## Embracing Yorktown Rotary

### Signature Projects

Our club has participated in many worthy projects since we were chartered in 1949. The two profiled here show what Rotary is all about.

The Gift of Life began as a project, in 1975, as a project of the Manhasset Club and in 2008 celebrated saving the 10,000 child, born with a congenital heart defect. We, in partnership with the Bronx Club continued with this wonderful mission by sponsoring a 6 year old boy named Nisar from Kosovo. He and his father spoke no English; fortunately there was an Albanian family with whom they could stay. Nisar had his surgery in early December and the surgeon indicated that the prognosis was excellent.

Several Yorktown Club members visited him to bring our good wishes the day after the operation, but Nisar was not able to appreciate the gift of a toy truck, at that time, according to a *Journal News* article of December 12.

Nisar made a good recovery and he and his Dad returned to Kosovo in January. We are so happy and proud that we were instrumental in giving this child a chance at a long and productive life and we are sure that Nisar is enjoying his ability to play like other children. Perhaps with a toy truck?

Rolling along to our ongoing International project - Wheelchairs for Mexico. So many people - of all ages - are not only physically disabled, but economically disadvantaged. The Rotary Club of Moralia responded to our outreach and with the aid of the Mexican Air Force the Yorktown Club Representatives were able to

deliver wheelchairs in 2009 and 2010 to those in need who live in and around this town situated in central Mexico..

Wheelchairs were taken to some because they had no way of going into the town of Moral to receive them. It was reported that the recipients were, at first awe struck and then so very happy because they were no longer immobile, but mobile! The Moral Rotarians were generous not only to the Yorktown Rotarians, but to the recipients by giving of their time and resources to accomplish the beginning of "Operation Wheelchair".

We fund this project through donations and various fund raisers, many of which have been food-related ( very delicious food!) and we are planning more. One wheelchair costs \$150. and we are slowly but surely building our reserve. The goal - to qualify for a matching grant.

*Operation Wheelchair is the fruitful result of collaboration between Yorktown Rotary and Moral Rotary in Mexico where the wheelchairs were distributed.*

Speakers at the ceremony included NY State Governor Andrew Cuomo, U.S. Congresswoman Nan Hayworth, Mt. Kisco Mayor Michael Cindrich among others.

This past year, one of the highlights of our fundraising efforts was "Tastes of Northern Westchester," held this past May 12. Spearheaded by Club members Carl Weinberg and Judith Simon, this event raised nearly \$40,000 for Northern Westchester Hospital's IMNF (Institute for Music and Neurologic Function) program for the treatment of Patients suffering with Alzheimer's, Dementia, TBI and other chronic illnesses. This event proved to be not only financially successful, but also a wonderful evening of music, food, wine and dance enjoyed by over 100 people helping raise money for a very worthy cause.

Upcoming events include our annual Pancake Breakfast which will be held October 29, 2011 at the Mt. Kisco Holiday Inn. All are encouraged to attend.
