

# Rotary Rotary Global or Peace Scholarships for 2017-18

## 1. **Global Grant Scholarship**

Global grants support scholarships for graduate students studying abroad in one of the six areas of focus.

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development

Scholarships range from one to four years and therefore can include an entire degree program. Prospective scholars must show proof of admission to the chosen university before the grant will be approved.

Global grant scholars are expected to participate in club or district activities before, during, and after the scholarship.

Global grant scholarships are funded using cash and/or the District Designated Fund, matched by the World Fund. The global grant budget must total at least US\$30,000, but a scholarship may be a component of a larger grant application — for example, a scholarship plus a humanitarian project.

## 2. **Peace Fellowship**

Each year, Rotary International selects up to 100 individuals from around the world to receive fully funded academic fellowships at one of our peace centers. These fellowships cover tuition and fees, room and board, round-trip transportation, and all internship and field-study expenses.

### **Master's degree**

We offer master's degree fellowships at premier universities in fields related to peace and conflict prevention and resolution. Programs last 15 to 24 months and require a practical internship of two to three months during the academic break. Each year, we award up to 50 master's degree fellowships at these institutions:

- Duke University and University of North Carolina at Chapel Hill, USA
- International Christian University, Japan
- University of Bradford, England
- University of Queensland, Australia
- Uppsala University, Sweden

### **Professional development certificate**

For experienced professionals working in peace-related fields who want to enhance their professional skills, a three-month program in peace and conflict prevention and resolution at Chulalongkorn University in Thailand is offered. This program incorporates two to three weeks of field study.
