

## Who is considered the founder of The Rotary Foundation?

## How many people were afflicted by polio each year when the Global Polio Eradication Initiative started in 1988?

You can find answers to these questions — and much more — in “Doing Good in the World: The Inspiring Story of The Rotary Foundation’s First 100 Years.” Written by David Forward, 2015-16 district governor, and illustrated with striking photographs, this book tells the fascinating tale of how determination and generosity turned an initial contribution of \$26.50 into a leading humanitarian organization.

The 328-page cloth-bound edition is available for \$40, and a limited-edition, leather-bound copy for \$100.
