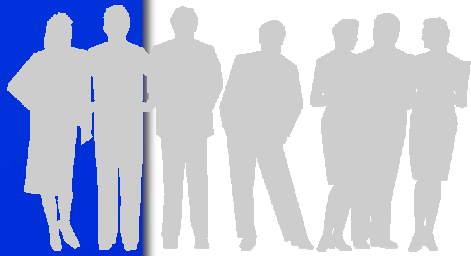

The worst thing about history is that every time it repeats itself, the price goes up.

## Why Stand In The Gap?

It Is Wise Self-Interest

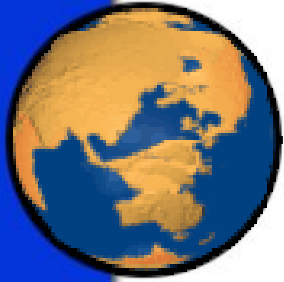

A man who is wrapped up in himself  
makes a very small bundle - Proverb

Lose yourself in generous service and  
every day can be a most unusual day,  
a triumphant day, an abundantly  
rewarding day!

William Arthur Ward

## Why Stand In The Gap?

You are not here merely to make a living. You are here in order to enable the world to live more amply, with greater vision, with a finer spirit of hope and achievement. You are here to enrich the world, and you impoverish yourself if you forget the errand.

- Thomas Woodrow Wilson

## Four Questions

Who am I?

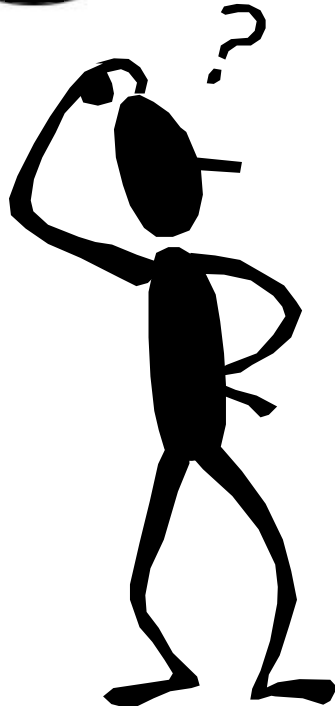

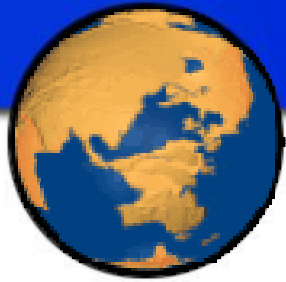

Why am I here?

What can I do?

What is going to be the evidence I was here?

## Potential

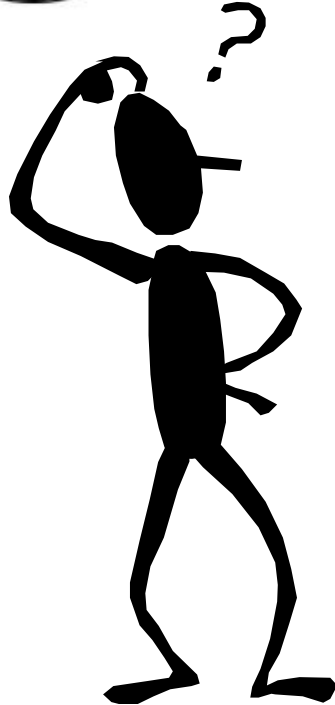

# So Who Am I?

Committing yourself is a way of finding out who you are. A man finds his identity by identifying. A man's identity is not best thought of as the way in which he is separated from his fellows but the way in which he is united with them.

- Robert Terwilliger

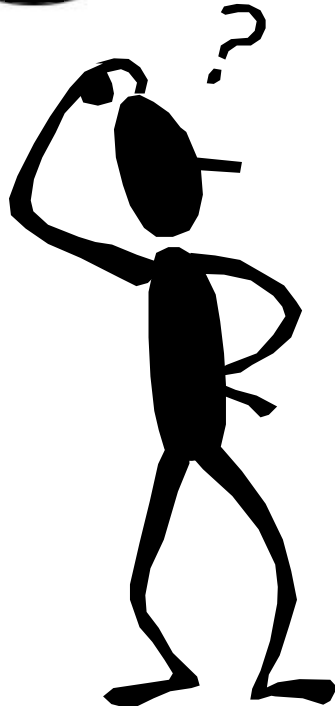

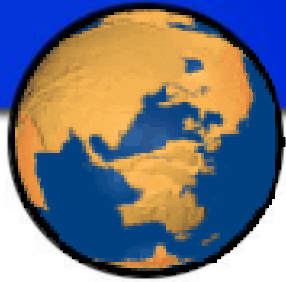

# Why Am I Here?

**It concerns us to know the purposes we seek in life, for then, like archers aiming at a definite mark, we shall be more likely to attain what we want.**

**- Aristotle**

## What Can I Do?

**“Deep within man dwell those slumbering powers;  
powers that would astonish him, that he never  
dreamed of possessing; forces that would  
revolutionize his life if aroused and put into action.”**

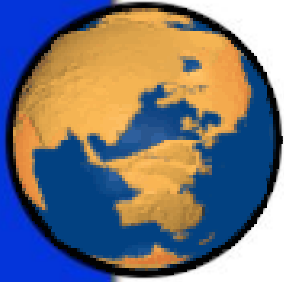

**- Orison Swett Marden**

## **What Is Going To Be The Evidence I Was Here?**

**No man leaves the world in all things as he finds it. The way of life which he was instrumental in forging may go on from century to century as forces for good or evil, doing their work of happiness or misery, blessing or cursing that area that has now lost all record of his memory.**

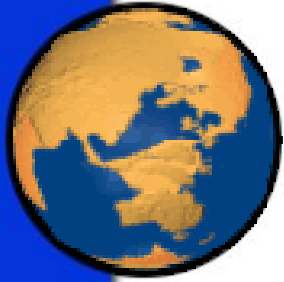

**- unknown**

# The Power of Agreement

We are powerful. We are wise.  
We are resourceful.  
And if we stand together now we can  
create the vision we have for our world  
... beginning with our own daily lives.
