District Conference Golf Tournament at The Club at Shannondell

Formerly known as the General Washington Golf Course, this renovated, manicured regulation course fronts on Egypt Road in Audubon (11 minutes from the Sheraton), now plays slightly over 6,100 yards from the back tees. Wide, gentle rolling fairways appear forgiving but well-placed hazards, pitched greens and a higher cut rough challenge all levels of play, and demand well placed shots. Both players and the press like what they find. *GolfLink* recently ranked The Club

at Shannondell one of the 25 Best Golf Courses in Pennsylvania. In addition, *Golf Digest* named the Club's course to its "Best Places to Play" list.

Your Golf Committee calls it "The most beautiful Golf Course in Valley Forge Area!" and a "fun place to play." Conference-going golfers do not want

The company was founded in 1919 by Gretchen's grandfather and has been located in Westchester County since the 1930's and was run by Gretchen's father, a Rotarian for over 50 years, from the 1950's until 2000.

Gretchen has a degree in

Engineering from Bucknell University and started working at Zierick when she was 15. She is active in her trade association, the Precision Metalforming Association and served as its Chair in 2010. Gretchen lives in northern New Jersey with her husband Art Portmore. They met at the Winter Mountaineering School run by the Adirondack and Appalachian Mountain Clubs. Together they enjoy outdoor activities including hiking, backpacking, kayaking, snowshoeing and skiing.

Gretchen is the proud "parent" of two horses, rides often and occasionally shows in dressage. She is an enthusiastic supporter of the Foxlair Equestrians, the 4H Club at the barn where her horses board.

Gretchen joined Rotary in 2012, taking her father's place as a member of the Mount Kisco Rotary Club. She thinks

the best thing about belonging to Rotary is the connection to the community, as the Mt. Kisco Rotary believes strongly in local projects. Her goal as Club President is to grow the endowment of the Mount Kisco Rotary Foundation.

Eric Livergood Rotary Club of Wall Street

Meet **Eric Livergood**, President of the Rotary Club of Wall Street. Eric was born and raised in Wheaton, IL when Ronald Reagan was president and won re-election again Walter Mondale later that year. Apple introduced the first Macintosh computer. There was trouble in Lebanon during the year of Eric's birth when the CIA station chief in Beirut was kidnapped.

After graduation from Wheaton

High School in 2002, Eric was graduated from University of Illinois at Urbana-Champaign, Class of 2006, with a degree in Computer Engineering.

Today, in his spare time, he pursues a plethora of activities that would stagger most people. In addition to playing golf, he runs, swims and bikes in Triathlons, enjoys writing software and video games, plays fantasy football and fantasy baseball, plus enjoys Punk, Hip hop, electronic music. Service above Self is reflected in Eric's hobbies, too. He teaches computer science to high school students using a program called ScriptEd.

Eric's professional life began in New York from 2006-2012. He was a Database Engineer with CapitalIQ where he wrote software, managed other engineers and led campus recruiting efforts. Currently, he is the Director of Innovations and Infrastructure at Blackstone and writes software to automate infrastructure. He continues to lead campus recruiting efforts for Blackstone.

Rotary plays a role in Eric's family life, too. In 2011, he and Chrissy were married and Chrissy is President-Elect of the Rotary Club of Wall Street. This is continuity of leadership at the fullest! Their

'progeny' at this time, are Bailey, 11 and Wilbur, 3 – both puggles (as in dogs).

Eric's response to 'What do you like best about Rotary?' is inspiring to this writer. "I like what a fantastic avenue it is for me to give back. Our club has made it so incredibly simple for me to make a difference in the lives of others." Well said, Eric, and thank you for your membership, service and leadership.

What is "The World's Greatest Meal"?

Rotarians all over the world are raising money for the final push in polio eradication by taking part in The World's Greatest Meal to Help End Polio.

Those who sign up to The World's Greatest Meal are being asked to share a meal with their club members, friends, family or work colleagues in any way that they can get together. During the meal, donations will be sought for the End Polio Now campaign. Participants may wish to hold a frugal meal in place of a full meal with the difference in cost being donated. Alternatively, they may invite friends and neighbours round for tea or coffee in return for a donation – the ideas and outcomes are limitless.

