**Subject:** MLGCC COVID 19 update

Members,

At a press conference held on Saturday, the Prime Minister outlined a number of adjustments to the Covid 19 Mitigation Protocols which have bearing on the activities of the Golf Club and which come into effect from today, Monday August 17. Fortunately, golf, being a non contact sport, have allowed us to stay open but according to the regulation #143 released on August 16 2020, section 3 (b) "operation of a club as defined in section 2 of the Registration of Club Act" we have to revert to certain protocols which were in place previously.

Please see below for your urgent attention:

### **GOLF CARTS**

Starting today, Monday August 17, carts will revert to single riders only.

Carts will be available on a first come, first served basis. At no time will carts be reserved.

All members using motorised carts must sign the cart agreement before usage.

**Other players from the group without cart privileges are not allowed to place their bags or ride on the cart (Please note that if this rule is not adhered to, the cart will be returned to the clubhouse with immediate effect without refund). Subsequent violations of the rules will result in cart privileges of members being suspended.**

**All carts must be returned to the Clubhouse no later than 6:15 PM for proper sanitising.**

After use, please park the carts facing east close to the large garbage disposals and remove all items from the cart.

Carts will be sanitised after every use but we also encourage players to use their own sanitisers.

**Golf Marshals are authorised to ensure that these guidelines are followed.**
