

District 7815 One Magical Project Criteria

Each club has been tasked to feature One Magical Project to can increase its impact, enhance participant engagement, and expand its reach within the community.

The following is the criteria used to assess each project and to provide guidance in your project development.

1. Project Goals & Objectives

Community assessment completed: YES | NO

Are goals achievable: YES | NO

Define project objectives:	
Describe in detail the issue that this project will address:	
Project timeline:	

2. Community Involvement & Support

Describe the community's involvement in project planning, execution, and evaluation?	
List key stakeholders involved (you can also provide a summary)	

<p>Does the project consider diverse groups/needs within the community i.e. marginalized groups?</p>	

3. Funding Model

Explain project's financial viability and resource availability.

4. Implementation Strategy

Provide detailed plan with clear timeline and milestones?

Describe project's leadership team and governance structure guiding its development and implementation/execution.

Highlight any potential risks and contingency plans.

5. Community Impact & Sustainability

Describe the impact to continued community development. Can the project be expanded or adapted to benefit additional communities?

Can the project's benefits be sustained over time beyond initial funding, if applicable?

Describe any improvements on the quality of life for the community (e.g., education, health, safety).

Will the project provide economic benefits, such as job creation or skills development?

Additional benefits identified?

6. Evaluation

Describe how you are tracking the project's progress and success.

Are you keeping stakeholders informed on project's status? What's the feedback process?

7. Collaborations

Describe any collaborations with local groups, other Rotary clubs.

8. Creativity & Innovation

Does your project offer innovative solutions/approaches to addressing community challenges?

9. Lessons Learned

Describe best practices, strategies, and lessons learned throughout the process.

Summary

As you get ready to showcase your project, we encourage you to upload your completed project in the Service Project Center (formerly Rotary Showcase).

To participate in the district's project contest, you can provide a project summary in any of the following ways:

- One-page visual (flyer)
- Poster Presentation
- PowerPoint Presentation
- Video Presentation
- Brochure/Pamphlet
