We are making this economic development project possible with a Rotary Foundation Global Grant! The project Rotarians are PDG Ina Winter (Hot Springs), PDG Linda Peterson and former Peace Corps Tom Katus (Rapid City Rushmore) worked for over a year to assess local artists, gather equipment costs, supplies list, and secure the training element. We added international Rotary partners with India, Australia, Greece and Mexico, and US Districts in Vermont and Texas, plus our DDF to make a \$57,575 global grant from The Rotary Foundation, approved August 2020. The first year's progress report has been submitted to Rotary Foundation.

#### What does the grant include?

**Equip the Artists and Craftspeople** to directly impact these beneficiaries by supplying needed tools and equipment to produce their art. Five centers situated inside the building include: Quilting & Beading, Painting & Drawing, Photography, Leather Working, and a Conference room. A Gallery of art will be in the front and supply store areas. A separate building on the property has been purchased by Whiteclay Makerspace for the Workshop and Silk Screen equipment. Much of the larger power tools have been donated.

**Stand up a Supply Store** to provide an initial stock of the type of supplies used by local artists. Paints, canvas, bolts of cloth, batting, and a large inventory of beads have been purchased with the grant. The artists, residents and general public may buy supplies, which sustains the project.

**Provide Training** to help artists succeed in developing their small businesses of art production with business practices, financial matters, online marketing, computer skills, and professional development. First Peoples Fund is providing two Native trainers to lead business classes, to be held in-person late 2022.
