Submit a Project

Please read carefully before submitting a project.

Projects on this website are usually submitted by a Rotarian from the project primary club.

You can submit a new project to be published on this website. You should do so if you want to go through your district approval process. Your project will be included in the [Main List](#) and anybody can review the project description. You will be notified by email when your project has moved to the next level in the approval process, or when you are requested to do something.

When submitting a new project, make sure you include a complete description. Only projects with a detailed description will be accepted on this site. Give us an email address that you check very often, as this is the only way you will be notified when changes are made to your project. You can submit pictures and other supporting documents to describe your project.

Before you begin, please be familiar with the [Terms and Conditions for Rotary Foundation District Grants and Global Grants](#).