The World's Greatest Meal was the brainchild of two Rotarians from either side of the globe – Mukesh Malhotra of the Rotary Club of Hounslow and Susanne Rea of the Rotary Club of Cairns Sunrise in Australia. The idea was launched on Facebook just before Christmas and has already attracted almost three thousand members from Rotary clubs spanning five continents.

Latif Named as Ambassador of "The World's Greatest Meal"

"What one thinks and says must show in his deeds," states **Shahid (Shaw) Latif**, Yonkers-East Yonkers Rotary. Shaw has been named Ambassador of World's Greatest Meal by Susanne Rea, Rotary International Chair and Founder of this Project. In order to set a true example to others, Susanne has "adopted" Shaw's quote.

Upon their meeting in April, Shaw was inspired by her discussion of polio eradication worldwide, and he has been doing his part to raise funds for this disease. Personally, he has already begun his contributions – matching tips in restaurants, paying \$1 for each guest at a meeting, offering matching funds, among others. Shaw is in the process of planning a dinner, and he will try to have Bill Gates as a keynote speaker at that time. Bill Gates has made major contributions towards the Polio Eradication program worldwide.

It is Shaw's goal that every Rotary Club worldwide would have members donate \$1 each month. This could result in over \$1 million a month, or \$12 million annually. Shaw is truly an example of "Service Above Self." www.eastyonkersrotary.org

Congratulations to Dan, Marie and Lynne.

Challenge The Leader Inside

Don Nelson

By Don Nelson,
LCSW

I was honored to be the keynote speaker at the Rotary Club of Wall Street on Wed. evening Sept. 10. I focused on self-awareness, a key theme of my book, *Challenge The Leader Inside*. Not an easy concept to deliver in just 20 minutes. As I said on that evening I will be symbolically tossing the flat stone across the deep lake, touching on important issues just enough to spark an interest.

One of the main points I made was that we have more choices in how we feel and think when we expand our self-awareness. And we have more choices in how we communicate with others. These are very important ideas when we consider striving to become more Genuine Leaders.

The first step is being able to identify troubling thoughts and feelings that we have and suspending the impulse to discharge them so quickly. For example when we feel rejected or hurt the tendency often is to get back at the other person and show them. This could lead to avoiding them or excess aggression.

If it's a significant relationship such as a mate, friend, family member or boss we might set something in motion that we will later regret. And if we are in a leadership position it could be detrimental to the organization.

Next month I'll discuss more on how we can communicate with others when in the grip of unpleasant thoughts and feelings. Having more choices. That's the key.

DG Visit at RC of Staten Island

All the Staten Island Clubs were visited from September 4 to 11th. While our SI clubs are reflected on all the other clubs attended to that point, I appreciate the collective spirit that they showed to the DG Official Visit. Also, to this date, every club president, except one so far, has participated in the "Ice Bucket Challenge," too! The group photo here was taken at the Staten Island Club that met at an interim location on Snug Island. Pictured l. to r. are **PDG Don Lee**, President **Linda Baran**, **DG David** with speaker's certificate, **MaryLee Montalvo** and President-Elect **Frank Scarangelo**.

In recognition of the DG speaking to their club, the fun loving South Shore Rotarians presented a left over coonskin cap to DG David. It was received with true appreciation. Pictured are President **Brian Benevento** (middle) and Immediate Past President and jokester, **Leroy Nagengast**. (Ask Leroy about the Richard Simmons). Note: Thanks to the Past President **Mitchell Lowell**, who started and carries forward a tradition of Annual Giving excellence. The South Shore Rotary Club was a 100% EREY Club in 2012-13, a 100% Sustaining Member Club in 2013-14 and has made a continuing commitment to itself for 2014-15. You're the best!

Sebastopol, CA Rotary Club Visited

DG David Visiting Sebastopol CA Club and meeting President, Ron Puccinelli.

Rotary has always encouraged members to visit other club as a way to enrich our own Rotary membership and perhaps pick up new ideas for our own club. DG David visited one of his favorite Rotary Clubs in Sebastopol, CA.

How a 106 member club honors its 378 Paul Harris Fellows.

The Club is in his former district and in a community of 7,800 people. The 106 member Rotary Club is the 'parent club' of the Sebastopol 'Sunrise' Club that has 60 members. One idea noted was how the past and present Paul Harris Fellows are recognized each week. www.Sebastopolrotary.org.
